KEELEY CURE EFFLUENCE.

Thousands of the Best Customers of the Keely Cure have been cured because it has had a powerful influence against their disease. Keely Cure has taken the cure, and every year the millions in the large cities grow fewer and fewer. They are almost all cured now-day after the Keely Cure.

It is not an exaggeration to say that Keely Cure has cured more than a million people in the last few years. The influence of the Keely Cure has been wonderful. Thousands of young men who formerly depended upon their earnings for liquor now save their money. They can afford to marry now, and many happy homes have been built in the homes where misery formerly held sway. But the Keely Cure has done its wonderful work.

JOHN C. HUBINGER.

Reminiscence of a Well-Known Western Capitalist, Mechanic and Inventor.

Among the leaders of the progressive element for which the middle west is famous, Mr. John C. Hubinger, of Keokuk, Ia., reigns without a peer. As a manufacturer, as an enterprising capitalist and as a philanthropist his fame has spread over many states, and his financial enterprises have developed many obscure towns into progressive, thrifty and wide-awake cities.

By inclination and force of circumstance his attention was early directed to the mechanical and improved processes, and in the course of time he became the head of a concern having an annual business of millions of dollars. But genuine inventiveness never ceases to exist with him. In addition, works ever toward perfection, and he is a student of the most advanced research Mr. Hubinger has made.

He is planning to distribute millions of shares of his stock to the homesteaders of America, at a merely nominal price, in order to encourage them to make it their goal to work large tracts for but 5 cents two large packages of his Great Scotch Seed.

While Mr. Hubinger will take his retirement to the manufacture of this new and wonderful article, he will not retire from the various financial enterprises in which he is interested.

Thoughtful as he is, he has recently much exercised at the appearance of a strange old gentleman who, when the sermon was about to begin, took a huge ear trumpet, in two parts, out of his bag and began screwing them together.

The earnings of the Chicago Great Western Ry. "Maple Leaf Route" for the fourth week of August, 1899, were \$228,773.64, being an increase, as compared with the same week last year, of \$20,721.47.

Something to Meditate. "Chancellor Howard has found a good deal of 'Hoyding' remarked the observant 'Hoyding' remarked 'well, 'interpose' the cross-eyed snorer there would be something to cross out."

Free Homesteads. In the Milk River Valley of Montana, along the Milk River, there are many fine openings for homesteaders. Write to James Tolson, G. M., N. Y., St. Louis, Minn.

Evidence Against Them. "I thought you said the Pynchons had money," they began trying to understand that it "couldn't be a mistake." "There must be some mistake. They don't call it 'vodka' mistake." Times-Herald.

The British government used 124,000 gallons of corn whiskey last year in the manufacture of smoking powder.

TWO WORLD-FAMOUS BOOKS.

United States Has Published the Most Costly, Chances Largest. The most expensive book ever published in the United States is now being published by the United States government at a cost up to date of \$2,500,000.

It is an encyclopaedia of the literature of the world, covering a period of twenty-eight centuries—from 1000 B. C. to 1700 A. D. It covers its origin to the literary course of his studies of the ancient literature of his country, Kang-ho did not intend to extend his writing.

Belton and Ohio Railroad's Deal. The Baltimore and Ohio Railroad has ordered thirty-three cylinder compound locomotives from the Baldwin Locomotive Works.

"The Merchant of Venice" Tonight. Sanford Dodge, the eminent tragedian, and a superb company, presented "Damon and Pythias," at the Gardner opera house last evening with Mr. Dodge and Wm. Loyd in the title roles. Mr. Dodge is a Minneapolis man who has won distinction on the stage. He appeared here four years ago in the same role, and his efforts then were much admired, but his work last night was more finished and effective and won storms of applause from the rather small but appreciative audience. Mr. Loyd, as Pythias, was a worthy support, and the Calanthe of Miss McCullum, and Hermion of Miss Leslie, deserve special mention. The production, as a whole, was much the best seen in this city, notwithstanding the small stage and poor stage settings made any respectable stage effects for a production of this character impossible. Tonight Shakespeare's masterpiece, "The Merchant of Venice," will be the bill.
