NELSON'S PHENOMINAL WORK.
Everyone Went Away Well Pleased—Governor Van Sant At Dress Parade.

Thousands of people visited Camp Holland last night to witness for the last time the dress parade by the Third Regiment, the special feature of the parade being the review tendered by Governor Van Sant. It was a very successful parade throughout, the boys of the regiment appearing to especially good advantage. Governor Van Sant was accompanied by Adjutant General Libby and Col. Wiley, aide-de-camp. The regiment was in command of Col. Vanduzee last night.

At the close of the parade the companies of the regiment were drawn up in line before headquarters where his excellency spoke a few words to them while seated on his horse. He stated that he was proud of the regiment and he thought there was reason to be greatly pleased at such a good attendance of the boys. He stated that he was proud of the boys during the recent difficulty with

the program, all being tastefully arranged and nothing was left undone to make the event a pleasant one. Those who were present from the regiment expressed themselves as highly delighted.

Sybilian's orchestra furnished the music for the occasion. The stage was beautifully decorated with cut flowers and potted plants and Old Glory made a striking background and couple of files back on the stage. There were about two hundred present.

Capt. W. H. Hart, brigade quartermaster of the regiment, issued the checks to the regiment last evening. The pay roll amounted to \$858.50 and it was divided among the companies as follows:

Company A.....	\$858.50
..... B.....	670.00
..... C.....	84.00
..... D.....	93.00
..... E.....	84.00
..... F.....	93.00
..... G.....	93.00
..... H.....	70.00
..... I.....	69.00
..... J.....	125.00
..... K.....	572.50

Fully 1200 people were at the Sweets driving park last night to witness the grand military historical exhibition by Duluth's crack Company C. The exhibition was good and made a hit but there should have been better arrangements for light. It was impossible to see the costumes on account of the poor light and of course this detracted from the excellence of the exhibition. The drills were all good, representing in a historical way the soldiers of the different countries. The United States

are shooting on the range this afternoon, but Company I will leave tonight.

Company F has been out on the ranges shooting this morning and the boys have been doing some cracker jack work. Lieutenant Nelson leads the van of the whole regiment so far heard from. His shooting is excellent and he has by far made the best record of any man in the company. In the first round at 200 yards he made a possible 50 and in the second made 49 out of fifty. He made seventeen bulges out of twenty and in all made 99 points out of 100.

When the boys complete their work on the range this afternoon the Dispatch will give the names and records of those who qualified for the different classes.

Capt. Lee will go to Duluth and Company A and C will shoot on their home range. They wanted to get home pretty bad and this connection was made then.

OUR HOUR COMES.

The Dispatch may be excused from referring to Company F, of Brainerd, with a few flattering remarks, for the organization is one to be proud of, the officers and men making a fine appearance and acquiring themselves most creditably both on the field and off duty. All Brainerdites take a pride in the company and this is as it should be, for the boys are a credit to the city.

STALLMAN IS VICE PRESIDENT.

Election of Officers of the Firemen's Convention at Crookston This Morning.

HENRY ENGLE FOR PRESIDENT.

Some Very Interesting Events on the Sport Program Pulled Off.

SPECIAL TO THE DISPATCH.
Crookston, Minn., June 13—This morning at the business session of the Firemen's Association the following officers were elected:

President—Henry Engle, New Ulm.
First Vice President—L. H. Stallman, Brainerd.
Second Vice President—E. G. Stone, Pipestone.
Secretary—E. O. Strong, St. Paul.
Treasurer—F. G. Joy, Stillwater.
Statistician—E. F. Kelly, Fairbault.

The election of officers of course determined the place of meeting in 1902 and 1903, New Ulm getting the former year and Brainerd the latter.

Yesterday was the big day at the women's convention. Governor Van Sant arrived this morning and has besides delivering an address to the firemen, personally met every delegate, visited and inspected the state experiment station, and held a reception at the Hotel Crookston to meet citizens and visitors.

The business session of the convention have been given up to papers on topics pertinent to the business of fire fighters.

The sports in connection with the meet are of a record breaking order.

DELIGHTFUL PARTY.

Messdames Merritt, Gale, Johnson and Base Entertain a Large Circle of Friends Yesterday.

Yesterday afternoon from 2 to 6 o'clock Mrs. C. J. Merritt, Mrs. L. J. Gale, Mrs. C. D. Johnson and Mrs. E. C. Bane entertained a large number of their lady friends at the home of Mrs. Gale at a coffee.

The four ladies above mentioned received the guests in the front parlor, which had been transformed into a beauty spot, the room being decorated with roses, there being no particular color scheme. The back parlor was also very tastefully decorated, the principal species being wild flowers which banked the fireplace. The decorations were very pretty throughout.

