

FLAG RAISING AT HONOLULU

ON AUG. 12 THE STARS AND STRIPES FLOATED OVER HAWAIIAN ISLANDS.

The Ceremony Is Quite Impassioned—The Emotions of Many Who Were Born and Had Lived Under the Hawaiian Flag Were Solemnnized—The Picture Presented Was Most Interesting—The Military and Naval Display Was Fine—Officers Know-All Received the Islands on Behalf of the United States.

San Francisco, Aug. 21.—Presidents at eight minutes to twelve o'clock today the Hawaiian flag descended from the flagpoles on all the government buildings and exactly at five minutes to the same hour the stars and stripes floated on the tropical breeze from every official flagstaff.

The ceremony of today was a most impressive one. To those who strain to see "Hawaii" for the last time as a "Hawaiian" nation, the flag blowing from the Hawaiian ensign was a picture of emotion and to those who had seen the flag and had had their hearts under it, it was solemn.

But there came the brief call for the playing of Old Glory and the strains of "The Star-Spangled Banner" broke forth as that banner was unfurled to the breeze and as it floated in the breeze a few minutes before bright and light shone upon the stars and stripes as they blew out. The picture presented in the streets and around the government buildings and around the harbor was one of colors of every variety of a national sentiment.

At Honolulu, the ceremony was presided over by the military and naval display was fine. Hawaiian troops, United States Marines, mounted police, the police and the citizens gave prominence to the picture of the ceremony and the veranda of the executive building were gay with light summer dresses, dancing features and ribbons and the brightest faces that Honolulu possesses. As soon as President Jole and his cabinet came from the executive building to the platform, the military of the supreme court followed them Admiral J. S. Miller and Gen. H. H. Henshaw. President Jole and his cabinet came from the platform followed by the military of the supreme court and the military of the supreme court.

Following the reading of the proclamation, Minister Sewall made an address congratulating the residents of Hawaii upon the accomplishment of annexation.

WILL HAVE FELL POWER.

Commissioners Will Rule Cuba and Porto Rico.

Washington, Aug. 20.—The most important subject before the cabinet meeting yesterday was the instructions to be given to the Cuban and Porto Rico military commissions. A set of instructions in each case has been prepared and were read at the meeting, but as they were found not to conform in several particulars with the views of the cabinet they will be reworked in somewhat different lines within the next two or three days and presented to the president for his approval. It is said that these instructions will deal almost entirely with matters of detail. The commissions will be charged with providing the troops for garrisons of the cities and towns as rapidly as the Spanish forces are withdrawn; the collection of customs and other revenues and the maintenance of public services. They will receive public property surrendered by the Spaniards and exercise all functions of government until the president shall otherwise direct. It is believed that the commissions to both Cuba and Porto Rico will be ready to set out for their posts of duty within the next few days.

FRICITION IS DISAPPEARING

AGUINALDO AND THE AMERICANS ON BETTER TERMS.

At Puerto Rico the Insurgents Feared Gen. Merritt and Gen. Anderson Would Adopt March Methods Like the Spaniards—But the Great Confidence in Dewey, When They Feared as a Father-Worthy Philippine Are in Favor of the United States Retaining the Archipelago—No Trouble Is Feared From the Insurgents If This Policy Is Followed.

London, Aug. 20.—The Associated press bears that the Philippine junta in London has received a dispatch from Manila announcing that matters there are rapidly quieting down and that the friction between Aguinaldo and the Americans is disappearing. According to the junta's advice the insurgents for a time regarded Gen. Merritt and Gen. Anderson as marching and fighting in the same method like the Spaniards, toward the Philippine archipelago. The junta, however, has had the greatest confidence in Dewey, when they feared as a father-worthy Philippine are in favor of the United States retaining the Archipelago.

Hos. A. N. Dana, of Elk River, who was defeated for the senatorial nomination in his district by the peculiar action of his supposed Anoka friends has decided to accept the nomination for representative and his friends all over the state are congratulating him and the district for the decision. Mr. Dana's friends will make a campaign for him for speaker of the next session.

The volunteers who offered their services to the country were ready and willing to fight and sacrifice their lives if necessary, but now that the war is over they prefer their homes and usual occupations to garrison duty. While some of the high salaried officers are anxious to keep in the service the privates are protesting against being held and their desire to be released should be respected.

Do Your Trading at Home.

