KNAPP FOUND GUILTY BY JURY.

He Was Indicted on a Charge of Grand Larceny in the Second Degree.

THE STODDARD SENTENCED.

The Case of the State vs. John Murphy Now Being Tried in District Court.

The case of the State vs. James Knapp was taken up Tuesday afternoon. Knapp is the man who was arrested last March shortly after the March term of court, charged with holding up and robbing one Henry Wise and taking from his person one gold watch. Attorney Crane appeared for the defendant and Attorney S. F. Alderman for the plaintiff. The testimony was all adduced and the arguments to the jury were made.

The jury retired shortly after 10 o'clock and were out about two hours when they returned a verdict of guilty of grand larceny in the second degree. Knapp is probably due to draw a term in the pen at Stillwater.

Tuesday afternoon Frank and Mary Stoddard were brought before Judge McClellan for their second permission to change their plea from that of not guilty to guilty on the charge of grand larceny in the second degree. It will be remembered that these are the people who rode off on two wheels belonging to A. L. Hoffman. The court imposed a fine of \$100 each and in default of the same to serve a sentence in the county jail 90 days each. They will, in all probability, serve the sentence.

Wednesday afternoon the case of the State of Minnesota vs. John Murphy was finished and the jury returned a verdict of not guilty. It will be remembered that Murphy was arrested along with a man by the name of R. D. Plemin charged with robbing William Kennedy, of Backus, of something like \$800, in Jamieson's saloon. Kinsey had come in from Backus and started in to have a good time and during the night somebody went through him taking every cent he had. He fell asleep somewhere and did not discover that he had been robbed until the next morning. Murphy and Plemin had been seen with the man early in the evening and of course they were connected with the crime and arrested by the city officials. Upon the preliminary hearing they were both held to the grand jury.

The grand jury indicted both men on the charge of grand larceny in the second degree. J. H. Warner was appointed to defend Murphy and W. H. Crowl had been secured by Plemin to look after his case. Attorney Warner made a great fight for his client and it is said that his address to the jury yesterday afternoon was something very rich. He went on to say that even though the defendant in the case might be guilty, that he should not be convicted because the case was the first on record in Crow Wing county where a lumber jack robbed a saloon man; it was always the other way. He also said that his client had done more work in one week than the whole push who testified against him had done in two years.

Yesterday the case of the State of Minnesota vs. R. D. Plemin was called, but on the motion of States Attorney Alderman the case was annulled. There was no evidence to connect him with the crime, especially since Murphy was released. Yesterday Judge McClellan dismissed the case of John H. Oraddock vs. Mary Oraddock. Some time ago an order was issued by the court requesting the plaintiff in this action to put up attorneys fees and alimony pending the trial of the same. The order was issued with the understanding that unless the provisions of the same were complied with that the case would be dismissed. Attorney Fleming for the plaintiff and Attorney Crowell for the defendant happened to be in

court this morning together and the judge called the matter up. He asked if the order issued had been complied with, and on being informed that it had not he immediately dismissed the whole proceedings.

The case of E. F. Edquist vs. Con O'Brien was then taken up. Attorney Crane appearing for the plaintiff and Attorney Fleming appearing for the defendant. This is a case wherein the plaintiff seeks to recover for the loss of some logs, claimed to have been unlawfully acquired. Attorney Fleming, after the plaintiff had adduced some testimony, moved to continue the case on the ground that there was one forty-acre piece of land mentioned in the complaint that is not described. The court granted a continuance of the case and gave the plaintiff twenty days in which to file an amendment to the complaint. Twenty days from that time was given to the defendant in which to file an answer to the complaint.

WANT "SIXTEENERS" TO PAY.

Old Indian Chief Gets on his War Paint at Cass Lake and Wants to Know Who is Who.

On Saturday afternoon there appeared at the Edson hotel at Cass Lake Chief Song-go-shig, accompanied by about twelve of the Bear Islanders that took part in the uprising of October, 1898. Chief Song-go-shig was arrayed in all the paraphernalia of a chief and was wearing a heavy beaded necklace around his neck. In his hair was a circle, with several feathers stuck into it. On his arms were two things that looked like fruit ties, with the bottoms knocked out. He evidently endeavored to create the impression that he arrayed in gorgeous costume his presence would command more attention and respect. His request, audience with Col. Hartley, as soon as he and his companions were seated he produced several letters from the Chicago commission, giving him a good character, and one stating that he was the chief of the Cass Lake Indians, and son of Mos-Mos. Around his neck he wore a silver medalion, about the size of a saucer, with a picture of Ex-President Pierce engraved on it. Through an interpreter, Mr. Song-go-shig requested to be informed by what right the whites occupied the lands of his tribe. This demand had not been seen to suit the chief or his followers. They seemed inclined to be annoyed, and finally Mr. Song-go-shig commanded to disrobe and fill his sack with his wardrobe, and then followed a consultation among the Bear Islanders, which was to the effect that if some white people had paid for some of the land all ought, and that they would insist that the sixteeners either pay for their lands or get off. Song-go-shig had an ancient document with him, of which the following is a copy:

"At the earnest, and as it is believed, reasonable request of the United States to furnish, at the earliest practicable time, a portable saw and planing mill for the use of said Indians.

"Also to have sufficient pine reserved for the use of said reservation and also 100 acres set aside as a government reservation for such buildings as the government may see fit to build thereon, or permit to be built by others, for necessary schools and other purposes.

"A blocksmith, with tools and a supply of iron, as a necessity that cannot be questioned.

PLANNING FOR A HUMMER.

Important Meeting of the Firemen of the City Held Last Night.

THE 1903 FIREMEN'S TOURNAMENT

Committees Appointed and Arrangements Made For Some Paving Events.

There was a very important meeting of the firemen of the city Tuesday evening at the Central Home house. The meeting was called for the purpose of discussing ways and means which would bring in the largest amount of money to go to a fund to be used in making the firemen's tournament to be held in this city in 1903 one of the best ever held in the state.

There was a very good attendance of the members of all the companies and several important steps were taken in the right direction. It was decided to give a dance on the evening of Labor Day and the boys expect to sell a large number of tickets for this event as a starter.

It was decided to meet once every three months from the present time until the tournament to discuss plans. During the interims between meetings matters will be left in the hands of a committee composed of one member from each company and the chief of the fire department. Chief Bennett presided at the meeting Tuesday night and there was a marked unanimity of all the members of the department. The committee which will have power to act and which will make all arrangements is composed of Chief A. H. Bennett and the following from the different companies:

Hook & Ladder Co. No. 1—James Buley
No. 2—E. Stallman
No. 3—W. W. Winters
No. 4—Peter Peterson
No. 5—H. Cain

It was also decided to have some ball games in the near future between teams composed of the members of the different companies. The captains of the different companies were authorized to make the arrangements. The tournament of 1903 will be a success if all it requires is hustle. The boys are anxious to make a good showing. All firemen are in one accord and in unity there is strength.

FIFTH WEDDING ANNIVERSARY

Celebrated by Mr. and Mrs. L. D. Beach Tuesday Evening at Their Home on North Side.

There was a very pretty gathering at the home of Mr. and Mrs. L. D. Beach at the corner of Juniper and Third streets north Tuesday eve, the event being the fifth wedding anniversary of this popular and well known couple. The home was tastefully decorated with cut flowers and potted plants for the occasion and the thirty-five or more guests, notwithstanding the heat, enjoyed a most pleasant evening.