The ladies were assisted at the refreshment table by Miss Daulton, Miss Florine Merritt, Miss Ella Robinson and Miss Berrie Robinson. A unique feature of the afternoon was the very fine musical program rendered. The Ladies Star Quartette sang, Miss Maude Bane gave a solo, Mrs. Atherton gave a solo, Mrs. Crane gave a musical number and whistled, Miss Lucy Sterna gave a piano selection, Miss Benjamin also gave a piano solo, Mrs. LaBar Cooper a vocal solo and Little Miss Rueder contributed to the program with a song.

GOV. SAMUEL R. VAN SANT.

Spain. He knew all had not seen service but he held all soldiers, whether they were numbered among those who went to war or whether they staid at home, in great esteem. He stated that he thought it was as much of a task to be brave in times of peace as in times of war, and it certainly was just as honorable.

The governor's words were received with cheers from the ranks and for a time pandemonium reigned. "There were three cheers and a slogan" for the governor, for the colonel and one soldier yelled out, "What's the matter with the whole bunch."

Governor Van Sant has been especially well pleased with his visit at the camp. He left last night for Wideman, where he will be a guest at the Park Regien, G. A. K. encampment today.

The closing hours at the camp are again with a great deal of bustle and hubbub. Of course throughout the day the regular army regulations will be adhered to, but by tomorrow the camp will be a deserted scene.

The ball tendered to the officers of the regiment by the city and Company F was the most important social event in Brainerd of the mid-summer season. Society was out in large numbers to welcome the gentlemen of the regiment and the appointments in Gardner's hall were very elaborate, the music, the decorations,

was represented by two drills, one at the opening and the other at the close of the exhibition. Germany was represented by Black Hussars of the time of Emperor William. This drill was decidedly the best on the program. The work of the team was without question the finest thing that has been seen for some time. Other countries represented were France, England, Japan, Sweden and Arabia.

A feature of the evening's entertainment was the playing of the Third Regiment band. They were encouraged again.

Miss Georgia Alexander, Duluth, formerly of this city sang during the drill of the French Imperial Guards. She sang for the first number "Potion" and was loudly encored. With the Arabians she came out attired as a gypsy girl and sang the song called "The Gypsy Girl." Her singing was excellent and she received a perfect ovation from the large audience. Miss Lucy Sterna accompanied Miss Alexander on the piano.

Contrary to the order issued last night by Col. Vanduzee the Duluth companies left today on special cars attached to the regular Duluth train. The Third Regiment band also left on the same train. All the other companies broke camp this morning except Companies I and F. They

USED OBSCENE LANGUAGE.

Is the Charge Made Against John Driscoll by Mrs. Maggie Hart in Municipal Court.

John Driscoll was arrested by Deputy Sheriff Winter this morning and was brought before Special Municipal Judge Murphy, the charge of using abusive and obscene language naturally tending to provoke assault being preferred against him. Mrs. Maggie Hart being the complaining witness.

Attorney Warner appeared for the defendant, Assistant County Attorney Crane appearing for the state. Driscoll's attorney moved to dismiss on the ground that the complaint did not specify the exact words used by the defendant in reference to Mrs. Hart. The matter was argued at some length and the motion was finally granted and the case was dismissed.

Driscoll was rearrested immediately after the case was dismissed on a new complaint. He was found guilty and fined \$5 which he paid.

BY COURT'S COMMAND FIRE IN FORBIDDEN CITY MAY NOT HAVE BEEN CAUSED BY LIGHTNING. ROCKHILL HAS THE EDICT II Calls for the Destruction of All the Archives—Demands That Library be Intentionally Set on Fire—Majority of Ministers Opposed to Submitting Indemnity Question to the Hague Tribunal.

Peking, June 12.—A meeting of the foreign ministers during the day showed better prospects of their coming to some definite understanding, the majority of 46,000,000 taels as the amount of the indemnity to be paid to the powers. There was considerable discussion as to how the 4 per cent interest could be collected. Mr. Rockhill will present at the meeting an expression of the American government to the negotiators at the Hague. A majority of the ministers contra themselves against the proposition, thinking that within the next 30 days everything can be adjusted.

In the meantime the present military preparations for the departure of the troops and Chinese in connection regarding the return of the court to Peking seem premature. The powers may force a decision in the matter remaining to be adjusted.

Mr. Rockhill has the translation of an edict by the wording of which it would seem that the library of the Forbidden City was intentionally set on fire by orders of the court and was not struck by lightning, as was reported by the foreign guards.

The edict was for the destruction of all the archives. The fire must have happened the day after the receipt of the telegraphic edict, though the time a rumor of the receipt of the edict was denied by Prince Ching and Li Hung Chang.

