### COUNCIL PROCEEDINGS.

Regular Meeting of the City Fathers—Contest on Granting Saloons License.

The regular meeting of the city council was held on Monday evening. Aldermen Halliday and Fogelstrom were absent. Claims against the city were allowed, including the pay rolls for March. Several bills for rock were referred back for correction, as was also bill of St. Hill for hauling wheel to the shops for repair, which was claimed to be exorbitant.

A committee of the Y. M. C. A. was present and requested the usual donation of \$100 from the city for lights, and on motion of Alderman Gardner request was granted.

The city clerk's report was read, showing fines aggregating \$270.40 collected in March.

The bill of the Minnesota Water Company for \$150, which has been laid over from meeting to meeting, was on motion allowed. The ordinance provides the water company shall be exempt from taxes for city purposes in payment for water furnished the city for flushing hydrants, fountains, etc., but the exemption cannot be made, and the company's bill was for the water used for these purposes.

The fire committee reported, recommending that the petition of citizens of East Brainer and residents on 9th street south to have water main laid, be granted, and on motion the report was accepted, and the city attorney was instructed to draw up resolutions ordering the mains laid.

A communication was received from the mayor recommending that the liquor licenses of J. H. Burton and Louis Thabe be granted. His Honor also suggested that it was not the duty of the mayor to make these investigations, which should be done by a license committee of the council. The report was accepted, and Alderman Wright objected to the granting of a license to any one at the Last Turn, as he insisted it would become a disruption.

The axes and saws were called after some discussion which resulted in the votes as follows: Ayes, Gardner, Koop, Purdy and Rowley; Nays, Wright, Doran, Crust, and Erickson. The mayor was not present and he was communicated with at his residence by telephone. His Honor was about to retire, and wanted to do some long distance voting by wire, but finally came down and decided the question by voting aye, and the license was granted. A license was also granted to Louis Thabe without a dissenting vote.

The term of Dr. Thabe as health officer having expired, he applied for re-election. A vote was ordered, and Dr. Thabe and Dr. Reimstad received 5 votes and Dr. Reimstad 3. Dr. Thabe was declared elected.

A petition of property owners on 8th street was read, asking that said street be paved with crushed rock from the mill track to Quince street, the paving to be full width to Maple street, and twenty feet wide the balance of the block. The petition was accepted and placed on file.

On motion of Alderman Wright the petitioners were requested to meet the council at the next regular meeting to explain in detail how they wanted the street paved.

The city engineer was instructed to furnish estimates of the cost of street paving with rock alone.

S. R. Adair asked permission to construct a circular show window in his store, and the permission was granted. Residents of block 189 sent in a petition that an alley be opened through the block. It was referred to the street committee.

The city clerk was instructed to procure city tags for 1901. Alderman Wright complained that the cost of fuel and lights for the armory was greater than that city could afford, and the matter was referred to a special committee composed of Aldermen Wright, Koop and Purdy to investigate.

M. K. Swartz made application to hire the stone crusher, and the matter was referred to the street committee with power to act.

### A DELIGHTFUL ENTERTAINMENT

Was The Dusenberry Concert on Saturday Evening—Also a Financial Success.

One of the most pleasing and enjoyable home talent entertainments yet given in this city was the Dusenberry concert given by the ladies of the First Congregational church at Gardner Hall last Saturday evening, and Brainerd has local talent of a very high order indeed. The attendance was large, the spacious hall being completely filled, and all present enjoyed themselves immensely, if the generous applause that greeted every number is any indication.

The entertainment consisted of vocal and instrumental solos, duets and other musical numbers by the Dusenberry family and the neighbor "gossips," who were from "Varenburg" and "Varenburg." The country soothing the public with their singing. Miss Bertie Robinson was "Ma Dusenberry," and E. O. Webb "Pa Dusenberry." They sustained these difficult roles in a manner that would have been creditable to those eminent in the business.

The costuming of the ladies in their first "tower" as green country girls, was ludicrous in the extreme, and alone was sufficient to convulse the audience. In their second "tower" they had "gotten on" to the proper styles, and were as pleasingly gowned as they were ridiculous in the "first tower."

In addition to the numbers by the Dusenberry family, several most delightful specialties were introduced. The feature of the entertainment was a whistling solo by Mrs. E. W. Crane, now a resident of this city. Her ability in this line is marvellous, and she was given an enthusiastic encore. It was the first time a Brainerd audience has had the pleasure of listening to her delightful music, and it came as a surprise to nearly all, but it was none the less appreciated. Al Mattes favored the audience with one of his pleasing character songs, receiving an encore, and C. E. Wilson's solo was accorded an generous treatment. The entertainment was also a financial success, netting the ladies about \$150.

