DR. C. A. HUGHES!

The Celebrated Specialist in Diseases of the

STOMACH

In the Department of **Gynaecology or Diseases of Women**

DR. HUGHES' Eye and Ear Department

Is very ably represented, he having formerly been an Eye and Ear Specialist in the East and his Universal success in the treatment of all diseases of the Eye and Ear is mainly due to his skill and exact knowledge of the structure of the eye and ear, and cases which baffled the best efforts of general practitioners of medicine become very simple and easy of diagnosis and treatment to one of Dr. Hughes' experience and skill as a former specialist in this very important department of medicine and surgery. Several very delicate and skillful operations were performed in the ear department, while in Duluth, one of the most difficult of these being given below:

To Dr. C. A. Hughes—I wish to extend my sincere thanks for the skillful operation that he performed in extracting the encysted tumor that has been the cause of so much difficulty with my hearing. Hoping that others who are suffering from any chronic complaints will get speedy relief through the hands of a good specialist, I remain most truly,

R. G. MURRAY, Chief Explorer and Mining Expert for J. B. Wolfe & Co.

Duluth, March 4, 1884.—I have been at times quite deaf from ear disease called nervous deafness with neuralgia of the heart and face and could not get any help from treatment till I took Dr. Hughes' medicine which stopped my neuralgia in a few days, and my hearing is growing better very fast. MRS. E. C. JOHNSON, Lake Avenue, Duluth.

Chicago, Ill., October 30, 1883.—I was afflicted for several months with a form of ear trouble known as throat deafness, being certain times each day quite deaf, and during a pleasure tour to the northwest I was induced by a friend to call on Dr. Hughes who diagnosed and treated my case, curing the chronic inflammation in my throat and restoring my hearing in a short time. COL. E. C. CLARK, 71

Strictly Scientific Physician in America,

Who has ever taken up this most important of all branches of medicine as a specialty, which includes all Stomach and Intestinal disorders, constipation, piles, liver, kidney and genito-urinary diseases, nervous prostration, general debility and spinal diseases; all the results of loss of or impaired function of the organs which constitute the great elements of nutrition in the human body.

Duluth, March 11, 1884.—I would like to say a word in favor of Dr. C. A. Hughes who has during his visit to Duluth done much towards curing me of an obstinate case of sour stomach and other derangements of the digestive organs of many years standing. Much of the relief I have experienced has come from the use of Dr. Hughes' Stomach Tonic which seems to be a specific for that class of diseases. L. G. MORBY, Adv. Manager Duluth Evening Herald.

St. Paul, February 20, 1884.—Appreciating highly the very able services rendered by Dr. C. A. Hughes in my wife's case during her recent illness from a diseased stomach and other painful conditions of all of which he cured her, it affords me great pleasure to bear testimony to his ability as a physician and specialist. C. D. LONG, Agent Diamond Joe Line Steamers between St. Paul and St. Louis.

Dr. Hughes has had a wide experience and observation, having been for a number of years associated with one of the most eminent and able gynaecologists in this country; one who has for many years treated diseases of women exclusively and as a specialist in this important branch of medicine and surgery has no superior. It is from such high sources that Dr. Hughes has obtained the very gems of curative remedies which he now offers to suffering humanity among women.

The names of patients in this department are not given to the public. Cases in Duluth: Mrs. — who had suffered from most intolerable headache, feeling of weight or bearing down in the hips and lower part of the abdomen, palpitation of the heart, dizziness, headache, sleeplessness and nervous exhaustion, all due to uterine disease. This patient was cured of the headache and most of the above conditions in less than one week by internal treatment alone.

Miss — had suffered untold agony from dysmenorrhoea or painful menstruation for four years. She took internal remedies one week before menstrual period and experienced very little difficulty being able to walk about instead of taking her bed for a number of days as formerly.

All of the above class of cases should take treatment constantly for at least one month in order to get entire relief.

Dr. Hughes has a treatment that never fails to cure pimples on the face of young ladies. Dr. Hughes has a special treatment for every variety of headache from which ladies suffer.

SPECIALIST!

FREE-CONSULTATION-FREE

Hazel St. Louis, Duluth, Minn., March 11, 1884.
Mr. Ed. R. Farnow, Brainerd, Minn. Dear Sir,—Introducing Dr. C. A. Hughes to you and to the citizens of Brainerd I can also recommend him as a revolution and physician, fully competent and able to do all that he professes and you will find that he will give entire satisfaction in the treatment of any patients you may direct to him. Any favors shown the Doctor will be highly appreciated by your old friend,
C. D. LONG.

Duluth, Minn., March 11th, 1884.—To the members of the Press and public generally:
Dr. C. A. Hughes is known to us personally as a man highly honorable; he pays all his bills promptly, is a thorough gentleman and a first-class physician, and during his stay in Duluth has been employed by our best citizens who speak in the highest terms in their praise of his professional skill in the diagnosis and treatment of difficult diseases in his specialty, he having performed some notable cures. Dr. Hughes is fully entitled to the confidence of the press and public.
W. L. BUNNELL,
Editor Duluth Evening Herald.