ALL HOPE ABANDONED IT IS IMPOSSIBLE TO RESCUE ANY OF THE FORT ROYAL MINE VICTIMS. OPINION OF MINE INSPECTOR

May Be a Year Before the Bodies Are Recovered—Death List Reduced to Sixteen With Seven Badly Injured. It is the Greatest Mine Disaster Ever Known in the History of That Part of Pennsylvania.

Fort Royal, Pa., June 12.—As a result of the explosion in the Fort Royal mines of the Pittsburg Coal Company, sixteen men are dead, seven injured and thousands of dollars worth of property destroyed. The official list of dead and injured was made public by the coal company's officials. It is as follows:

The dead recovered: William McCune, superintendent of the company's mines along the Baltimore and Ohio railroad; Taylor Gustafson, Sr., and Fritz Kruger.

Those still entombed in the mine and known to be a certainty to be dead: William P. Allison, assistant superintendent of mines; Dennis Wardley, foreman, mine No. 1; John Cook, foreman, mine No. 2; John Cook, foreman, mine No. 3; Michael Roy, foreman, mine No. 4; John Cook, foreman, mine No. 5; Sammie Hladky, assistant foreman; Peter Marchando, John Rickey, Bernard Hall, Taylor Gustafson, Jr., Jerry Day, John Peoples and David James.

The injured:—Smith, Harry; McLaughlin, Robert; McKinley, Charles; Culligan and Thomas Plesson, all badly burned and bruised. Harry Beresford and Smith cannot live. Twelve of the mine men were men who went into the mine to recover the bodies of those who were killed.

What caused the explosion and loss of life is not known. The mine inspectors of the Ninth and Eleventh districts regard the greater part of the day trying to find out the cause of the explosion. The coal company declare that none but while others are of the opinion that one of the men carelessly opened one of the lamps and caused one of the greatest mine disasters in the history of Morehead county. It is said that if more than two weeks have been at work in Mine 2, where the explosion occurred, erecting cribbing between entry 3 and entry 21. Much of the cribbing had been placed in position and it was while building this work that Peoples, Davenport, and the others were killed.

The explosion was a terrific one and for fully three hours after it happened no one could enter the mine.

During the day the situation again grew serious when Mine Inspector Bernard Callahan accompanied by several men, descended the shaft and started to make an investigation near the bottom of the mine. The men gave the alarm and he was lowered down at 3:04 and about an hour afterward a terrific report was heard. It was a tremendous explosion and a severe explosion as to their safety. The story of the mine was told by Callahan.

Our agency was atrocious. I have never been in a mine wrecked from an explosion before. My lungs are like coals of fire. There is no hope of saving anyone in the mine and it may be a year before the bodies are recovered.

SETTLEMENT OF METHOD OF PAYING CHINESE INDEMNITY VERY SLOW. St. Petersburg, June 12.—The impression prevails in official circles here that the mode of paying the Chinese indemnity will not be settled for a long period, possibly not until the present ministers at Peking are replaced. It is thought they would all welcome a change of post and that new men would be better to settle the differences. While Russia is not pressing the guaranteed loan proposition because the constitutional proposal does not guarantee the loan without legislative consent, which would necessitate delay, the plan is not withdrawn. The British proposition is not acceptable.

Mr. Rockhill's arbitration proposal causes some wonder, since the mode of payment is hardly considered a suitable issue for a legal determination.

Will Keep a Garrison at Shanghai. London, June 12.—Lord Curzon, in a question to the house of commons as to whether Germany meant to maintain a large military force at Shanghai, said the government under stood Germany intended to continue keeping a garrison there, and explanation had been given by Germany as to why she had concluded to follow this policy.

SHRINERS IN SESSION. Twenty-seventh National Meeting at Kansas City. Kansas City, June 12.—Not since the Democratic national convention have so many visitors from all parts of the United States been in Kansas City as are gathered here to attend the 27th national meeting of the Nobles of the Mystic Shrine, and personally appraised Arabs have illuminated the streets all day. With two parades, a session of the imperial council and eighteenth, the Shriners have spent an exceedingly busy day. The imperial officers were escorted from the Hotel Baltimore to the Strand theater in the morning by all the uniformed Shriners and a large number of carriages. After the welcome speeches, all but delegates were excused and the council entered upon its business, considering reports of officers and committees.

BLAME THE DRIVER. Harvard Student Instantly Killed by a Chicago Automobile. Boston, June 12.—H. B. Bigelow of Buffalo, a freshman at Harvard, was instantly killed by a Chicago automobile of the Cambridge fire department. The Chicago claim the driver of the engine deliberately drove his engine into the crowd of students. Bigelow was crushed under the wheels of the motor car as the students realized what had happened they made a wild demonstration, but cool heads prevailed and the stream were allowed to return to their stations.