### PASSED BOTH HOUSES.

The Jacobson Gross Earning Bill Will Become a Law.

The Jacobson bill to increase the tax on the gross earnings of railroads from three to four per cent yesterday passed the state senate by a vote of 38 to 8. It has passed the house and now goes to the governor for his signature. It will have to be approved to a vote of the people before it becomes a law.

### Knocked from the Bridge.

Gust Dohlbanning, a lumberman, was struck by the engine of a logging train as he was crossing the B. & N. M. railroad bridge over the river on Saturday last, and the force of the blow knocked him off the bridge onto the low 15 feet below. Fortunately the force of the blow or fall did not break any bones, although he was knocked senseless and was badly bruised. The man was somewhat intoxicated at the time of the accident. He was put off the train at Walker, but managed to get on and steal a ride down. When the train stopped on the other side of the river he got off and proceeded across the great expanse of railroad on foot. He was taken to St. Joseph's hospital, where he has nearly recovered from his injuries.

**WERE AFTER PHILLIPS**  
STRONG EFFORT AT CHICAGO TO  
CROWN THE "CORN KING"  
TO THE WALL.  
WAS DRIVEN OUT OF WHEAT

Unknown Nearly a Million Bushels Early in the Day, But Over 15 More of the Holdings in the Other Grains. Big Day on the Board of Trade and a Large Crowd in the Galleries to Witness It.

Chicago, April 4.—A strong effort was made on the board of trade to crown George H. Phillips, the "corn king," to the wall. He was driven clear out of the wheat market, but gave up none of his holdings in corn and oats.

The day was the biggest of its kind the board has witnessed in many years. Government regulations, unusual and the crowd of struggling, howling brokers and traders cutting prices, filled the public galleries to the limit.

Market opened down to 71 1/2 to 71 3/8 and closed at 73 3/4 to 73 1/2, a net loss for the day of 2 cents. May corn tumbled to 62 1/2, the net loss for the day being 1 1/2 cents. May oats went to 21 1/2 and closed at 21 7/8 cents. Calls for margins were made on Phillips to the extent of nearly \$20,000 more. All of these demands being promptly met.

The attempt to reach the apex from the "corn king" resulted in further heavy losses to his customers. Other actual or paper profits in corn and of heavy losses on oats, but Phillips stuck to his policy. At the close he declared he had not been shaken but of his corn and oats.

The wheat deal was a different story. Phillips advised his customers to sell and indicated nearly 1,000,000 bushels early. This was the show that caused a loss of at least 1 1/2 cents per bushel or nearly \$2,000,000. The markets were intensely nervous, and the wheat in the first half of the session prices ranged from 1 1/2 cents to nearly 2 cents below the closing price. The prompt reaction by Phillips to morning calls for margins identified the market. By 10:30 a. m. on his selling out his wheat on general liquidation and on the report of failure of a St. Louis corn speculator, there were further sharp declines. After the decline was advertising customers to keep "a stiff upper lip" and was active upon that advice.

**SOME SIG. PROFITS**  
Consolidated Shares Are Worth About \$100 Each

Duluth, April 4.—The basis of agreement for the inclusion of the Lake Superior Consolidated Iron Mines (Rockefeller's company) in the Morgan syndicate is enough to set the holders of shares in the mines about \$104 per share on the present price of United States Steel stock. This is 20 a share higher than the top price for the mine stock here in the past few days and just \$100 more than it was selling for two months ago. On March 3 this stock was selling at \$104 a share less than it will bring under the Morgan conversion price. For the 12,000 shares held by Duluth people there is a total return, if they were all to sell at present price, of \$1,000,000. The Morgan syndicate announces that the John D. Rockefeller holdings are 85 per cent of the entire issue, but this probably includes not his personal holdings alone, but those of his immediate associates, such as F. T. Gates and the Colgate-Wetmore crowd.

**DOVLY CARTE DEAD.**  
Meted Theatrical Manager and Impresario Passes Away.

London, April 4.—The Chicago theatrical manager and impresario, died during the morning at Tisbury, Dorset, of pneumonia. He had long been suffering from the disease, which was aggravated by the shock he sustained in the death of his wife, Mrs. Carter, in a rooming house in London. He was 60 years old and had been in the theatrical business for 30 years.

