Going Out of the Dry Goods Business!

What do you think about it? There is a homely old saying that "talk is cheap, but it takes money to buy clothing." We do wish however, to impress on the minds of all the people of Brainerd and vicinity that we are going to quit the **Dry Goods, Boots, Shoes and Clothing Business**, and devote all our time to the

Grocery Business.

We will sell goods at the Very Lowest Prices. In fact every reasonable offer will take them.

Now, a Word To The Farmer.

We will take in exchange Wood, Ties and Potatoes just the same as CASH. So give us your trade while the goods last, as all of you will find that we are going to do just as we advertise, and by visiting our store and getting prices on the goods. You can't help but buy them.

See Hand Bills for Prices.

Yours for going out of the Dry Goods Business,

WOULD CONSOLIDATE.

An Effort Being Made to Consolidate the N. P. Library with the Public Library.

A special meeting of the members of the Public Library association was held at the Y. M. C. A. parlors on Monday evening to elect directors to succeed Mrs. H. I. Cohen and Mrs. C. M. Patek, resigned.

On motion the resignations were accepted and three nominations were made to fill the vacancies as follows: Miss Katharine Gallagher, P. J. Murphy and Howard Isham. Messrs. Murphy and Isham were elected. The meeting then adjourned.

A meeting of the newly elected board of directors was held, and the following officers of the association for the ensuing year were elected: H. I. Cohen, president; C. O. Winter, 1st vice president; Mrs. E. B. McCulloch, 2nd vice president.

Miss Amy Lowry, secretary; H. D. Trogway, treasurer. The following committees were appointed:

Ways and Means—Mrs. J. N. Nevers, Mrs. Dr. Courtney, Mrs. Geo. Forsyth, Mrs. H. I. Cohen and Mr. A. J. Halsted.

Library Committee—Mr. Howard Isham, Mrs. O. O. Winter, Mr. P. J. Murphy, Mrs. J. P. Early, Prof. T. B. Hartley, Mrs. C. M. Patek and Mrs. E. O. Paris.

The board discussed the matter of making an effort to consolidate the N. P. library with the Public Library all expressing the belief that it was a consummation to be desired, and on motion Rev. Geo. W. Gallagher, Mrs. J. N. Nevers and President Henry I. Cohen were appointed a committee to confer with the N. P. library directors concerning the matter.

We understand a meeting of the directors of the N. P. library will be held at the shops tomorrow afternoon after closing hours to confer with the above committee. It is earnestly hoped that the matter can be satisfactorily arranged, as it would give this city a public library that would be a credit to it, and at the same time better serve all classes of citizens.

Catholic Fair.

The annual fair of the St. Francis Catholic church is now in progress at Gardner hall and is drawing big crowds nightly. The hall is tastefully decorated with the national colors, and booths gaily and artistically decorated have been erected, for the display of fancy work, china, cut-glass, etc. There is also a domestic booth, a booth for the sale of ice cream and a supper booth. The latter is most liberally patronized, and deservedly so, for a most delicious and appetizing supper is served, such as only the ladies of St. Francis know how to prepare. The voting contests are being conducted with great spirit, and it certainly won't be long before many of the contestants or their friends that they are defeated when the final count is made. The fair will be held tonight and concluded tomorrow night.

A Serious Crime.

Sheriff Erickson went to Moorhead last Friday to bring to this city for trial Samuel Hastings, charged with the serious crime of rape. Hastings is a settler at Klondike, this county, and the offense is alleged to have been committed there last July, the victim being the 14 year old daughter of Mr. and Mrs. L. P. Altkin. After committing the crime Hastings went to Dakota, but was finally located and arrested at Moorhead. He was brought before the municipal court on Saturday, and the trial was set for Monday, October 31st, in order to get witnesses.

Little Falls Herald: Chas. Gravel will close his branch store at Brainerd and move the stock to Gravelville. Chas. E. Gravel, who has been manager of the Brainerd business, will have charge of the store at Gravelville.

A report was circulated around the city last Saturday and Sunday that Am! Gould was dead, but Am! appeared on the streets a day or two later and denied the report as only Am! can.

GRAVE LAKE ITEMS.

Old Alberto is working for Marston, the lumberman. Bora, to George Petra and wife on October 17th, a son.

Elsworth Martin is at work at Cross Lake for Con. O'Brien. T. C. Polston has the foundation of a commodious barn placed.

Joe Edwards has erected a barn on his farm on the west side of town. A ten pound baby boy was born to Wm. Bond and wife on Oct. 20.

Geo. Bock had the misfortune to lose one of his colts last week of heart disease. The Rosenkrantz boys and Dan. Chord arrived home last week from the Dakota wheat fields.

Warren Hastings gave a lecture for not noticing the arrival of a bouncing baby boy at his home some two weeks ago. Will Kamdel has made extensive improvements on his house on the north road.

He is giving it a coat of paint at this writing. Wm. Martin, of Eagle Lake, returned home from Montana last week, he having been there since early spring working at his trade.

He reports times good. There has been several cows in the vicinity of Noka Lake that have been shot under the circumstances that plainly show it was intended at certain young men who always carries a gun is suspected.