Van Renburg Surrendered. London, June 12.—Lord Kitchener reports to the war office under date of Pretoria, June 11, as follows: "Commandant Van Renburg and his commando have surrendered at Pietersburg. The Boers will have come in and others are following."

Injured in a Torpedo. Sioux City, Ia., June 12.—A small boat, demolished a number of houses. The 3-year-old son of J. N. Armstrong was killed. Armstrong and his wife were badly hurt and probably will die.

Governor Bamford Dead. Alabama's Chief Executive a Victim of Heart Disease. Montgomery, Ala., June 12.—William I. Bamford, governor of Alabama, died during the night at Tuscaloosa, Ala., where he has been ill for some time. Disease of the heart was the cause of death.

Governor Bamford has been in Tuscaloosa several weeks, having gone there to attend a meeting of the trustees of the state university. He had been ill since his inauguration as governor, but it was believed that the danger of death was passed. While in Tuscaloosa, however, his illness returned with renewed violence and he became so dangerously sick that the physicians feared to remove him to Montgomery. Monday Governor Bamford was thought to be improving, but grew worse during the day and succumbed at 10:15 p. m. He was 58 years of age and a native of Alabama. He had served in the state senate and in congress and held other important public offices. He was succeeded by Governor H. H. McCallum on August 1st and was inaugurated. Dr. J. Henry W. Johns, president of the state senate, will succeed him as governor.

MUST HAVE MEDICAL CARE. Decision of Chicago Judge Regarding Children of Chinese Students. Chicago, June 12.—Children of Chinese students and of believers in "mind" cure, "faith" cure and "divine" healing, will hereafter be committed for medical treatment to various hospitals, such as the Cook county hospital, the Cook county court, in connection with the case of Joseph Chamberlain, who was taken out of the custody of his mother, a Christian Scientist, and committed to the Orphan Home according to the views of Judge Tutbill. Judge Tutbill, in his faith cure or anything else to combat disease, children, however, according to his idea, must have medical attention whenever it is needed. When parents when they are long suffering, Judge Tutbill holds that it is time for the authorities to step in and commit them to institutions suitable for the care of children.

FORMALLY WELCOMED. Opening Session of the Woodmen Convention at St. Paul. St. Paul, June 12.—At 10:30 a. m. Head Council W. A. Northcott of Illinois presided over the 12th biennial convention of the Woodmen of America in the Auditorium.

The hall was filled with delegates and visitors when the meeting opened. The platform was crowded with camp officers and a number of prominent visitors and St. Paul citizens.

Governor R. H. Van Sant welcomed the visitors to the state in a folioles speech, and was followed by Mayor E. A. Foster, who delivered an address of welcome on behalf of the city. These addresses were responded to by Mayor Northcott of the Forster team, about 90 in number.

AGUINALDO'S SUCCESSOR. Emilio Zuhardain, Has Proclaimed Himself as Such. Washington, June 12.—Emilio Zuhardain of Tabas province has proclaimed himself the successor of Aguinaldo as governor of Tabas and the Philippines, according to a copy of a Manila paper just received at the war department. Serious damage to the collection of the Philippines has been done by the Philippine revolutionaries and the "office carries with it certain grave responsibilities, which sooner or later result in heart failure and a sudden demise."

CYCLONE AT ADRIAN, MINN. Property Damage is Extensive but No Lives Are Lost. Adrian, Minn., June 12.—A cyclone struck this town at 1:30 p. m. from the southwest. Serious damage to property resulted, but no lives were lost. C. A. Sande's hardware building was wrecked and stock damaged about \$500. G. H. Leeros' furniture, Mrs. J. Peterson's restaurant, John Rebeber's meat market, F. C. Tiesse's grocery, Ferdinand Baecker's meat market and L. P. Hoerger's jewelry store had the fronts demolished and some badly injured. Mr. T. R. Foley passed through the city today en route to her home in North Dakota, where she is the northeast news just such a conservative leader as Bishop Edsall is and that his residence in Minnesota will have its influence, not only in Minnesota, but throughout the church in the west. Minnesota, being an old established diocese, and North Dakota having all the possibilities of development before it, Minnesota felt that the house of bishops could more safely provide for North Dakota than Minnesota, but its clergy and laity could elect the right man for the conditions in Minnesota.

In Nebraska, according to Rev. Messrs. Hendricks, the barber shop in country towns is the demoralizing influence among the youth instead of the saloons, and he proposes to organize the tonorial parlors as an adjunct of the church. The idea is unique, and the vendors of intoxicating liquors seem to think it quite a compliment to them that the warfare should be transferred from the saloon to the barber shop, while the latter are hoping that no Carrie Nation will be organized in the county.

Mr. James Brown of Potomac, Va., over 50 years of age with a bad sore on his neck. Physicians said he could not be cured. DeWitt's Witch Hazel Salve cured him permanently. H. F. Dunn & Co.