The diversion of the evening was progressive euchre but during the evening several musical solos were given. Mrs. Nellie Hesen was the winner of the ladies' head prize and Henry Lineman won the gentlemen's prize. Mrs. C. D. Johnson was the ladies' foot trophy and Edward McKay took this honor for the gentlemen.

This being the "golden wedding" of this popular couple a large collection of presents were brought in, some of them being extremely beautiful and handsome. About the most beautiful was an elegant hall settee. Mr. and Mrs. Beach have the best wishes of a large circle of friends in this city and all wish them many happy returns of the event.

Labor Day Call.

There will be a meeting of all branches of labor on Friday evening next, at the Trades and Labor hall over Lagerquist's tailor shop, to consider the matter of observing Labor Day this year. A full attendance is desired.

PIONEER RESIDENT DEAD.

Mrs. Francis Wolvert Dies Wednesday At the Home of Her Daughter.

Mrs. Francis Wolvert, wife of Joseph Wolvert, died Wednesday at 1:30 o'clock at the home of her daughter, Mrs. A. Armstrong, at the age of 83 years, after suffering for years with tumor of the stomach. Deceased has been a resident of this city for twenty years. She is survived by her husband, two sons and two daughters. They are: Frank and Peter Wolvert; Mrs. A. Armstrong and Mrs. Frank Bacon. The funeral services will be held this morning at 9 o'clock at St. Francis Catholic church.

LAMHART-GABROU.

Two Well-Known Young People of the City Married at Frank Lynd's Residence.

Wednesday Mr. David Lamhart and Miss Catherine Gabrou, both of this city were united in the holy bonds of matrimony. Rev. Father Lynch officiating. The wedding occurred at Father Lynd's residence in the presence of a few friends. The bride is the daughter of Mr. and Mrs. John Gabrou of this city and is very well known. The groom is a young blacksmith who has lived in the city for a long time and has a large circle of friends here. Mr. and Mrs. Lamhart left this noon for Ashland, Wis., where they will make their home in the future. They have the best wishes of a large number of friends here.

EIGHTY-FOUR NOW THE NUMBER

There is a Good Increase in Attendance at the Summer School This Week.

There has been quite an influx of teachers at the Summer Training school this week. There is now a total of eighty-four members enrolled and there may be still more toward the last of the week.

Prof. Nelson is very much pleased with the progress being made in the different classes.

JOKE RESULTED SERIOUSLY.

Louis Carlston, A Switchman in the N. P. Yards Injured Wednesday Afternoon.

Louis Carlston, the well known switchman, in the Northern Pacific yards, was quite badly hurt Wednesday afternoon, as a result of a joke one of his fellow workmen played on him. One of the large torpedoes used by the railroad for signal purposes was placed on the track and it exploded not far from where Mr. Carlston stood and a part of the explosive struck him in the left arm just above the wrist.

Mr. Carlston was standing on the back step of the switch engine at the time and the very queer coincidence is the fact that two large wheels passed over the torpedo before it exploded. It is not thought that Mr. Carlston's injuries will prove serious, but he will suffer much pain and will be laid up for some time.

OLD FARMER'S

TRAGIC ENDING.

He Expires While Being Taken From Depot to St. Joseph's Hospital.

KICKED SATURDAY BY BRONCHO

Nearly Twenty-four Hours Before He Thought He Was Hurt By the Kick.

Albert Krauser, of Pillager, met his death in a tragic manner in this city Sunday afternoon. He died at the N. P. depot just as he was about to be driven to St. Joseph's hospital, and before medical aid could reach him.

On Saturday night between 7 and 8 o'clock he was kicked in the stomach by a broncho but at the time did not think he was seriously hurt and therefore did not pay much attention to pain in the region of the abdomen. It was not until yesterday morning at 9 o'clock that John A. Summers, a neighbor, was called over to the home of the injured man to see what could be done for him.

Mr. Summers said that the man was pretty badly hurt and at once hastened him off to catch the train for Brainerd. They reached the city on the 1:10 train and Mr. Krauser walked from the train to the buggy almost unassisted. Mr. Summers and he were on the back seat and Mr. Summers stated that almost before the train could turn around to be driven over to St. Joseph's hospital Krauser laid his head back on the cushion and expired without a word.

The body was moved to St. Joseph's hospital and Dr. Camp was called. The remains were shortly afterwards removed to the undertaking parlor of D. M. Clark & Co., where they were prepared for burial.

Deceased was fifty-two years of age. He is an old resident of Pillager and is well known throughout. His wife died about eight years ago and she left seven small children to the care of her husband. Later the children were taken to Faribault and during the past year or two they have been taken to different places in the state. The oldest girl was informed of her father's death last night by wire. She is at Blue Earth City and will probably arrive here in a day or two and until that time no funeral arrangements will be made.

THE MORIBUND CROWD.

Warden Walker Bombaraded by an Army of Newspaper Men at Stillwater Who Want Information.

The following from the Stillwater Gazette regarding the Younger brothers is interesting:

"That there is great excitement over the parole of the Youngers in this state and elsewhere is abundantly apparent. The yellow journals of the east are giving prominence to the incident. Reporters from papers in Chicago, Kansas City, the Twin Cities and elsewhere made their appearance at the prison yesterday. There was also a throng of curious people who expected that the Youngers would be released yesterday and they wanted to see the paroled men as they emerged from the prison walls that they expected to be their fate. But the throng were disappointed and it is safe to say that their departure from the prison will be quiet and unobserved by a morbid crowd. Warden Walker will see to it that their departure is not so heralded."

It is safe to say that the men will not be permitted to be corrie or owners of a cigar store, although such a plan would be a money making one for a year or two with them as the drawing card. To engage in the saloon business is out of the question. However, unobjectionable as a moral question would be a place in a cigar store, it is not the purpose of Warden Walker or the Youngers to satisfy public curiosity by an exhibition in such a place.

The correspondents for papers from around are still camping on the scene and have orders to remain there until the Youngers are taken from prison. The number is growing. This indicates that the movements of the Youngers will be reported from the instant they leave the prison walls until they are located in their new home. If the warden sees needs in getting them away unobserved, it will be gratified.

It is said that a Minneapolis department store is willing to pay \$10,000 a year to the Youngers as floor walkers and that other retail stores in the Twin Cities have made liberal offers for the men. The Star-Booster of St. Paul as well as other papers of amusement would like to secure the services of the men.

The good money to which Cole Younger is entitled amounts to \$162,000. This includes \$25 to each which is allowed since a change in the law a few years ago. The other portions accumulated under the old law when prisoners were allowed good time money for special services.

GREAT FORTUNE IN SIGHT.

A Resident of This County Has Invented Huge Irrigation Pump.

George Bailey, of Pillager, has got something he is going to get patented that is going to reap him a fortune, he thinks, and he has succeeded in interesting some capitalists in this city in the project.

He was in the city Friday and had a long talk with R. J. Hartley, and Mr. Hartley and Attorney C. A. Albright went out on the 12 o'clock train in the middle of the night and drove out into the country several miles. Mr. Bailey has what he thinks is the greatest invention ever known in a pump, which is to be built on a mammoth scale and used for irrigation purposes. He took Mr. Hartley and Mr. Albright to the scene of his labor for the past six months, and they were dumbfounded and surprised at the amount of machinery and material which were littered about a large shaft which had been built.

The shaft has been kept locked during the months that Bailey has been at work and he lived out in the woods in a hermit-like fashion, never seeing any one. He worked on this piece of machinery during all this time and now he seems to think he has completed it.

