**PROHIBITS FIGHT**

PERMANENT INJUNCTION ISSUED AGAINST THE AFFRICES-BURLIN CONTEST.

IS DECLARED A NUISANCE

Proposed Contest Held to Be a Prize Fight for the Championship of the World and Not a Boxing Match for Profit—Such Events a Moral Wrong, a Crime Before the Law and a Menace to Society.

Cincinnati, Feb. 15.—Judge Hollister has granted a permanent injunction against the Affrises-Burlin prize fight planned to be held in Bangser, east hall Friday night. The promoters will postpone the contest until after they can carry the case to the circuit and supreme courts.

Judge Hollister sustained the contentions of the state on all points at issue. He not only held that courts of equity had jurisdiction against public nuisances, but also that prize fights are public nuisances and that the proposed contest between Jeffries and Hobbs was to be a prize fight, the championship of the world and not a boxing match for profit. The decision was severe in language as well as decisive in its holding. It held that the law and such a measure to society should be restrained even in courts of equity.

In reviewing the testimony Judge Hollister complimented Manager Brody, saying that he evinced respect for the respect of the court, but he was severe on Manager Madden as an instigator and a witness, whose testimony regarding the difference between prize fights and boxing contests could not be given credence.

The conclusion of Judge Hollister's decision was in emphatic and vigorous language. He stated that he had doubt as to jurisdiction of the case at this hearing, but now he had no doubt whatever. "The defendant is guilty of a 'vicious few' of the most heinous and heinous crimes which have ever been committed in this country," he said. "The defendant is guilty of a crime which is a violation of the law and fact in the finding of the court."

Local Officials Aroused if They Can Enforce the Decree.

Columbus, O., Feb. 15.—Upon receipt of Judge Hollister's decision Governor Nash at once placed himself in telegraphic communication with the mayor and other local officials of Cincinnati in order to learn whether they could enforce the decree of the court without the aid of militia. Upon this correspondence, he said, depends his future action.

**MITCHELL IN AMERICA.**

English Pugilist Would Like to Meet Corbett in the Ring.

New York, Feb. 15.—Charles Mitchell, the English pugilist, has arrived here on the Mailetic. He said to a reporter that he had not come over specially to look for a fight, but he said he was not averse to taking on any of the big fighters. He would like to get in the ring with Corbett, he said. My visit here is for pleasure and to take a look about. Of course, I might make a match if opportunity were afforded. I shall be here for some months. I shall remain in New York for some days and then go out to the Pacific coast.

**NOT MORE SNAKES.**

Thirteen Members of the Band Brought to Montague.

Montague, T. T., Feb. 15.—Marshall Bennett has arrived here with 13 members of the Snake band under arrest.

The members of the band now under arrest, numbering 40, will have a preliminary hearing before the United States commissioner on the 16th. Marshall Bennett stated that he has secured all the papers of the organization of the Snake, but as yet has been unable to arrest Latah Melko, the Creek chief, who is scouting back and forth between the Choctaw and the Creek Nations.

**Prohibit Prize Fights.**

Springfield, Ill., Feb. 15.—A bill has been introduced in the lower house of the Illinois legislature to prevent prize fighting in Illinois. The bill is the present statute the governor is unable to use troops unless called upon by the sheriff, but under the bill just introduced the governor is given specific power to call out militia to prevent prize fights or sporting exhibitions.

**NO DISORDERS OCCUR.**

Royal Wedding Takes Place at Madrid Without Trouble.

Madrid, Feb. 15.—In the chapel of the royal palace, in the presence of the royal family and all the aristocracy and officials of Spain, Dona Maria de las Mercedes de Bourbon y Napoles, Princess of Asturias, was wedded to Prince Charles Bourbon.

The wedding ceremony proceeded with perfect tranquillity. Thousands of spectators in the neighborhood of the palace and filling the south grand court within the walls were watching the ceremony, which was also kept secret throughout the city.

**PAPER MILLS BURNED.**

Big Plant at Kimberly, Wis., Destroyed by Fire.

Kimberly, Wis., Feb. 15.—Fire started in the print mill of the Kimberly & Clark company's plant, destroying that building, together with others adjoining. The factory, a three-story mill, three machine rooms and a number of other buildings are a total loss. The estimated loss is placed at from \$400,000 to \$500,000, fully covered by insurance. The plant will be rebuilt.

The origin of the fire is a mystery, having, it is supposed, started under the floor of one of the machine rooms. The Appleton fire department responded to a call for aid and rendered valuable assistance in fighting the flames. Owing to the high wind the firemen encountered great difficulty in their work. Chief L. E. Anderson of the Appleton fire department was suffocated during the fire. He was overcome by the smoke and before he could be rescued was dead. While assisting at the fire D. F. Cowie, superintendent of the plant, was severely injured. Several other men were broken and Mr. Cowie was badly hurt.