**CHEAPER MONEY ORDERS.**  
New Postal Agreement Between the United States and Canada.

Washington, April 4.—An arrangement has just been concluded between the United States and Canada under which all postal money sent between this country and Canada will go at the domestic rate of 3-10 of 1 per cent instead of the international rate of 1 per cent as at present. This concession is regarded as more important to money order business than any action taken since the inception of the system. The exchange of these orders is now restricted to 4,000 offices in this country, but under the new arrangement will be extended to 20,000 offices in this country, any money order office in either country being thus authorized to issue or pay them.

**PASSED ONE BILL.**  
Hawaiian Legislature Has Completed Half of Its Session.

Honolulu, March 23.—The legislature has now completed half of its term of session and only one bill has reached the governor. This bill is a bill appropriating money for the expense of the session. In both senate and house constant debates over small matters have prevented the transaction of business, the senate especially having occupied nearly all of its time in debates over rules and in quarrels over the rulings of the president. The house rulers have many causes measure pending which are beginning to be in danger of falling to pass for lack of time, and they are preparing for night sessions to force the transaction of business. Seventy bills are before the house in various stages and half as many are before the senate.

AGUINALDO INTENDS TO RE-  
TIRE INTO PRIVATE  
LIFE.  
WILLING TO VISIT AMERICA

Said That President McKinley Had Invited Him and That He May Call April 10.—Chief Justice Arriola Gives an Account of His Administration and the Conditions Leading up to and Attending the ceremony, which was semi-private.

Manila, April 4.—Chief Justice Arriola, who administered to Emilio Aguinaldo the oath of allegiance to the United States government, described to a representative of the Associated Press the conditions leading up to and attending the ceremony, which was semi-private.

Arriola, still detained in an apartment of the Malacanang palace awaiting orders from Washington, had expressed himself as anxious to learn more regarding the American system of government and had asked him. The chief justice carefully explained the various measures passed by the Philippine commission headed by Judge Taft and showed him what provisions were made for education and progress and for municipal and provincial self-government. Listening with deep interest, Aguinaldo finally exclaimed:

"I never thought the Americans would go so far and so liberal."

Before the conversation was over he expressed the wish to visit the United States and this was immediately administered.

Continuing, Arriola said: "Aguinaldo's action will induce many insurgents to capitulate and I predict the islands will be completely pacified by June. Aguinaldo has expressed a willingness to visit the United States, but when I questioned him respecting the matter he said he had no desire to in that direction, but intended to retire into private life."

It is said President McKinley has invited Aguinaldo to visit the United States April 15. General MacArthur, who questioned concerning the rumor said he had not wholly believed to be true.

**ARE UNIMPORTANT.**  
MacArthur's Report Regarding Com-  
missionary Frauds.

Washington, April 4.—The following cablegram was received during the day at the war department from General MacArthur at Manila:

"Brigadier General Robert P. Hobbes reports commander at Baguio, Northwest Pinar, March 31, 39 officers, 138 men, 113 mules. General Hobbes reports 21 men and 21 mules surrendered March 31, Northern Mindanao."

"Commissionary frauds being investigated; no sufficient gravity cause concern; apparently due irregular sales savings. Press reports incorrect and misleading."

**DALZELL'S OPINION OF CUBA.**  
Bulk of the Inhabitants Favor Accept-  
ance of the Platt Amendments.

Washington, April 4.—Representative Dalzell of Pennsylvania, who has just returned from a two week tour to Cuba, saw the president during the day and returned with him about ten o'clock. Mr. Dalzell said that he thought there was hardly a man in the island except the politicians who did not favor the acceptance of the conditions of independence imposed by the Platt amendments.

"That the politicians are disposed to play a waiting game," he said. "I believe they will stand out until congress meets and then finding that we will not modify our terms they will accept the conditions. The better element in Cuba favors ultimate annexation with the United States, but I believe a large proportion agree that it would be better to come after a trial of independence has been made."

**COMING TO WASHINGTON.**  
Orders Are Sent to Commander Tilly  
at Tutuila, Samoa.

Washington, April 4.—Orders have been sent forward by the navy department for Commander Benjamin F. Tilly, the commandant of the naval station at Tutuila, Samoa, to come to Washington. Commander Tilly has been anxious for some time past to confer with the assistant secretary of the navy in regard to the needs of his station at the Samoa Islands, and this order will give him the opportunity, as well as a chance to visit his family in the United States. He will leave Tutuila upon the first available steamer tomorrow bound and will return to his post after the completion of his business in Washington.

Paris April 4.—"The withdrawal of the Russian squadron at Toulon," says the Paris Herald, "is a brutal discovery of our government by an allied nation and a consummation of our policy toward Italy. Moreover, it is a threat and a warning from the east."