The Brainerd gentlemen are very much enthused over the matter and the latter will go to Pillager in a day or two to draw up a contract with Mr. Bailey. Hartley and Albright are to receive one-half interest for their work and they will at once have a model made and have it sent to Washington to be patented.

The project will require an accompany for the manufacture of the pump and it will be pushed with all the capital that is required back of it.

PENALTY WAS NOT ATTACHED.

City Ordinance Covering Herd Law Is Found to Be Very Much Punk.

COUNCIL MET MONDAY NIGHT. City Engineer Authorized to Advertise for Bids for Paving Seventh Street.

A regular meeting of the city council was held Monday night in chambers with President Crowl in the chair. There were present Aldermen Halladay, Gardner, Erickson, Rowley, Fogelstrom, Doran and Wright.

At the opening of the meeting City Attorney Crowl called the attention of the council to a slight discrepancy in the city ordinance governing the herd law. He stated that this ordinance had been changed so many times that by some book or error the most important part had been left out, that of penalty. He stated that the city was about to prosecute one of the parties who had violated the herd law, but upon looking up the city ordinance governing this matter it was found that no penalty was provided, for, as was the usual custom in matters of this kind, he was instructed to have the ordinance amended and prepared for their next reading at the next meeting.

The following is the financial report of City Clerk Low for the month of June:

Electric light fund	\$1288.85
Municipal Court	268.70
Remuneration by state act	110.35
Small pox	110.35
Streets, sidewalks and bridges	199.27
Sinking fund	822.71
General fund	7403.57
Liquor license	4000.00
Dog tags	111.90
Revised taxes	174.00
Total	\$14,078.85

CITY EXPENSES	\$1682.57
Fire protection	2916.15
Streets, sidewalks and bridges	755.78
Electric light fund	576.23
Bicycle fund	231.85
Printing	93.78
Total	\$6435.36

The report was accepted and ordered filed.

The committee consisting of Aldermen Doran, Fogelstrom and Rowley, to which was referred the petition of James Holcher, who asked that he be given permission to raise his frame building on lots 7 and 8, block 49, one story, reported that inasmuch as the city line ordinance provided that all improvements within the fire limits of this nature are to be made with brick, either regular brick buildings or brick veneer, the board must establish a dangerous precedent and therefore would not recommend that the petition be granted. The report was received and placed on file.

The committee composed of Aldermen Gardner and Fogelstrom, which had been authorized by the council to investigate the matter of catch basins, etc., reported that the Sixth street and Fifth street flush basins were now ready for use; also that seventy-five feet of thirty inch sewer pipe had been laid in connection with the Fifth street flush basin; that pipe had also been laid in the washout on Maple street; and recommended that the street commissioner be instructed to cover the same. The report was received and placed on file.

Pursuant to an order of the city council dated July 1 directing that Seventh street south from the south line of Front street to the south line of Laurel street be paved, City Engineer Whiteley gave an estimated cost for the improvement. He estimated that the cost therefore would amount to \$147; that the portion of such estimated cost which will be required to construct such improvements in front of abutting properties is \$874.40; that the estimated cost of improvement across streets and alleys will be \$582. The report was accepted and ordered filed.

The city's water power was again the subject of each discussion last evening. Alderman Halladay brought up the matter by stating that as far as was approaching he was informed that Engineer Peterson could put in something like 2,500 lights, application having been made to him. He understood that while the city was supposed to get 500

horse power from the dam company, 250 was all that was really being used; that the wheels used by the dam were not adequate to furnish 500 horse power. Attorney Crowl stated that he had been in communication sometime ago with the president of the Mississippi and Rum River Boom Co. regarding this matter and at that time it was impossible to get any definite answer from him. The company was to be reorganized at that time and any proposition that might be made by the city council could not be well entertained under those conditions. He stated that conditions might have changed by this time and on motion Alderman Fogelstrom the city attorney was instructed to write President Clute again and see what could be done.

There was a petition before the council last evening signed by a large number of property owners along Front street asking that the city ordinance regulating the width of sidewalks along Front street be amended so that all cement walks laid in the future be fifteen feet wide instead of twenty feet as at the present time. The petition was accepted and placed on file. Alderman Wright moved that a committee of three be appointed to see an engineering with the city attorney to amend the ordinance as they see fit. The motion carried and President Crowl appointed a committee of three consisting of Aldermen Wright, Rowley and Halladay.

Alderman Doran stated that those who were supervising the construction of the highway in the city should do something to avoid the ridge that is extended across every street about two feet from the cross walks. On July 10th the regular meeting was held to fix said cross-walks.

Alderman Wright moved that the city engineer be authorized to advertise for bids in paving and grading of Seventh street according to plans and specifications on file in the office of the city clerk and that he be notified to fix said cross-walks. The motion carried.

The matter of hydrants and extension of water mains came up again last night and President Crowl of the Water Works company, came in for a few side darts. A long communication was read from him, and as different paragraphs were gone over there were groans from different members of the council. Mr. Tighe stated that he had read the paper wherein it stated that one of the members of the council suggested that it was about time to make the Water Works company a dam. He stated in his communication that the company was too old to date. There was nothing done in connection with the matter.

Alderman Gardner moved that the city council give an expression of thanks to City Attorney Crowl for the efficient manner in which he conducted the case of Grant vs. the City of Brainerd. The motion was unanimously carried.

City Engineer Whiteley was instructed to prepare plans for the paving and curbing of Sixth street. Council adjourned.

Teeth filled and crowned with Gold or Porcelain, and teeth extracted with Olanstead, at Dr. Ribbel's.

DECIDES NOT TO SUE. Contractor M. K. Swartz Accepts the Amount Tendered by City Council—Signs Agreement.

It will be remembered that THE DISPATCH sometime ago stated that Contractor M. K. Swartz would bring suit against the city to collect the amount due on the paving contract on Fourth street north in excess of the stipulated price in the contract, such excess being the extra amount put in by reason of using crushed rock instead of gravel, according to the wishes of the property owners. The amount which Mr. Swartz asked in excess of the contract was about \$500.

Mr. Swartz has this first thought has decided not to fight the matter but to collect what he can from the property owners. City Clerk Low has taken to Mr. Swartz \$2500 but the latter had to sign an agreement to release the city from all damages or claims.

GREENLEAF GOT SECOND.

In a Very Fast Race at Foston. Entered in the Races at Crookston.

Greenleaf, owned by J. M. Gray of this city, was entered in the free-for-all event at the race meeting held in Foston last week and took second place, A. R. taking first.

The same order was maintained in all three heats and the time made on a half-mile track, 2:18, shows that the race was for blood. The feature of the race was the fact that there was no pools sold, and the result was that all the money in sight was in purses, and each was driven out to finish without a thought of jockeying.

Greenleaf will also be taken to the racing meet at Crookston. The date will be the 18th and 19th of July, Thursday and Friday of this week, the original time that was set for the Crookston meet when the representatives of the valley circuit came together in Crookston and decided to hold a series of race meetings, and which were subsequently vacated when it seemed as if there were so many amusement and entertainment features planned that the business men and others who furnished the money could not stand the drain.

WORTHY SUCCESSOR. "Something New Under the Sun."

All Doctors have tried to cure CATARRH by the use of powders, acids, inhalers and drugs in paste form. Their powders dry up the mucous membrane causing them to crack open and bleed. The same has entirely eaten away the same membrane that their makers have meant to cure while powder and acids cannot reach the disease. An old and experienced practitioner who has for many years made a specialty of the treatment of Catarrh has at last discovered a remedy which when faithfully used, not only relieves at once but permanently cures Catarrh, by removing the cause, stopping the discharges, and restoring the membrane. It is actually reaches the affected parts. This wonderful remedy is known as "Saniflee" the guaranteed Catarrh cure. It is the only medicine containing internal and external medicine sufficient for a full month's treatment and everything necessary to a perfect cure.