The Kimberly paper mills rank among the finest equipped for a plant of the size in the West and were built in 1903 at a total expenditure of \$1,000,000, including the improvement of water power and the erection of some of the most modern machinery which sprung up at this point. The plant is known as a complete paper mill, including pulp, sulfate and paper departments.

**CONVERT AT REVIVAL CONFERENCE.**

Indiana, Feb. 15.—A special to The Christian from Brazil, Ind., says: During the services conducted by Rev. J. H. Moore Monday night at the residence of James Todd, who says he has slain 48 horses and killed 4 men, Todd has been attending the revival services at the Christian church for several nights and it was noticed that he had been weeping throughout the services. On Monday night he signified a purpose of becoming a member of the church and after the services he visited Evangelist Updegraff, where he made his confession which started the minister.

Todd related that he had led a wild career for many years in Texas, but now repented his sin and wanted to be reconciled to his Maker. After making the confession Todd felt comfortable and requested the evangelist to make known his confession to the world and that he was willing to answer for them.

**EVIDENCE FOR DEFENSE.**

Doctors Testify in the Hamilton Case.

Minneapolis, Feb. 15.—Dr. William B. Murray, who was called to the West hotel when Leonard Day was killed, was the only witness of the morning in the Hamilton trial.

His cross examination by the state is not expected to change his testimony, when he told the details of what he saw and heard at the hotel billiard room.

Murray says that it is impossible for Hamilton to have made any contention to Rooney because if he had so made it, Murray, who believes Hamilton was innocent and so was watching him as a protector, would have heard the same confession.

Dr. Charles Erdman, who made an examination of the wounds on Day's body at the autopsy, testified that the cut on the head could not, in his opinion, have been inflicted with the same instrument as the cut with which the subclavian artery was severed.

**GOMEZ A WITNESS.**

Called to Give Testimony Regarding Postoffice Frames.

Havana, Feb. 15.—Additional local interest has been given to the post office fraud cases by the summoning of General Gomez as a witness.

It seems that one of the clerks in the auditor's office told General Gomez last March that there were irregularities in the mail, although duplicate vouchers.

The friends of General Gomez are asserting that he has explained the condition of things to the military authorities and they contend that he deserves the credit attaching to the exposure of the frauds. This is held as a strong argument in favor of a presidential candidacy.

**General Gordon Robbed.**

Chicago, Feb. 15.—The Record says: General John B. Gordon, who is delivering a course of lectures on the Confederacy, was robbed of his overcoat in a pocket of which were passes which entitled the former Confederate general to transportation over all the principal roads, and checks and papers which he values at \$4,000.

**Recruiting for the New Regiment.**

Chicago, Feb. 15.—Recruiting for the new Twenty-sixth Infantry, U. S. A., has begun here in accordance with the law. The work of recruitment will last two months. The new regiment will be held at Fort Sheridan for some time while being whipped into military form.

**Incendiarist Destroys an Elevator.**

Granite Falls, Minn., Feb. 15.—What was supposed to be the Pillsbury elevator at this place was burned during the day with 5,000 bushels of wheat and two cars on the Milwaukee track, one loaded with wheat. The fire is thought to have been set by some one.

DEATHS.

It is the duty of the DISPATCH to chronicle the death of Miss Belle McKay, eldest daughter of Mr. and Mrs. W. D. McKay, who died at the family home on 21st avenue, at 2 1/2 o'clock, on Saturday afternoon, Feb. 11th, of cancer of the liver, aged 28 years.

Deceased was born in Ontario, but removed with her parents to this city when a mere child, and has grown to womanhood here, and received her education in our public schools. She graduated from the High School with the class of '90, and during a year of normal training began teaching and has since been one of the successful teachers in our schools. Over a year ago she lost the sight of her right eye, when removed disclosed the fact that she was due to a cancerous growth, since that time it has been feared that the dread disease would manifest itself elsewhere. She was again taken sick some two months ago, and it soon became apparent that a vital organ was attacked and death was only a matter of a few weeks, before her death was not unexpected, but it was nevertheless a dreadful shock to her family and friends. She was a young lady of a broad, cultured mind and exemplary character, very refined and of a sweet disposition, and will be sincerely mourned by the bereaved acquaintances.

The funeral services occurred at St. Paul's church at 2:30 p. m. on Tuesday, Rev. Frederick J. Monecy officiating, and the remains were interred in Evergreen cemetery. The DISPATCH offers its condolences to the afflicted family of deceased.

Margaret Myrick, wife of Melvin Myrick, died at their home near Gull Lake on Saturday, Feb. 9th, of pneumonia, aged 35 years. The funeral services were held at the house on Monday, the 11th, last, Rev. A. H. Carver, of this city, officiating.