Ed Elsworth, brother of Mrs. Will Chord, and the Ellsworth boys of Day Lake, who resides at Corning, Iowa, paid them a visit on Friday and Saturday of last week. He returned home Saturday evening.

Mrs. Will Chord after calling at the Bush farm on Saturday, took a short cut for home, lost her way and brought up at T. C. Polston's late in the evening. Mr. Polston kindly hitched up his team and took her most of the way home.

DAN CHORD returned from Dakota Thursday. L. E. Garrison began the cellar for his new house this week.

Mr. and Mrs. G. Thompson are talking of moving to Brainerd. Mrs. Petra returned Monday from a two years stay with her son George.

Rev. Morton made our Sunday school a visit Sunday. We are always glad to have him come. Mr. and Mrs. Waldrop left for Brainerd today for a two week's stay.

Mr. Waldrop is going off on a hunting expedition. Mrs. Wm. Chord and Mrs. Ben Chord, who were both on the sick list last week, are quite recovered at present writing.

It looks as if we should lose the rest of the large pine trees in the near future by the way Marston's lumbermen are at work. We understand A. Stafford has sold ten acres of his farm on Crooked Lake for a summer resort.

We did not learn the purchaser's name. It being the anniversary of the starting of our Sunday school, there should have been the yearly election of officers, but for several reasons it was thought best to postpone it until next Sunday, Oct. 29.

Mrs. C. Thompson and Mrs. M. L. Hammett and children visited at Mr. and Mrs. Shaw's last week, finding them comfortably settled in their new house, and Mr. Shaw nearly laid up with a badly cut hand.

Delosa Hammett has gone from Chaffee, Dakota, to Harvey, and will probably put in the winter there with his brother and sister, Mrs. Eastman, who visited here last summer.

DAME RUNOR. Robbed the Grave. A startling incident is narrated by John Oliver of Philadelphia, as follows: "I was in a awful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite growing weaker day by day. Three physicians had given me up. Then I was advised to use Electric Bitters and a decided improvement. I continued their use for three weeks and I am now a well man. I know they robbed the grave of another victim. No one should fail to try them. Only 50c, guaranteed at McFadden's drug store and Johnson's Pharmacy.

Mrs. R. E. Sturgeon has opened a lying-in hospital at No. 76, Second avenue, East Brainerd. Terms reasonable. 211.

Uncle Nathan's "Husking Bee"

The old fashioned "husking bee" to be given at Uncle Jonathan Peterkin's big red barn on Friday evening, Nov. 10th, will undoubtedly prove a novel and pleasing entertainment.

It is full of rollicking, satiric fun and pretty musical specialties, and the stage setting and costuming will be something out of the ordinary and well worth seeing.

The cast includes such well known people as Hon. W. A. Fleming, Judge Alderman, A. L. Mattee, E. O. Webb J. P. Early, John Goudon Jr., Charley Wilson, Geo. and Jim Murphy, Master Jean McCarthy, Mrs. Ed. Bane, Misses Della Reilly, Maud Davis and Gladie McCullough. Everything is moving along nicely. The next rehearsal is to be held this (Friday) evening.

KATHINE GLEANINGS. Mr. Marston made a short visit to Moore's camp Sunday. An epidemic of chicken pox has struck the north end of Day Lake. Jacob Johnson's family were the guests of Mrs. Wilson on Sunday.

C. Wilson has gone to Clearwater Lake to do some plastering for Martin Oppard. A land agent has been here trying to locate a German settler on Ira Turley's place.

Mrs. J. Schwab, of Cutler, who keeps a large poultry ranch, has been here purchasing turkeys to add to her flock. Mr. and Mrs. Albert Erath have gone to Long Lake near Minneapolis for a visit to their relatives and friends.

What has become of Grandmother Garbo and the Deerwood correspondent? Are they dead or sleeping? We would like to hear from their respective haunts.

Question Answered. Yes, August Flower will has the largest sale of any medicine in the civilized world. Your mothers' and grandmothers' never thought of using anything else for Indigestion or Bilemness. Doctors were scarce and the seldom heard of Appendicitis, Nervous Prostration or Heart failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other aches. You only need a few doses of August Flower in liquid form, to make you satisfied there is nothing serious the matter with you. Sample bottles at M. K. Swartz drug store.

She says: "After all other remedies and doctors failed it soon removed the pain in my chest and I can now sleep soundly, something I can scarcely remember of doing before. I feel like sounding the praises throughout the universe." Dr. King's New Discovery is guaranteed to cure all troubles of the Throat, Chest or Lungs. Price 50c and \$1. WHO DRINK WHISKEY?

The Kelsey Cure is the only cure which science has discovered for drunks. It is not a medicine, it is a natural way, and who, consequently, are tempted to indulge in liquor. When they discover that the habit has become a disease and that they cannot stop drinking, they feel the necessity of a cure for the disease.

The experience of twenty years has taught the public that the Kelsey Cure is the only cure which science has discovered for drunks. It is not a medicine, it is a natural way, and who, consequently, are tempted to indulge in liquor.