"Saniflee" is the only perfect Catarrh cure ever made and is now recognized as the only safe and positive cure for the annoying and disgusting disease. It cures all inflammation quickly and permanently and is also wonderfully quick to relieve Hay Fever or Cough in the Head.

Catarrh when neglected often leads to Consumption—"Saniflee" will save you if you use it at once. It is no ordinary remedy, but a complete treatment which is positively guaranteed to cure Catarrh in any form or stage if used according to the directions which accompany each package. Don't delay but send for it at once, and write full particulars to your condition and you will receive special advice from the discoverer of this wonderful remedy regarding your case without cost to you beyond the regular price of "Saniflee" the Guaranteed Catarrh Cure.

SHERIFF ERICKSON'S OPEN CONFESSION.

He Threw Himself on the Mercy of the Court and Took the Medicine.

FINED AND REPRIMANDED.

Judge Lochren Said That Evidence Showed Gross Neglect and Contempt.

Sheriff Ole P. Erickson got out of the trouble in which he got mixed up in recently in the George Wolf matter with a small fine. The following is an account of the proceedings in the United States court in St. Paul by the St. Paul Dispatch:

"Ole P. Erickson, sheriff of Crow Wing county, was this morning sentenced by Judge Lochren, in the United States district court, to pay the fine of \$75 and the cost of the prosecution and to serve in the Reformatory jail pending the payment of the fine and cost."

Erickson was arraigned on a charge of contempt of court, in allowing a United States prisoner, his care to have unusual liberties.

The case was one of the utmost importance to the federal authorities, in substance it was as follows:

On April 20, George W. Wolf, was convicted by the United States jury on illegal sale cutting in Hubbard county. On June 10 he was sentenced to serve a sentence of three months in the Crow Wing county jail. He was accepted as a federal prisoner by Sheriff Erickson.

About July 15 the marshal's office was informed that Wolf was being allowed to go about the town. Deputy Marshal Tufts was sent to investigate. He found that Wolf had been at the railway station on June 30 unaccompanied, and that he had been boarding at the City hotel for ten days previous. The marshal reported this to the local office and had an order issued by the court to change the prisoner to the Ramsey county jail. This was done, and the man was brought here yesterday.

In court Erickson, through his attorney, E. J. Murphy, admitted all the facts, and threw himself on the mercy of the court. The facts as related had taken place while he was absent from Brainerd, attending court, and had occurred without his knowledge. An application had been filed for pardon for Wolf, he stated, and that might have influenced his deputies to allow him more liberty than other prisoners.

Mr. Purdy, for the government, stated that he did not want to have undue pressure borne on the defendant. Other sheriffs in the northern part of the state have done the same thing. However, it was time that an undertaking government work must not neglect it.

Judge Lochren, in the passing sentence, said that the evidence showed gross neglect and contempt for the orders of the court.

The fact that a prisoner was given his liberty was in itself an annulling of the sentence of the court. The sentence would have to be made, although not as severe in this case as in others, because there were slightly extenuating circumstances.

The government officials were highly displeased with the sentence. It is not the sentence so much as the lesson that it will teach, said one of them today.

"I believe it is time for the officials under the government service to know that they cannot fool with Uncle Sam. If the officials do not obey the law, how can citizens be expected to obey it?"

Secretary Orth Arranging for a Date About the First of August in this City.

M. K. Swartz has received a communication from Secretary B. Orth of the Northwestern Cycle Association asking for a date at the Swartz driving park for the purpose of holding a bicycle tournament in this city.

Mr. Orth has suggested August 4 as the date and, unless some unforeseen conditions arise which are not suggested to Mr. Swartz at the present time, the tournament will be a go.

Mr. Swartz has written the gentlemen that the date will be satisfactory and he expects to hear from him in a few days with more definite information on the matter. The tournament was held in this city last year and was a success.

The program this year will be augmented with many more novel events than was on the schedule last year. The racing events will be of course the feature and it is expected that some crack riders can be secured at that time.

Official Paper of Crow Wing County.

Legal Rates for Legal Notices.

FRIDAY, JULY 10, 1901.

Over three tons of shell and salted peat are consumed in Minneapolis.

William J. Bryan has caused the names of the Ohio democracy from his calling list.

Here the fact in mind that Crow Wing county is to have the best fall that will be held in northern Minnesota.

At Fergus Falls the council has ordered the use of cement retaining in the building of sidewalks.

The Princeton Union suggests that the way to solve the cotton question would be to make only prohibitions eligible on our fighting force.

Talkings about well advertised men, there isn't a man in the country today that can hold a candle to Cole and James Younger in that respect.

Dawson City is now suffering from an over supply of food according to late dispatches. It has either been a feast or a famine with the people in that section for some time.

Mortley will have a new paper with manager, and John T. Devere, of the Staples World, as proprietor.

Wolcott's is just as well, now that the Youngers are out of jail, for the press of Minnesota to cease cataloging these men for their natural gentleness and high moral character.

A VILLIARD doctor advocates the cultivation of all lumber jacks this fall just as they are going to camp. It would be a good thing for the men, and possibly for the doctor.

The domestic St. Cloud Times thinks it would be well for its party to devote their time and energies to "getting together" rather than nominating candidates for office in advance. The advice is timely.

Michael Dowling is credited with congressional aspirations and the country papers do say that he is a really cultivating political acquaintance in various parts of his district with this line in view.

The Pigeon Daily Star wants the question as to whether or not Columbus is entitled to the honor of having discovered America settled for a time and suggests that it be submitted to a vote of the American people.

The government has accomplished a step further in the uniformity of the postal systems of the United States and Canada, whereby money orders are exchanged between the countries at the domestic rate.

Unsubscribed communications will not be published in the columns of the Dispatch. The name of the writer is not necessary for publication but as an evidence of good faith, and contributors will please bear this in mind. The publishers of any newspaper have trouble enough of their own without shouldering the burdens of those who imagine they are being abused in some manner and desire to rub salt into the wound.

The St. Cloud Journal Press covers that townable territory. St. Cloud county has probably been three working oxen in the forty odd years. They also report only fifty plans, although one St. Cloud dealer had sold over a hundred in the past two years. The total value of the silverware reported is fifty-five dollars. And St. Cloud county has forty-five thousand people, and its people are exceptionally prosperous.

Accustomed to the postmaster general the postoffice department pays out \$60,000,000 a year in transporting second class matter through the mails and receives only \$4,000,000 for the work.

An Ohio girl at a church fair offered kisses for a dollar each. In order to help lift the church debt and failed to realize a cent on the deal. The reason is said to have been that the market was overstocked with the free article.

There is nothing which gives a stranger or a visitor so unfavorable an opinion of a town as to see its streets filled with weeds and the lawns of public places and private residences overgrown with grass. It is certainly the most unattractive sight that can present itself and a city of any pretensions would or should not allow the conditions to exist.

CHARLES TOWNE has been interviewed in New York and makes the startling statement that free silver is a dead issue. Incidentally he said the democratic party would split in 1904 and that Bryan would bolt it and lead a third party faction. Charles is still selling oil stock and guarantees, verily, that will pay 100 per cent per year in dividends. If he hopes in as many suckers on his oil deal as he did on his political grifts last year he will have money to burn in a short time.

