LET THE EAGLE SCREAM!

Grand Old Fashioned Fourth of July Celebration in Brainerd.

Magnificent Programme of Sports Over One Thousand Dollars Given Away in Prizes and Fines.

Grand Balloon Ascension in the Day Time—Magnificent Firework in the Evening.

Brainerd will this year have a grand old-fashioned Fourth of July celebration, such a celebration as we have never before enjoyed here. Several attempts have been made in past to get up a proper celebration in this city, but the people have not worked together heretofore, and they have been only partially successful. This year all the business men and citizens are not only working harmoniously together, but are doing so with such energy and enthusiasm that a celebration is assured such as was never seen here before.

Business men are contributing of their means with generous liberality, and the various committees having the matter in charge are hustling as if their life depended on making the celebration the grandest in the history of the northwest. Every effort is being made to have here on that occasion the largest crowd ever assembled in the city, and lavish preparations are being made to entertain all who come. The transportation committee has not yet reported, but we understand especially low rates will be made from all parts of the northern part of the state, and arrangements are being made to run excursion trains into the city on the N. P. and on the B. & N. M.

The programme of the exercises and sports of the day is completed, which we publish below. The exercises of the day will be commenced by the firing of the national salute at sunrise. At 9 a. m. will occur the grand parade. The procession will form on Sixth street, and the line of march will be as follows: South on Sixth to First, east on First to Eighth, north on Eighth to Laurel west on Laurel to Fifth, north on Fifth to Front, west on Front to Kingwood, east on Kingwood to Ninth, south on Ninth to Main, west on Main to Eighth, south on Eighth to Front, and west on Front to Fifth, where the parade will disperse. The addresses and other exercises of the day will occur here from a stand erected in the Y. M. C. A. park grounds. In order to make the parade the grandest ever seen in this city, the following prizes will be awarded:

To the fraternal organization that turns out the largest number in the parade \$25.
For the best representative business float, \$10.
For the best trade float, \$10.
For the most comical float, \$10.
For the best appearing mount, \$5.
For the most comical mount, \$5.
For the most amusing farmer turnout, \$10.
For the best Calatumpian display, two prizes, 1st, \$10; 2nd, \$5.
The exercises at the Y. M. C. A. will consist of music by the two city bands, reading of the Declaration of Independence, and patriotic addresses by speakers of note. It has not yet been definitely decided, but probably Moses E. Clapp, one of the best orators of the state, will deliver the principal address. These exercises will occupy the time until noon.

The afternoon will be devoted to sports at the Swartz Driving Park. The programme is as follows:
Free for all trotting race, \$200 purse, 1st, \$120; 2nd, \$60; 3rd, \$20.
Three minute trotting race, purse \$75, 1st, \$35; 2nd, \$25; 3rd, \$15.
Green horse trotting race, \$50 purse, 1st, \$25; 2nd, \$15; 3rd, \$10.
For horses of Crow Wing county only.
Pony race, half mile, \$25 purse, 1st, \$15; 2nd, \$10.
Log rolling contest for purse of \$50. Division of purse will be arranged on day of contest.
Base ball game for a purse of \$50. The contesting clubs have not yet been selected.
Free for all bicycle race, 10 miles, 1st, \$20; 2nd, \$12; 3rd, \$5.
The above races and prizes are by Mr. Swartz, and will be conducted according to national sporting regulations.
The following additional program of sports has been arranged by the committee on sports, and are open to citizens of Crow Wing county only:
Five mile bicycle race for men, prizes \$15 and \$10.
One mile bicycle race for men, prizes \$10 and \$5.
Two mile bicycle race for ladies over 15 years, prizes \$6 and \$4.
Two mile bicycle race for boys under 15 years, prizes \$3 and \$2.
One-half mile foot race, prizes \$7 and \$5.
100 yard dash, prizes \$5 and \$4.
100 yard sack race, prizes \$3 and \$2.
200 yard wheelbarrow race, 100 yards and return against time, prizes \$3 and \$2.
100 yard fat man's race, 200 lbs. and over, one prize, \$5.
Arrangements are also being made for a grand balloon ascension and parachute jump by Prof. C. D. Jenkins, the greatest exponent of the age. This attraction alone is worth going many miles to see.
After supper, between 7 and 8 o'clock, will occur a grand bicycle parade, for which prizes will be awarded as follows:
Best decorated wheel and rider, \$5.
Best decorated wheel and rider, lady, \$5.
Most comical decorated wheel, \$5.
Most comical decorated wheel, lady, \$5.
A grand and magnificent display of fireworks in the evening will close the day. Several hundred dollars worth of the finest fireworks procurable have been ordered, and the display will undoubtedly be one long to be remembered.
From the foregoing programme it will be seen that the celebration will be the most elaborate and enjoyable, and we would advise all our readers to come to Brainerd on that occasion and help us celebrate the glorious Fourth. No other place in the state will have better attractions.

