Cream Baking Powder

Will give better results. Simply use one teaspoonful of Dr. Price's Gream Baking Powder to each pint of flour, or in the proportion of two teaspoonfuls to every pound of flour. How to avoid Alum and Ammonia Baking Powders: First, All powders offered at twenty-five cents or less a pound can safely be discarded as Alum, for a Pure Cream of Tartar Powder cannot be sold at such price. Second, Avoid all brands labeled "Absolutely Pure." Chemical analysis, as revealed by the Scientific American report, proved that brands so labeled contained, in every instance, either Ammonia or Alum. The first aim of a dishonest manufacturer is to deceive by his label.

Dr. Price's Cream Baking Powder

not only does finer and better work, but its purity has never