Did you ever realize that when you go to the twin cities to purchase goods that you could get just as well at home, that you are working against your own best interests, says the Northfield News. The man who pays you your money is trying to build up a good business in your own city and be patronized by the expectation of helping you and you are doing an injustice to him and your own city and interests by going to the cities and doing your trading. Co-operation and the general working together of the business and professional men in the town is what makes a prosper. Each one of us is dependent upon the other; it is a hand in hand deal all through. Twin city merchants are sending out every conceivable bait to get the buyers from the small towns and small cities to trade with them. If you do not care to concentrate everything into the hands of a few downtown stores in the twin cities, if you want to build up and keep a prosperous growing city you should remember that every dollar helps and leave it where it will benefit yourself and neighbor.

What Bendigo Expects.

The Bendigo Pioneer says that it has been known for some time that the Brainerd & Northern intended to complete its line to the shores of Lake Itasca this fall, there to handle all the logs of the tributary pine lands in northern Hubbard and northern Bottwin counties. The road has already covered 25 acres of ground on the east side of Lake Itasca for transfer grounds, round house and other purposes, and will at once put contractors at work grading the land for use. The engineers are now in the field locating the line from the end of the present grade to the Lake Itasca grounds, and as soon as the survey is completed the contractors will take the field. This has been definitely determined. This, of course, a practical admission by all the leading lumber firms of Minneapolis, and more especially by Messrs. Pillsbury and Walker and the Brainerd & Northern combination, that Bendigo is to be the future headquarters for all their interests in Northern Minnesota.

Annual W. C. T. U. Report.

Twenty-three meetings have been held with an average attendance of six members and twenty-three visitors were present during the year. Five coffee were given, three red letter days were observed, viz: Memorial day for Miss Francis Willard, the birthplace of our state president candidate, Mrs. Harriet A. Hobart and Good Friday. Two public lectures were given under the auspices of the Union. A beautiful picture of Miss Willard was purchased to be placed in the room in which our meetings are held. Mrs. Alice White, superintendent out of the department of local benevolence, reports having expended \$7.50 in helping place a poor woman in the hospital. One dollar was given to a poor lady to help pay her railroad fare to a point where her friends reside. Twenty-five cents was given to an American missionary, fifteen cents to a poor woman and twenty-five cents worth of fruit to an inmate of the local house. Five dollar worth and four large bundles of clothing were given to the poor.

Mrs. Jessie Smith, superintendent of good and hospital work, reports having distributed at the hospital 324 pages of literature, 21 papers, 12 magazines, 7 books, 21 bouquets and 65 leaflets. At the goal there has been distributed 2171 pages of literature, ten texts, 45 papers, 5 books, 21 leaflets and 12 magazines.

The treasurer reports \$107.06 as whole amount of money raised during the year, all of which has been expended in the work.

We cordially solicit the attention of the ladies and we would like to secure as many new members as possible so that we may do twice this amount of work next year.

The party left on the 5 p. m. train for the west and will spend three weeks in a trip over the entire system.

Food for Thought.

There are some figures and facts that are always interesting. Royal Baking Powder is shown by the U. S. Government tests to yield 100% cubic inches of leavening power per ounce, a much greater strength than was found in any other powder. The same powders were shown to yield about 69 cubic inches.

It is not economy to use the Royal even though the tin tin powders should cost but a nickel.

Again, Royal is a pure cream of tartar baking powder, recommended by health officers and physicians because the food raised by it is rendered more digestible and healthful. Alum baking powders are condemned by physicians and household health as unwholesome. Their continued use will eventually cause serious digestive troubles.

Therefore there is both health and economy in the use of the Royal. It is not imperative, the actual wholesomeness of the food being at stake, that you should stubbornly reject the injurious and employ the healthful agent.

Brainerd Gets the Great Council. The delegates from the local lodge of Red Men to the meeting of the Great Council at Winona returned on Wednesday and brought with them the news that they had been successful in their efforts to get the next annual meeting for Brainerd. The session just closed was a very interesting one, and the delegates were highly pleased with their visit at Winona. The standing of the order in this state was shown to be in a flourishing financial condition, and in the United States the membership has been increased over 30,000 during the past year. Among the officers elected for the coming year were A. E. Frost, great sealer; engagers, J. P. Saunders, great Mahinowa; James McCabe, great treat.