Objections is being raised in St. Paul and Minneapolis to placing the street railway company on the gross earnings tax basis, claiming it would be detrimental to the public interests as at present the street railway is not taxed on any street where the company has a line.

A PARTY OF SOBS of the wealthiest men in Lacrosse, Wis., have gone to the Dakota harvest fields to work and study sociological conditions. They left in box cars and on bumpers as ordinary travelers, leaving their pocket books behind. It is dollars to dough cents that they will ride back in palace cars, occupy berths in the sleepers and eat regular meals in the dining cars. Their earnings for a season of study will be fully satisfied if they strictly follow the example he has set.

The Wadena Tribune throws seven kinds of fit because many of the teachers from that county have seen fit to attend the summer school now being held at Brainerd, Fergus Falls and Long Prairie instead of the one in progress at Wadena. It says: "That teachers from this county should be attending the summer schools being held in other counties when there is an excellent school in progress in this city, is surprising and the Tribune cannot refrain from expressing the opinion that such a condition should not exist."

A GREAT DEAL of the success of the coming county fair lies with the farmers and the efforts they put forth in endeavoring to make a creditable display, both in the stock and agricultural departments. There is no account in Minnesota better adapted to the raising of farm produce than Crow Wing, and the visitors to our county fair this fall should be given a chance to verify the statement made from the exhibit they will see. Talk it up with your neighbor, invite him to make an exhibit and thus helping one of the best at ventures in the county can have your own prosperity in a great measure due to the prosperity of the community in which you live.

The Alexandria Post-News gives these newspapers which have been printing unkind things of the governor and his staff, because of their presence at the dedication of the Minnesota building at the Pan American Exposition, a well deserved roasting. George W. Martin, general manager for Foley Bros., and chairman of the Foley removal committee, says that if the action taken by the St. Cloud papers is bona fide, he has nothing to say, but is inclined to the belief that this step is taken to delay the construction of the new court house and hinder the growth and prosperity of Foley. The notice on the grounds stated will be before the commissioners at Foley today. It is understood that the attorney for Foley gives it as his opinion that the time in which to file a contest has gone by.

Mr. John Tippi, Colton, O., says: "Foley's Honey and Tar cured my little girl of a severe cough and the flu." H. P. Dunn & Co., and McFadden Drug Co.

LOGGING TRAIN ON M. & I. WRECKED.

South Bound Train Goes Off The Track Near Lakeport Wednesday.

NO FATALITIES REPORTED.

The Wrecking Train at Work Nearly All Night Clearing the Debris.

Wednesday night there was a very bad wreck on the Minnesota & International near Lakeport, and although the information received is very meagre it is understood on good authority that considerable damage was done.

The logging train was headed south and when a few miles from Lakeport one of the cars was derailed and in a few minutes something like a half dozen cars were piled in a mass and the logs flew in every direction. It is stated that the wreck was a consequence of the nature of cars piled many feet in the air.

The regular passenger train from the north did not reach the city until after the schedule time, having been delayed on account of the wreck. As far as was learned no lives were lost and none of the train crew were injured, although they got a pretty good shaking up.

Repairs To Be Made.

County Commissioners Will Make Some Extensive Improvements At The Court House.

Commissioners Erickson, Gardner and Paine, who compose a committee, recently appointed by the board of county commissioners, met at the court house yesterday afternoon and looked over the building with a view to making some extensive improvements in the near future.

New floors will be laid in many of the offices and the wood work throughout repainted.

The committee decided to advertise at once for bids for the work.

WOLFE PAID THE FINE.

Sheriff Erickson was Nothing Out of the Recent Little Lapses which He Experienced.

This from the St. Paul Dispatch will be of interest to Brainerdites, inasmuch as by forwarding to Sheriff Erickson a check for \$100, to be used to reduce the unfortunate sheriff in part of the fine and expenses incurred by the court proceedings.

Wolfe is now serving sentence for a year on account of timber, in the Ramsey county jail.

WANT A GAME WARDEN.

Complaint Being Made That Game is Being Slaughtered North on the Minnesota & International.

There has been a great deal of talk of late about the killing of wild game along the Minnesota & International about the new towns north of Bemidji and it is claimed that residents in that country have had no fresh meat to eat during the summer except mutton and venison. Many hunters have supplied the dealers during this season with an abundance of wild game to keep their refrigerators and scale blocks filled at all times.

The St. Croix Journal says: "The country is wild and new and the settlers make no account of killing an occasional deer, which they carry home to divide up and pass around among themselves to supply their wants and no one is inclined to complain, as they do not kill the deer nor the cow moose."

The men who make a living by pot hunting, however, have no scruples about killing the females, and as this is the season when they come have calves at their side, the result is that there is a double loss. It is a well known fact that a calf moose is the most helpless of all animals, and that if deprived of its mother during the first six weeks of its existence it will starve.

Tomastik and Blacklock the complaints are the loudest. This is the season when they make no account of their work, and even the dealer or some instance have said that it is their desire that the practice of killing be stopped.

The men are indignant about the rule of less slaughter, and while acknowledging that they kill deer and moose, they do not approve of the sale of the carcasses nor the killing of the females.

Mr. Reid says the Northwest will harvest a record crop this year, and that there will be no possibility of a failure. There has been too much rain for wheat on low ground but the crop will be bumper and the farmers are happy. Oats and barley are in splendid condition, but flax is backward. The hay crop will be immense. Mr. Reid says harvesting of wheat will begin about Aug. 10, and that what all the farmers are worrying about now is where they are going to get the necessary help.—Lakota.

A logging train coming down with a load of logs was wrecked just about 10 o'clock on the section house at Pine River Tuesday evening at about nine o'clock. In a heap, most of them being smashed up badly, and logs were scattered all over the surrounding right away. The section crew and wrecking train were immediately called out and about a hundred men worked all night and until about noon on Wednesday morning, clearing the way and replacing the broken rails and ties. No one was injured and it is safe to say that had it occurred one hundred feet down the track it would have completely smashed the section house and undoubtedly proved fatal to the occupants.—Pine River Journal.

FROM OUR COUNTY CORRESPONDENTS.

NORTH END GOSSIP.
Master Mark Kennedy, of Brainerd, is visiting at Mr. Dean's, of Eagle Lake.
Mr. Kalahan and his partner have quit the fish business, as there was no money in it.
John Andrews and family were social callers in Eagle Lake settlement last Sunday.
Young Mr. Martin has taken the homestead vacated by Mr. Hutchinson on the north end of Lake Ruth. John Andrews has gone to Wright county to bring up his household effects, as he intends to make this his future home.
Miss Florence Knox has completed her spring term of school at Emily, and is contemplating an eastern trip during her vacation.
Mr. Dean has a had looking bruise on his side, caused by a base ball in the game between the Brainerd clerks and the machinists on the Fourth.
Mr. Doug is contemplating renting the barn originally run by Ponn Nash and will run a first-class business for the accommodation of teams.
Patriotism seems to take high rank in Minnesota, as one of our ducks set four days over time in order to bring off her brood of young on the glorious Fourth.
Messrs. Conliff and Eastman are dandy jig dancers, but they are not the only shirt in the laundry, for some of the young ladies are not to be overtook when it comes to dancing a jig.
If report is true, the wedding bells will be ringing again soon in this end of our burg. That's right, boys, fall the scriptures, multiply and replenish the earth. There is lots of room up this way for young folks, with plenty of pork and energy, but no room for lockers and dresses.
Owing to the telemeany of the weather Gossip was unable to get to the Emily 4th of July celebration until late in the evening, but he is most happy to learn that the married men got badly done up in the base ball game to the tune of 8 to 4. I suppose now that the Brainerd market will soon receive a large order for feathers. The impromptu minstrel performance was well rendered and called forth loud applause. Oris Erdick's low machine would not com-bob-o-late, hence that part was a failure, but never mind, Oris, we will loan you our bellows next Fourth. The buggy wheel tandem was a taking attraction, but whether the wheel or its riders attracted the most attention is hard to say. A dancing pavilion with a water light roof and a dining table attachment would have been a valuable addition to the celebration just about the time the heavens began to weep on the evening of the Fourth. The ball team has got in shape and can now put up a pretty good game. Owing to the high wind, huge waves and a lack of sailors, the spectacle of the destruction of the Spanish dog was abandoned and a battle of fireworks between Indians and whites took place on the ball ground and resulted in a pretty display of fire and colored lights. The ragtime was a great feature of the parade.