In almost every large business concern it will be found that among the best men are those who have taken the Kelsey Cure. It has made much of it a natural way, and who, consequently, are tempted to indulge in liquor.

TRICKS OF CHORR BINGERS. Carrying on Conversation While Pretending to Listen. One of the English bingers is well known for his tricks. He makes a material mistake in the conversation and he goes on to his advantage to send an impression on the mind of the listener.

But this is really a very old complaint, and the average store manager is far more afflicted by it than even are the most successful of the business world.

REASON FOR THE SILENCE. The manager of the clothing department opened his envelope one day and found a note from a customer.

Look here, Midge," he said to the cashier, "this is the fourth week that you have not paid me with these \$20 bills, and I'm getting tired of waiting around to get them changed. Suppose you work your bill off on some other fellow for a while, eh?"

Some people are loved because of the romances they make and hated because of the friends they make.

WORN OUT; USELESS.

OBSCLETE DECLARATION OF CAMPAIGN ISSUES.

It being the fashion of Democratic state conventions in 1892 to "reaffirm the Chicago platform of 1892," the St. Louis Globe-Democrat recently raises the question whether all or any of these obnoxious reaffirmers have actually read the declaration of principles which they now adopt as their own.

Take, for example, the Ohio Democratic convention of a few days ago. Most men believe that the committee on resolutions knew what it was that they affirmed.

Mr. Jefferson Seligman, the eminent financier, is a pronounced opponent of the free trade which lies before us. He says: "I am as opposed as ever of the free trade in the history of the country."

THE FARMER THINKS. He is Well Satisfied with the "Hired Man" Now in the West. Under the appropriate heading of "Hired Men in Iowa," the New York Sun prints the following:

"I have a lot of promises about good times, and I can't see as he overstates the facts either, for certainly the times have been thundering good, there's no denying that."

Complaints have been made against the officers of some of the Pull river boats for hitting women and minors so work nights as well as days, but on investigation it appears that, although the mills in question are running every night night until 10 o'clock, they are not violating the law which forbids the employment of women and minors more than forty-eight hours in a week.

WOMAN; INSTEAD, THAT'S WHAT THE MEN SAY, AND I'M HISSING!

NEW YORK, SEPT. 11.

The farmers of the United States are not saying much about cotton just now. They are engaged in harvesting and marketing at good prices one of their cattle, hogs and sheep are bringing them more money than for a good many years past.

What Shall Never Fall Back. Mr. Jefferson Seligman, the eminent financier, is a pronounced opponent of the free trade which lies before us. He says: "I am as opposed as ever of the free trade in the history of the country."

True Economy

The difference of cost between a good and a poor baking powder would not amount for a family's supply to one dollar a year. The poor powder would cost many times this in doctors' bills.

Royal Baking Powder may cost a little more per can, but it insures perfect, wholesome food. In fact, it is more economical in the end, because it goes further in leavening and never spoils the food.

Royal Baking Powder used always in making the biscuit and cake saves both health and money.

You cannot, if you value good health, afford to use cheap, low-grade, alum baking powder. They are apt to spoil the food; they endanger the health. All physicians will tell you that alum in food is deleterious.

BENEFICIAL NIGHT SCHOOLS.

The School for Ladies to Attend. Evening Classes in Sewing and Typewriting. Brainerd Business College is entering upon a six month term of night school to enable the many ambitious young men and women, who find it impossible to attend the day school, to obtain a practical knowledge of shorthand, typewriting, book-keeping and other business branches. There is no kind of office work that is cleaner or safer, or more fitting for young women to engage in, and perhaps no work that is, on the whole, better adapted to train women to business habits, and to bring out the practical qualities of life than shorthand and typewriting. It has been a great relief to young women who obtain such a ready and open opportunity to employ themselves to advantage in office and has made them very largely independent of aid from others. If a person is capable, a good speller, understands punctuation, and is acquainted with all the details of good writing, she is able to command from ten to twenty-five dollars a week, and especially if she has a knowledge of book-keeping, and the other duties of an office assistant. The number of persons who are placed in different business branches is so large that anyone would believe, and this number is growing rapidly year by year. It has provided for young women an avenue to the highest of all vocations, that to a new sphere of effort. It places them in a position of usefulness which is new and much to be desired, and for young women of character have found it a wonderful help to them in earning a living. Brainerd Business College is offering a course of instruction in these branches in both day and evening classes. These classes are planned to accommodate every young person who might have a practical and effective and practical work, who either they are employed or not. All will be glad to complete the study for active and practical work, for an effective term is fully guaranteed. Sixteenth Street Traveling Men's G. S. B. 465. We have been taught that the Great Spirit is all-wise and all-knowing, but our hearts tell us that we shall all live again. My brothers: Our brothers were good and kind to all, and we mourn their loss. They loved their families and we must not forget them. We must send kind words to comfort them, for their loss is great and hard to bear. Let all be sincere when we speak. The Great Spirit will go to their families and cheer and comfort them in their loneliness. My brothers: Until the next full moon, let this council room be draped with mourning in memory of our dear brothers, and let my words be taken down, as the words of the tribe, and be sent to the families of the dead brothers.