Starvation and Famine in Russia. Colonel April 4.—Starvation and famine exist in the governments of Kharbin and Brest-Litovsk and other parts of the governments of Kiev and Lemberg. The mortality is 50 per cent of the entire population.

### IS NOT ABLE TO SIGN

RUSSIA FORMALLY NOTIFIED BY THE CHINESE GOVERNMENT.

#### ATTITUDE OF THE POWERS

China Desires to Keep on Friendly Terms With All Nations and Cannot Sacrifice the Friendship of All to Secure the Good Will of One.

Prince Ching Asserts That Li Hung Chang Only Favoured the Convention.

Peking, April 4.—The Chinese government has formally notified Russia that China, owing to the attitude of the powers, is not able to sign the Manchurian convention.

It is China's desire," says the formal notification, "to keep on friendly terms with all nations. At present the situation in the Far East is the most serious in the empire's history, and it is necessary that she should have the friendship of all nations. 'However much she might be willing to grant any special privileges or power, when others object it is impossible that for the sake of making one nation friendly she should alienate the sympathies of all others.'"

The official statement says the matter definitely and that Russia was informally notified to the same effect March 25.

Prince Ching asserts that every Chinese official is a patriot who is against signing the convention.

### WILL TAKE HER OWN TIME.

Russia Will Be in No Hurry to Get Out of Manchuria.

Washington, April 4.—Great interest was manifested in official and diplomatic circles over the Associated Press report from Peking that the Chinese government had determined not to sign the Manchurian agreement.

The official statement reached this government or the principal foreign embassies. To the Russian ambassador, Count Cassini, the news came as a great surprise, as he had hoped for a successful conclusion of the convention. Russia, he said, had informed the Chinese government that she did not mean to take Manchuria and that her desire was to make such arrangements as would avoid the repetition in the future of the Boxer troubles of last summer. The ambassador declined to give any official advice to indicate what probably would be the future course of his government.

### RUSSIA, IN A MEASURE, CONTROLS THE SITUATION.

Russia, in a measure, controls the situation in the Far East, as she has possession of the country and the great mass of her soldiers now in Asia are within that territory. China having refused the terms specified by the Russian ultimatum, she must wait for her own good time and retire from the region whenever she is inclined to do so. She has proclaimed to the world that her intentions regarding Manchuria are entirely honorable, that the proposed agreement was purely temporary and not intended to impair the sovereignty of China, or to injure the interests of the other powers. She being the case it was suggested by a diplomat that the Russians may attempt to obtain further modification of the proposed agreement in the Far East, or may seek to obtain from the powers opposed to it in its present form the points of objection held by them with a view to the preparation of a future document that will overcome many of the objections and insure without any equivocation whatever the integrity of the Chinese empire and render it free from any entanglements that may menace it as the result of such agreements.

### GERMANS ARE HOMERICK.

Whole Contingent Disgusted and Tired of China.

Berlin, April 4.—All letters received from China nowadays tell of the homesickness of the German troops. The correspondent of the Vostische Zeitung says the whole German contingent is disgusted and tired of China. Soldiers from officers to privates hate to eat the same food, and they find difficulty in securing volunteers to replace those coming home on Monday and so one volunteer had appeared at this place.

### CHINESE ROBBERS DEFEATED.

Berlin, April 4.—The war office has received advice from Oustang West regarding the defeat March 31 of 1,000 Chinese robbers by a company of German seven miles north of Tien Tsin. He adds that robbers are being pursued and also that a detachment of infantry, at the request of the Chinese authorities, has been sent from Tien Tsin to Hwang Sun and Lin Tsin for the purpose of protecting the inhabitants from robbers.

### REBELS CONFIDENT OF SUCCESS.

Kingston, Jamaica, April 4.—According to advice received here from Colon, Colombia, the rebels still continue to hold strong positions in the neighborhood of the city of Panama. The attempts of the government troops have signally failed and the government commanders are now content to guard the city against attack. The Liberals are confident of ultimate success. Business in commercial centers of Colombia is still paralyzed.

Peaceable Settlement Impossible.

Canton, April 4.—It is reported here that the victory has rendered a telegram from the court to the effect that a peaceable settlement of affairs is impossible. The victory is described as much disturbed by this communication.

### DID MUCH DAMAGE.

Something New Under the Sun.

All Doctors have tried to cure CATARRH by the use of powders, acid gases, inhalers and drugs in paste form. Their powders dry up the mucous membrane causing them to crack open and bleed.