ESDON ETCHINGS.
Phil Isle has started for Dakota. Bess Hammett was home for a few days.
J. Waldrop paid T. Fennell left for Dakota last week.
A large bear was seen in this vicinity within a few days.
Bob Gatswood is home on a visit and brought a wife with him.
Wm. Obord has moved his family to the farm he bought of Bob Gatswood.
There was a dance Saturday evening near Albert's mill. A good time is reported.
Mr. J. Walker is expecting his daughter and her two children on a short visit.
Mr. and Mrs. Rosenkrantz attended church and Sunday school here in Esdon last Sunday.
Mr. J. L. Hammett had the misfortune to have his horse badly cut on a barbed wire fence last Saturday.
Eva Obord and Bess and Myrtle Hammett have gone to Bay Lake, where they will pick berries for Mr. Skilling.

Miss Myrtle Tuffy is making her annual visit with Mr. and Mrs. Stafford in company with Miss Florence Shephard. She attended church in Esdon Sunday.
Frank Petrie had the misfortune to lose his barn by fire. Frank is a hustler in the amidge business, this being the second barn burned from the same cause inside of four years. He also burned his arms badly trying to get out his horse feed.

Rev. Smith, of Hibbing, is at the lake. He preached to the people last Sunday.
The fruit looks promising. Bay Lake hopes to fill a long table full at the fair this year.
Clarence Wheeler had the misfortune to lose one of his horses. It was taken by a kick.
The new chimney away around on the thumb hand side of the Archibald hotel—Dave built 'em.
Charley Maghan was thrown from a horse while cultivating corn, and his arm was broken near the shoulder.
It looks as though there would be more butternuts this year than the squirrels would take, giving the children a chance to get some.
Mrs. F. D. Day, of the firm of Day & Bagley, jewelers and opticians, of Duluth, accompanied by her son Cecil and two young lady friends, called on Mrs. G. A. Hunt Friday.
Some thirty tourists of Duluth chartered the Wasserzieher yacht and came down to the picnic grounds on Lookout point Saturday. Mrs. G. A. Hunt prepared for them baked fish, chowder, cottage cheese and cream. Mr. and Mrs. Gilbert, who arranged this outing, reported that the party voted it a red letter day in picnicing.

OAK LAWN GEMS.
Elder Megd is at Madolia holding a series of tent meetings.
Albert Carlson has gone to Little Falls to work on a farm.
Farmers are having a good time making their clover and timothy hay.
The annual school meeting occurs on Saturday evening. Be sure to come out.
The blueberry pickers are having hard luck, especially those who get lost in the woods and have to travel ten miles to get home.
Miss Laura Brayford arrived in Oak Lawn last week from Seattle where she had been visiting for nearly a year. Her mother and sister will come later.
The Aspholm boys gave a very pleasant dancing party to a large number of their friends on the afternoon and evening of July 4th, which was enjoyed by all those present.
The four horses belong to C. B. Brayford, of Wisconsin, that have been quarantined in Oak Lawn for several weeks, were shot last Friday by order of the state board of health.

NEW CREAMERY AT PILLAGER.
A New Enterprise At This Thriving Villa That Will Be Of Great Importance To The County.
T. A. Gustafson, of Oakland, Cal., was the city recently looking over a location for a creamery and after looking over the county quite extensively he decided to establish one at Pillager.
The creamery will be of modern design and will be one of the best in the northern part of the state. Siting stations will be established at different points around the county.

STILL GRINDING
OUT JUSTICE

A Twenty-five Dollar Verdict Given When A \$1250 Verdict Was Asked.

CITY WILL NOT PAY DAMAGES.

Mrs. Grant Loses in Her Suit Against the City for \$5,000.

The case of Candice E. Grant vs. the City of Brainerd was completed last night. She sued the city for \$5,000 damages for injuries sustained a year ago to the last Fourth of July. She was thrown from a buggy near the road bridge between the city and the N. P. Santitarium and was hurled down the embankment. The court sprung a surprise this morning when the case came up for final consideration. It turned around and instructed the jury to find for the plaintiff, while the plaintiff thought there were several questions for the jury to consider. City Attorney Crowell appeared for the city and he is of course highly rated over the result. Attorney Fleming appeared for the plaintiff.

Yesterday evening the case of Kate Rodgers vs. J. K. Hester was tried and the jury had not been out long when they returned a verdict in favor of the plaintiff for \$204.92. This action was brought by the plaintiff to recover on a contract which had been entered into between the two parties to cut logs. The plaintiff asserted that the defendant unlawfully cut and sold some logs to the H. C. Akeley Lumber Company on range 24. The number of feet was placed at 110,000. She asked for a verdict of \$90, but the jury did not give her half of that amount. True & Wetherby appeared for the defendant.

The case of E. G. Hartow vs. F. W. Bonness & Co. is being tried today and it is a rather warm legal controversy. A few days ago there was a case of F. W. Bonness vs. E. G. Hartow, and would it seem that the plaintiff in this case was getting back at Bonness & Co. Hartow in this case is seeking to recover \$1250 damages claimed to have been caused by the overflowing of Dean river as a result of several dams built in the river by the Bonness company. True & Wetherby are appearing for the plaintiffs and S. F. Alderman appears for the defendants. The arguments to the jury are being made this afternoon and in all probability the case will be submitted before night.

Judge Baxter held the last case for Judge McClellan when he took up the case of Joseph Matte vs. the Mississippi and Run River Boom Company. The judge went to Saint Centre last evening from today on Judge McClellan will be on the bench.

The jury in the case of E. G. Hartow vs. F. W. Bonness & Co. returned a verdict for the meager sum of \$25 Saturday. There is quite a margin between \$1250 asked and the \$25 given but it would seem that the defendant just wanted to make it a "staid off" all around. The \$1250 was asked as damages claimed to have been caused on the Hartow farm near Dean Lake by defendant's logs.

In the case of Joseph Matte vs. the Mississippi and Run River Boom Company there was some little hitch yesterday afternoon when Attorney Albright for the plaintiff resided his case without adducing the proper amount of evidence, or that kind of evidence which even proved that the boom company was ever in possession of the logs which it was claimed floated down the river and injured plaintiff's land. Attorney Polk for the boom company moved to dismiss the case on the ground that no connection had been shown between the logs and the company; that they had never had them in their possession. The court of course had to grant the motion but later he reconsidered and allowed Mr. Albright to put in some more evidence.

The jury was out but a few minutes when they returned a verdict for \$67.60 in favor of the plaintiff and Attorney Albright has the last laugh.