COMIC OPERA.

The Beggar Prince Comic Opera Co. Can be secured for the week of June 26th.

Manager Lambert has on foot a plan which if it can be made to look feasible will secure for Brainerd a solid week of comic opera by a thoroughly first-class organization at extremely low prices of 35 and 50 cents. The engagement depends on securing an advance subscription sale of 200 season tickets at \$2 each, making a wholesale rate to subscribers only of 33c, and as a further inducement signers are given first choice of the best seats one full day before the general sale opens. These season tickets are transferable and in fact are made use of merely to assure large audiences at the opening performances. If the company is secured the week's programme will be selected from "The Beggar Prince," "Bohemian Girl," "Said Paaha," "The Mikado," "Fra Diavolo," "Olivette," "Gines of Normandy" and "Giraffe Giraffe."

Elected Officers.
Rushworth Encampment No. 19, I. O. O. F. elected officers on Monday evening as follows: Chief, Patrick, Chas. Hagberg; Senior Warden, J. C. Hessel; High Priest, J. C. Butler; Recording Scribe, D. Wilkies; Junior Warden, Chas. Roth; Crow Wing Tent No. 62, K. O. T. M., elected officers on Monday evening as follows: Commander, John McCullough; Lieut. Commander, Wm. Mahood; Record Keeper, C. D. McKeay; Finance Keeper, H. H. Highfield; Sergeant, Harry Simpson; Chaplain, J. C. Smallwood; Master at Arms, Ira White.

A Box of Austin's Fine Candies means pleasure and gratification to those who are regaled with the Choice Flavors and Smooth, Creamy, Delicious Consistency of our Chocolates, Bon Bons, Creams, Caramels, etc.

C. J. AUSTIN.

DEATH AND DESOLATION

EVERYWHERE THE SAME PAIN

OF NEW RICHMOND.

Terrible Destruction Wrought by the Cyclone Almost Impossible to Comprehend—Happy Homes and Prosperous Business Establishments Flashed in Prominence—Cyclone-Stricken Area Almost Wiped from the Map—Mark and in Rapidly Recovering—Fire Follows the Cyclone and Adds to the Horror of the Trade—Belief Struck Next From St. Paul With Phylaxians and Supporters—See, however, that for Conventions and Many Towns Promptly Respond—Injured Cases Now in St. Paul Hospital.

New Richmond, Wis., June 15.—Almost unparaleled in its absolute ferocity was the visitation of the destructive force of the air which overtook New Richmond on Monday afternoon. A cyclone storm swept down upon the little city just at 6 o'clock, and in a matter of minutes a egg shell in the land the business places and the houses in the city were blown away to the south and west, and were to the ground.

The destruction was sudden and complete. A furrow eighty and a hundred yards wide was thrown through the town from southwest to northeast. Its greatest extent, and not one inch of earth was left upon another. Happy homes and prosperous business establishments were piled up in a promiscuous confusion. The structures were reduced to kindling. Wood and brick buildings were dashed in upon themselves in utter ruin. Sturdy stone blocks with massive walls offered no apparent resistance to the irresistible fury of the storm. Huge trees were uprooted or broken, stripped of their foliage, bark and branches and twisted into fantastic shapes.

Add to this wreck of human habitation it would not be expected that human life would be spared. The mortality rate of death is growing rapidly. It has revealed since the beginning of the storm, and in conservative estimate places it below that number. It may be half to eight more, and here are those who think that it will reach well up to the two hundred. The confusion that now exists is reduced to a minimum of affairs.