Ellen T., daughter of Mr. and Mrs. Sam. Waldron, who lives a couple of miles out of the city, died this morning of pneumonia, and will be buried on Sunday.

An infant son of Mr. and Mrs. Frank Blanchard, of East Brainerd, died on Friday last, of pneumonia, aged 8 months. The funeral occurred on Sunday.

A one year old child of Mr. and Mrs. E. J. Allister died at their home on Mill street on Friday last, of measles, and was buried on Monday.

Burdie, son of Mr. and Mrs. Warren Campbell, died at their home in this city on Wednesday, Feb. 11th, of bronchitis, aged four months. The funeral occurred today.

Mrs. Martha Hanson, aged 33 years, died at her home in Maple Grove on Wednesday, Feb. 11th, of pneumonia.

THE PRESENT CENTURY.

Can It Equal The Past In Material Progress.

The great things of the nineteenth century are the railways, the steamship, telegraph and telephones, electric lighting and traction, the phonograph, the motor-car, Roentgen rays and Marconi's messages. When one thinks of these discoveries and inventions, what wonder that we seek, as anything more before us in the way of great things? Is it possible for the human brain to think out, invent and discover anything more?

From a recent article in one of the current magazines, the writer undertakes to tell us that we have only begun to discover, that what the 19th century has brought forth will be eclipsed by this present century. By the aid of astronomy it is expected that famines and droughts may be easily foretold and provided for.

This by means of the spectra of sun spots. Then it is said that a classification of the stars will be effected, a photographic chart of the heavens made, and the substitution of photography for the present individual observation in recording phenomena of the stars. It is claimed that from this chemistry of the stars, being a virgin or unexplored field, many discoveries are expected.

Again, only wireless telegraphy be perfected, but wireless telephony is looked for. Only think of it, to be able to speak at great distances, from city to town, but also from the islands of the sea, or from ships at sea to the main land, without the use of wires; whether a useful flying machine shall be invented is a question invested in much doubt, but as nothing can be said to be impossible, why not a flying machine? Accident. If no science, will give it work. Engineering will come in for its share in the work of the century. Big schemes for water supply and water power will engage the time of the engineers. How to utilize the energy of the great water falls and the tides of the sea—to harness the tides of the ocean for power, how to perfect the use of wind power, how to increase heavy rain falls, these are some of the writer's guesses as coming events.

He expects that great improvement will be made in street traffic in large cities by moving platforms underneath or over head, so that freight and people will be carried along on these moving walkways. How to harness the tidal channel is looked for and that steam is to give way to electricity is almost assured. There are only a few of the things we may look for in the 20th century, and when we think of it, we need not be surprised to see our earth put in communication with some of the other planets.

No Keys to White House. In these modern days the front door of the White House is not locked at night. Practically no doors are locked, and if it were should look upon the keys for keys he would probably not find that of those formerly in use. Big business are about the only ones at an executive mansion. They guard the main doors at all hours of day and night, and there is no need to close and lock the inner doors. Before President Lincoln's time policemen were rare at the president's home, and when all the clerks and servants had gone home at the housekeeper went around and carefully locked all the doors inside and outside except to rooms occupied by those going in and coming out.

Washington Star.

Does It Resisting of Your Love. The severer of love is one of the greatest gifts to humanity. It generates the sunshine of the soul in us, without which life would be a desert waste. Use this divine power without stint. Be proud of your love. Let it radiate freely. It will lighten the dark places. It will gladden the sorrowing. It will lift the soul above the petty, griping cares that so soon corrode the mind and sap the energies. It is the golden key that will admit you to the palace of the true life—Success.

Well Enough.

Subject: "Personal Responsibility," or what she thinks of Mrs. Natus and her tactics. Every body should hear this discussion. All will be welcome. At the close of the morning service the pastor will administer the sacrament of the Lord's supper. The Epworth League will be led by Miss Edna Leuk, assisted by Lillian Clulow. Topic: "Confessing Christ to the World." Young people especially invited.

The annual "Martha Washington" supper will be held in Walker's Hall on Thursday, Feb. 21st, under the auspices of the Ladies' Aid Society of the Methodist Episcopal church. It was intended by the ladies to have it on the evening of Washington's birthday, but they were unable to obtain the use of the hall, hence the supper will be on Thursday. Supper will be served from 6 p. m. till 8 p. m. Ice cream and cake will be served during the evening. The young ladies' auxiliary to the Epworth League will have some useful things for sale on the occasion. A supper for which the ladies are noted will be served and a pleasant social time may be expected. Light refreshments will be served from 8 p. m. till 10 p. m. Admission to the hall free. Supper 25 cents. Come and bring your friends.