The case of Rudolph Engesch vs. George Flashbaker was taken up

last March. Attorney Crowell is defending Brown and Attorney Alderman appears for the state. The jury was not out for an hour and a half. They returned a verdict of not guilty and the prisoner was released.

DIRECTORS ELECTED.

The Number At The Y. M. C. A. Increased From Nine To Fifteen.

At the meeting at the Y. M. C. A. held for the purpose of electing six directors of the association, the following were selected: Chas. Bodden and E. D. Wilson, three years; Chas. Leach and H. D. Wright, two years; Gust Carlson and William Erickson, one year.

These six gentlemen will serve in addition to the nine already in position. It was decided at the meeting in April to increase the number.

"NO OTHER NAME"

Rev. Frederick J. Mooney's Discourse Sunday Night Was Extremely Interesting.

Rev. Frederick J. Mooney Sunday night gave an address on the theme "No Other Name" and in part he said:

"When I apply the expression 'name' to the individual, it involves that which is developed by the individual in the midst of the circumstances around him, which he has made of himself. It will be a bad name if the person, no matter how rare his gifts, lacks and neglecting associations; if he is struggling in every fiber of his make-up and by a subtle and indefinable spiritual power there is developed a 'name' dignified because it radiates nothing less than the glorious characteristics of Christ.

To the devout church man or woman the name which is achieved as the aroma to the rose, the radiance to the orchard. Such a name is of value so rare as to be only appreciated by the thoroughgoing student of spirituality. It is beyond the ken of the mere sectarian. It is too broad, too big for the person whose darkness is upon him. It is the radiance of the person whose darkness is upon him. It is the radiance of the person whose darkness is upon him.

CHARGED WITH MURDER.

The Indian Police Arrest Three Men Charged With the Murder of Harry Bochard Recently.

Sheriff Hardy, of Walker, was in the city this afternoon and he brings the information that the police on the Leech Lake Indian reservation have arrested three Indians and they will be held for the murder of Harry Bochard, one of the policemen, who was found dead near the Minnesota & International track this side of Walker recently, an account of which was given in The Dispatch a few days ago. The names of the parties cannot be ascertained at the present time, but they will be taken to Walker and will probably be brought to Brainerd for safe keeping after the preliminary hearing is held, if they are found guilty.

INCREASE IN WAGES.

A New Schedule Went Into Effect on the Minnesota & International Recently.

General Manager Gemmel informed a representative of The Dispatch Monday morning that a new wage schedule was now in effect on the Minnesota & International. The new schedule effects the trainmen and engineers and they have been made happy with an increase of over 12 per cent.

FOXY FARMER
DECOYS THIEVES.

Story Told of a Clever Capture Near Wheelock by A. Loucks Recently.

SHERIFF TAKES FEM TO WALKER.

The Culprits are Wanted in Several Counties for Different Offenses.

Sheriff Hardy arrived in the city Tuesday from Motley having in his custody George Robbin and George Alexandria, who are wanted in Cass county for robbing a farmer, making away with a large amount of personal property.

The men were in the Motley jail when Mr. Hardy got them but the experience of the man who took them there is worth telling. It seems the man's name whose goods were stolen, who as stated is a farmer, is A. Loucks. Shortly after the theft of the articles among he hid borrowed in Winchester ride, Mr. Loucks went to a neighbors, borrowed another rifle and started in hot pursuit of the culprits. He tracked them through the dew grass as far as Wheelock. He finally detected the men in a box car when Winchester had been crossed and in an unceremonious manner jumped in and asked the men if they were the men he was seeking.

As soon as Mr. Loucks got hold of his own rifle he hurried it around and made both men hold up their hands. They were amazed and dumfounded and found that the farmer was not so slow after all.

The two men were taken to Motley and locked up. In the meantime some articles had been missed in Morrison county and the same two men were suspected and a warrant was then issued for their arrest.

Again the officers from Wisconsin county wanted the same two men and had an old warrant of over three years standing against the men. When Sheriff Hardy reached Motley Monday he found Sheriff Irwin, of Wadena county there after the men, and shortly afterwards Constable Sam Franco of Morrison county after the men. There was just a tussle for the men but finally Sheriff Hardy being first was allowed to take them.

He brought them back to this city and left for Walker at noon. The men are tough characters and are not only wanted in Morrison, Cass and Wadena counties but also in Todd for horse stealing.

If young ladies think some, purple and red nose look well with all right. Yet Rocky Mountain Tea would drive them away. See McFadden Drug Co.

REV. MR. HUTTON ACCEPTS.

Chairman S. L. Bean Received Word From Him And He Will Be Here Sunday.

Chairman S. L. Bean, of the supply committee, of the First Congregational church, has received word from Rev. M. H. Hutton, of Warsaw, Minn., stating that he will accept the call tendered him by the church. He also informs Mr. Bean that he will be here by next Sunday and that he will officiate at the church both morning and evening.

LABOR DAY.

Meeting Will Be Held Friday Evening To Make Arrangements for the Event.

There will be a meeting of all branches of labor in the Trades and Association hall on Friday evening, when the matter of properly observing Labor Day will be discussed. Labor Day will be on September 23.

Those interested in labor matters in this city are anxious over the matter and think in view of the fact that they have no celebration in this city in the past years that all those interested in this day should put their shoulders to the wheel and on Labor Day of 1903 make it the most memorable one. It is suggested that there be street parades and the other events which usually are gotten up in connection with the day.

ATKINITES GIVEN A BULLY DRUBBING

With a Minneapolis Pitcher in the Box Brainerd Nearly Shut Them Out.

NOT A SCORE TILL LAST INNING

Brainerd Team Puts Up A Good Article of Ball And Out-plays Atkin.

Brainerd 5, Atkin 3.

It should have been a shutout and came very near being, but that would have been too bad, for the boys up the line after such a bluff as they have been putting up during the past week with the long green. The game of base ball played Sunday afternoon at the Swartz driving park between the home team and the Atkin team was one of the best exhibitions of the national game ever witnessed in this city, and the good playing this time should be credited to Brainerd. Good fielding and good batting with Orin in the box for the locals, playing like a major, made the proposition a warm one from beginning to end for the Atkinites to go up against. Atkin men came down with a great deal of the coils of the realm, but they went home with less. Some crazy jigger was offering bets at 5 to 1 on Atkin. And to back up this thing, the Brainerd boys showed them that it did not cut any ice who was in the box, that they could drive out a few at will. They hit Carney hard enough, for if it would have been any worse the game would not have been as interesting. Carney is a fairly good twirler, but he got his arm pitched and he pretty nearly shut the opposing side out all together. They did not succeed in scoring until the ninth inning and even then had Kast's fly to center been taken in the game might have resulted in a shutout. But it was all right anyway and everybody from Brainerd who saw the game were happy. The work of P. Boyle at third and J. Boyle as short stop was a feature of the game. They played an excellent game and some of the throwers of the heart disease design and make up. Connors as catcher also played a steady game and his batting as usual was a feature of the game. Young Murphy out in center field with a peach of a sky rocket that won him the glad hand from the grand stand.

Old Peterson played first and he seemed to hit a gate that would put any of them on the run. He was a daisy in this position.