The loss of life among the residents of the city proper is probably not as great as it is being reported. The city was filled, however, with farmers from the whole countryside around the city, and many more visitants from neighboring villages. It will be several days before they are all accounted for, and there is no reason to believe that many of them will ever be accounted for after that a missing.

The fire which raged among the ruins during the night of the storm, and following the destruction of the city will unquestionably destroy some of the evidence of the loss of life. Several partially incinerated bodies have already been recovered from the ruins of several buildings. It is positively known that some lives were lost. Some were totally destroyed before any of the bodies were organized to witness the spread of the flames.

It was "seven days" in New Richmond. Cyclone had struck the town, and their death was the end of the town. The bodies were buried in the ruins of the town. The bodies were buried in the ruins of the town. The bodies were buried in the ruins of the town.

The first group of rain received the wind and all the while the air over the north was assuming a continually more threatening aspect. Those who resided on the south side of the town could see the whirling masses sweeping themselves into the fatal funnel. Wind was quickly raised from North to South.

The first train contained thirty-one wounded men, women and children that were distributed among the hospitals, and one man who died on the way. A later train brought other victims, and those who died at the hospital.

Gov. Scofield Greets the People of Wisconsin to-day. Madison, Wis., June 15.—Gov. Scofield today received the congratulatory telegram from the people of Wisconsin to commemorate the centenary of the celebration of the Wisconsin statehood. The governor was accompanied to Madison by Mrs. M. S. Scofield, who is the wife of the governor.

There were other brick and stone buildings along the two squares. Main street given over to business, ending with the three-story Nicollet hotel. All west down town. In all but every basement there were bodies tied together from half a dozen to a score of persons. In many cases the

CONSULAR METHODS.

ADMIRABLE EFFICIENCY OF AMERICAN REPRESENTATIVES.

The Washington of Great Value in Consular work has been made by the leading Report Trade of the United States. While so much attention is devoted at the time by the officials of the government in commendation of the rapid strides of the export trade of the United States, not enough credit has been given to our consular service. It is true that a careful analysis of the work done by the consular service in the past two or three years is generally recognized, not only by observing Americans, but by representative foreigners. It is safe to say that the consular service in general is doing more than in any other country in the world.

The consular service in general is doing more than in any other country in the world. It is safe to say that the consular service in general is doing more than in any other country in the world. It is safe to say that the consular service in general is doing more than in any other country in the world.

To add to the sum total of misery, the bodies of the dead were scattered all over the city. The bodies were scattered all over the city. The bodies were scattered all over the city.

It is safe to say that the consular service in general is doing more than in any other country in the world. It is safe to say that the consular service in general is doing more than in any other country in the world.

GEN. LUNA KILLED

WIPPED OFF THE MAP.

General Luna, June 15.—A special to the New York Herald. At 6:15 last night the town of Hermon, seven miles north of here, was practically wiped off the map. The storm had been gathering for some hours and people in Hermon and the surrounding country had noticed two large funnel-shaped clouds converging toward that point. The inhabitants had not become seriously alarmed, as the storm seemed to be passing them in a northerly course. But at 6 o'clock it was obvious to all in Hermon that the first vortex had the entire town in its grasp. People scurried in all directions and sought shelter of the four cyclone cellars and instantly the town was a seething mass of debris. After the first violent burst of wind a forest of rain fell. In Hermon there were left standing a school house, the hotel and a few houses. The rest had been swept away by the force of the wind, and one or two more or less dilapidated houses. The entire business portion of the town lay in ruins. It is greatly feared that many more have been killed than those whose bodies have been found. The Chicago Press on the Chicago, St. Paul, Minneapolis and Omaha arrived shortly after the storm, but could not find any further news of the wreckage on the ground. The rains immediately returned to Hermon there they are being carried for.

Washington, June 15.—The following information has been received from Gen. Luna. He is reported to have been killed in the attack on the town of Hermon. The general was killed in the attack on the town of Hermon. The general was killed in the attack on the town of Hermon.

Prove it, heart, A THRILLING LOVE STORY.

BY FRANCES WARNER WALKER.

CHAPTER XV—(Continued)

The dinner drew to its close. The flowers began to droop under the glare of the waxlights, the air to grow oppressive, and their lovely breaths would leave them to the ash-tray. They might have been in her absence in their little and fragrant secret places, as if they were waiting for their guests to follow when she led.

