# ALL THE GREAT WORK

## UNANIMOUS REPORT OF THE WAR INVESTIGATION COMMISSION.

It is Full of Praise for Secretary Alger and Many Other Officials for Their Untiring and Unceasing Work, Much of It in the Face of Obstacles Whose Presence Was Due to No Fault of Theirs—Many Charges, Including Those Made by Gen. Miles, Are Declared to Be Unfounded.

Washington, Feb. 12.—The report submitted to the president last Wednesday by the committee appointed by him to investigate the conduct of the war department in the war against Spain was made public tonight. The report is a unanimous one, all the members of the commission having signed it except Col. Weston, whose death occurred Feb. 4. At this time it is not known whether he signed it.

"It is with profound regret that the commission reports that during the present war James A. Alger was promoted by act of congress from brigadier general to major general, and that the promotion was made on the basis of his record in the war against Spain. The report is a unanimous one, all the members of the commission having signed it except Col. Weston, whose death occurred Feb. 4. At this time it is not known whether he signed it.

FRIDAY, FEBRUARY 17, 1908.

Two Sundays have passed and the saloons remain closed.

The bill for the Nicaragua canal has been shelved for this session of congress.

The 'White Man's Burden' in this neck-of-the-woods for three weeks past has been the coal boiler, perhaps, in some cases, it was the woman.

The war investigation commission has submitted its report to the president and it has been made public. It says Gen. Miles talked too much to which the public will agree.

Now that a magnificent fair ground is assured, what's the matter with beginning right now to make arrangements for a county fair that will be a credit to the city and county?

REPRESENTATIVE BARNOR'S bill to detach Wadena county from the 15th judicial district and attach the same to the 7th, has been withdrawn owing to the clamor that was raised against it.

WATCHMAN JOHNSON, of the state hospital, threatens to sue the Tribune for libel for referring to him as Alford Johnson. Mr. Johnson should not mind, it was only one of the Tribune's efforts to be funny.

GEN. BROWN may be a good officer but he doesn't seem to be the right man as governor general of Cuba. He has had several quarrels with the Cuban. In a month with the Wood, at Santiago, had control for several months, without any friction whatever.

PAUL MOONIS and the Sixth district has been honored by the appointment of Mr. Morris on the special committee of the house to consider new financial legislation. Mr. Morris is fast becoming one of the most prominent and influential members of the national congress.

MONDAY was Lincoln's birthday, Tuesday was St. Valentine's Day, and Wednesday was the first anniversary of the destruction of the Maine. The first will always be remembered by the black men whom Lincoln freed, the second by the children and lovers, and the Spaniards will never forget the last date.

AFTER all there is some satisfaction in knowing that Minnesota is not all of the frigid zone. They are now having zero weather down on the golf coast, and the whole of the eastern stage on Tuesday had weather twenty-seven degrees below zero and all kinds of blizzards. Minnesota can yet be classed as in the banana belt.

The first anniversary of the destruction of the Maine was observed throughout the country with flags at half mast. At Philadelphia the keel was laid for the new Maine, a new battleship much more powerful than the one destroyed, which, it is expected, will be launched in a year, on the second anniversary, and go into commission in two years, on the third anniversary. By that time the United States will be the third great naval power of the world.

The Mayor Congratulated.

Mr. Enron: Permit me to express my thanks to our honorable mayor for closing the saloons on the last Sunday.

Every class of people has sick kidneys. The busy business man, struggling through life on the run, fails to realize the constant strain he daily puts on the kidneys. The mechanic, tired to assume unnatural positions, stooping and straining at his work, does not know that his backache is simply kidney ache. The clerk on his feet continually, leading over a counter or desk; railroad conductors, street car men, subjected to constant jarring, all have backache from the kidneys. Women at their household duties, boys and girls at play overtax the kidneys and give them more work than they can do. This is a fortunate thing the kidneys warn you when in trouble, suggest the warning. Don't neglect a bad back. A weak, a lame or aching back if neglected means future trouble. Don't's Kidney Pills cure every form of kidney ailment. Don't's Kidney Pills cure a bad back and make sick kidneys well. Don't's Kidney Pills are endorsed by people we know, by physicians. Words of praise come from all parts of the state. Read what Brainerd citizens say:—

Mrs. J. B. Brewster, 128 South Ninth St., says:—'I feel that Don't's Kidney Pills cannot be spoken of in too high terms. I suffered greatly from my kidneys, the symptoms showing unmistakably that the kidneys were at fault. The secretions from those organs were scanty and caused some pain; the itching in my back was constant and exceedingly distressing. When my husband brought me Don't's Kidney Pills I was much in need of relief. I used them in a comparatively short time and the pain had disappeared and the improvement in my condition was general. The kidneys were quickly restored to health and performed their functions naturally.'

Don't's Kidney Pills are for sale at all dealers. Price 50 cents. Mailed by Foster-Milburn Co., Inc., 117 N. Y. Street, New York City. Remember the name Don't's and McFadden Drug Co., and Johnson's Pharmacy.