The whole bunch from Atkin, something like one hundred people, was a sorry looking lot as they wandered back to the city from the driving park last night. The face of the manager of the team looked like a— not so bad but it not been that they made such a roar over winning the game last Sunday at Atkin, when they knew well that the regular team was not playing against them. When the manager of the Atkin team came down to get the boys he said: "Oh, come on up. We will give you a good time anyway, even if you can't get all your players together." The boys went up for the sole reason that they wanted to get the Atkinites down here and rub it into their right. They came pretty near doing it and that too with Carney the wonderful from Minneapolis. Wouldn't that fossilize you?

Burns was the first man up for Atkin and he fanned the air three times and Orin looked like a bully good stuff to the Brainerdies from the start. E. Rogers got a single, but C. Rogers could not find the ball, and he too was struck out. Myers made a two-bagger, but the first ball of the game was over when Brainerd's first man up was Peterson and Carney out. Peterson and Carney, the great, was wild and gave Orin a hit. Connors got a hit but went out from E. Rogers to T. H. Honold. J. Boyle struck out. Dressen went out from Carney to T. Honold.

In the first of the second T. Honold the first man up was struck out. Kast went out from Orin to Peter-

son, J. Honold got a two-bagger, but it availed him nothing for the Atkinites were retired by Carney being thrown out from J. Boyle to Peterson. For Brainerd P. Boyle was up and got a fly out in center field which was taken in by Krelwitz. Holliday struck out, Murphy drew a base on balls and Spencer went out from Carney to T. Honold. The last of the second showed no scores and the fans begin to nod themselves with the wise look which meant that they were getting their moneys worth.

In the first of the third the first man up for Atkin was Burns who fied out to Holliday. E. Rogers sent a liner out toward first but got it and he caught his man out. C. Rogers went out from J. Boyle to Peterson. For Brainerd the first man up was Peterson. He reached first safely and the first time Carney pulled his arm back stole second. Connors made a two base hit scoring Peterson. J. Boyle struck out. Dressen singled, Orin fied out to Krelwitz and Connors was caught stealing third.

In the first of the fourth Myers up for Atkin struck out. Krelwitz went out from Orin to Peterson, T. Honold singled, but Kast came up and fanned the air three times and Orin the side was retired. For Brainerd P. Boyle reached first on Kast's error in miffing a ball in right field, Holliday struck out and Murphy went out from Myers to Burns.

In the first of the fifth J. Honold popped up a dinky fly which was taken by Orin. Carney went out from J. Boyle to Peterson and Burns fied out to Murphy in center field. For Brainerd Spencer struck out. Orin got his base on balls and Peterson reached first safely on an error. The bases were laid and Brainerd struck out. J. Boyle struck out and Dressen fied out to E. Rogers.

In the first of the sixth E. Rogers went out from J. Boyle to Peterson, C. Rogers struck out and Myers fied out to Peterson. For Brainerd P. Boyle drew a fly into center field and it was taken in by Krelwitz. Holliday struck out and Murphy's liner was caught at first.

In the seventh Krelwitz went out on a grounder to Peterson at first. Murphy out in center muffed T. Honold's fly but Peterson took a dinky pop up by Kast. J. Honold struck out. For Brainerd the seventh was the greatest inning. Four runs were made during their play. Spencer was up and struck out but immediately after this the fireworks began. Peterson got a clean hit, as did Connors. J. Boyle, Dressen and Orin. J. Boyle fied out to Krelwitz and Holliday was caught stealing a base, but when the smoke had cleared away Brainerd had four more scores. Peterson, Orin, Connors and J. Boyle crossing the home plate.

In the eighth Atkin again tried to score but it was all in vain. J. Honold went out from Dressen to Peterson, Carney singled, Burns went out from J. Boyle to Peterson and E. Rogers went out from Orin to Peterson. For Brainerd Murphy up struck out, Spencer got a nice clean hit. Peterson struck out and Connors fied. Peterson was pined up in the right garden.

In the first of the ninth the Atkinites took a bracer and managed during the inning to get in three scores. They had failed to score up to the ninth inning and it was too bad that they could not have been held down in this inning. C. Rogers up got a hit as did also Myers. Krelwitz went out from Orin to Peterson but T. Honold struck out. Kast got a single and C. Rogers and Myers scored. J. Honold got a nice two-bagger to J. Boyle and the game was over.

The following was the line up of the two teams:

Brainerd	Atkin
Connors.....	Burns
Boyle, J.....	Honold
Dressen.....	E. Rogers
Boyle, P.....	C. Rogers
Holliday.....	Myers
Murphy.....	Kast
Spencer.....	Orin
Orin.....	Krelwitz

The following is the score by innings:

Atkin	0	0	0	0	0	0	0	0	0	0	0	0	0	0	0	0	0	0	0
Brainerd	0	0	0	0	0	0	0	0	0	0	0	0	0	0	0	0	0	0	0

The Brainerd team got ten hits for Carney while the Atkinites got but eight. Orin, Orin struck out. Orin and C. Rogers struck out. Orin did not let a man get on in balls while Carney allowed four to walk.

THE HOME GOLD CURE.

An Ingenious Treatment by Which Drinkards Are Being Cured Daily in Spite of Themselves.

No Notions Deceit, No Weakening of the Faculty. A Pleasant and Positive Cure for the Languid Habit.

It is now generally known, and understood that Drinkards are a diseased and no weakens. A body filled with poison, and nerves completely shattered by periodical or constant use of intoxicating liquors, require an antidote capable of neutralizing and eradicating this poison, and destroying the craving for intoxicants. Sufferers may now cure themselves as home without publicity the most perfectly safe, and in a few or loss of time from indisposition by this wonderful "Home Gold Cure" which has been perfected after many years of close study and treatment of alcoholics. The faithful use according to directions of this wonderful discovery is positively guaranteed to cure the most obstinate case, no matter how hard a drinker. Our records show the marvelous transformation of thousands of men from slothful, industrious and upright to sober, industrious and upright.

"Wives Cure Your Husband! Children Cure Your Father!" This remedy is no mere nostrum, but is a specific for this disease only, and is so skillfully devised, and prepared that it is thoroughly soluble and perfectly tasteless, so that it can be given in a cup of tea or coffee, without the knowledge of the person taking it. Thousands of drinkards have cured themselves with this wonderful remedy, and as many more have been cured and made temperate by having the "Cure" administered by their friends and relatives, without their knowledge in coffee or tea, and believe today that they discontinued drinking of their own free will. Do Not Wait. Do not be disappointed by apparent and misleading "improvements." Drive the disease out of your system. This is the disease you are suffering from. The Home Gold Cure is sold at the extremely low price of One Dollar, thus placing within reach of everybody a treatment more effectual and less costly than any other. Full directions accompany each package. Special advice by skilled physicians when requested without extra charge. Sent prepaid to any part of the world for One Dollar. Address: Dept. 10, Edw. R. Dunn & Co., 2833 Market Street, Philadelphia.

Mother's Friend

Every woman loves to think of the time when a soft little baby, all her own, will smile in her bosom, fully enjoying the yearning which has been the heart of every good woman. But yet there is a black cloud hovering about the pretty picture in her mind which bids her weep. The dread of childbirth takes away much of the joy of motherhood. And yet it need not be. For sometime there has been upon the market, well-known and recommended by physicians, a treatment called

which makes childbirth as simple and easy as nature intended it. It is a strengthening, penetrating liniment, which the skin readily absorbs. It gives the musculo-fascial and ligamentous and the bone of the pelvic figure. An intelligent mother in Butler, Pa., writes: "I used your Mother's Friend to pay for my babies for 10 years. I had 14 babies and was as strong as the day I was born." Write for free literature book, "Mother's Friend," to Dr. J. C. Ayer & Co., Lowell, Mass.