What had happened? Something was in the air which she perceived the first. Her eyes fell on the rose at her breast.

"You will wear my corsage?" she half-whispered.

"Yes," he answered, "to the death." But she little dreamed that the words had their meaning. That he would be so true to the impulsive cord.

"You will wear my corsage?" she half-whispered.

"Yes," he answered, "to the death." But she little dreamed that the words had their meaning. That he would be so true to the impulsive cord.

"Yes," he answered, "to the death." But she little dreamed that the words had their meaning. That he would be so true to the impulsive cord.

A CHILD'S PARADISE.

JAPANESE RESPECT FOR THE LITTLE ONE.

It is just as good as the kind spirit that is fast for the baby—what an Observant Traveler says about the custom.

The author of "An American Crater in the East" says that all Japan is a paradise for the aged and for children. Gray hairs are always respected and children with shaven heads, bright black eyes, rosy, brown cheeks, play and frolic where they will, in high ways or in quiet places. They are never interfered with or molested. There are no bad words well temper; all is hearty fun and frolic. Even the poor people, with their heavy burden, will play and frolic with the children in the street. At the climax of each festival they are all invited to take part in the fun.

Little companies of juvenile acrobats travel about and give exhibitions of their skill wherever they meet other children. They are clad in dark blue tights, with great red turbans, and they tumble and roll, and perform stunts to the sound of gongs and like drum. At the climax of each festival they are all invited to take part in the fun.

One end of his stand is fitted with a tiny charcoal furnace, above which he holds a small iron pot, into which he pours sugar. The steam of molten sugar is sent ready for use. From this he forms into shapes and colors such articles as may be desired. Some beautiful models are fashioned, and it is a pleasure to watch the clever fingers in their manipulation.

The juggler, also, is the friend of children in this beautiful land. A merry clown will step in among a crowd of merry children at their play, and in a twinkling he will be a clown. He will open an umbrella and begin to twirl it on his ear. Another juggler will take a ball in his hand, and in a twinkling he will be a juggler.

Every time a man looks at his neighbor's faults he is saying a magifying prayer.

For long and close observation, Flora Crew is the best medicine we have used—Mrs. J. Affection is the tenderest hands of good—George Elliott.

An honest penny often proves to be a most best friend.

It doesn't take a blooming thing long to get to bed.

Just over in the blood comes out in shape of scrofula, pimples, etc., in children and young people. Taken in time it can be eradicated by using Hood's Sarsaparilla, America's Greatest Medicine. It cures all the troubles of the blood.

Reverend of Life.
"How thin your eyes!" she mused. "He said he would lay down his life for me, and now he won't put up with the glare of my eyes."—Indiana Journal.

The Dotted Lines a Power for Good.
A distinguished historian writes, while referring to our streets as a cooling power, that our influence for good over European spheres will be increased. This result was just as inevitable as is the cure which follows the use of Hostetter's Stomach Bitter. It cures indigestion, constipation, and tones up the whole system.

The Contrary Person.
"OM! Bill Grogan, he was that contrary!" said the oldest inhabitant. "That when spring comes he pretends that he felt like working."—Indiana Journal.

Are You Using Allen's Foot-Powder?
It is the only cure for Swollen, Scalded, Burned, Sweeting Feet, Corns and Bunions. Ask for Allen's Foot-Powder, a powder to be shaken into the shoe. At all Drugstores and Shoe Stores. See Sample sent FREE. Allen's Foot-Powder, 25 N. Y. Street, New York.

Questions of Duty.
"I intended," said the German emigrant, "to be guided in this matter strictly by my duty." The answer of the official: "I was desiring to call your attention to the small amount of duty we have been in the habit of collecting from the American arrivals."—Washington Star.

Chicago Great Western Increased.
The earnings of Chicago Great Western R.R. "Maple Leaf Route," for the fourth week of May, 1900, show an increase of 200,000 dollars over the corresponding week of last year (July last) date, 1899.

The wine and the actual copper difficulties by daring to attempt them.

Chicago Constellation Cured.
The most important discovery of recent years in the treatment of Constipation is the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy.

The greatest affliction that can befall a man is the unkindness of a friend.

Every time a man looks at his neighbor's faults he is saying a magifying prayer.
