POSITIVE PROOF.

Should Convince the Greatest Skeptic in Brainerd.

Because it's evidence in Brainerd it's from a witness, perhaps, a neighbor. Investigation will confirm it. Mr. Phillip O'Neil, of Fifth street south, says: "There was a dull, steady ache across my loins, especially when I became a little fatigued. From time to time I felt it acutely. The action of my kidneys was very frequent, the secretion being highly colored, unusual and annoying. This was a new condition for such symptoms had bothered me for years. My attention was attracted to Doan's Kidney Pills and thinking they might help me, I procured them. From the time I commenced their use I suffered no further disturbance or annoyance from my kidney complaint, the kidneys gradually assumed a regular action and the headache ceased to bother me. I therefore recommend Doan's Kidney Pills for such ailments and wish them luck."

Doan's Kidney Pills, 50 cents a box. For sale at the McFadden Drug Co., H. P. Dunn & Co., and all druggists. Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S.

None To Claim Him.

Late yesterday afternoon Andrew Markson, who has been employed for some time by J. A. Long, in charge of the camp about nine miles from Hackensack, died at St. Joseph's hospital after a sickness of about ten days.

The funeral services were held this afternoon from the D. M. Clark & Co.'s morgue and he was given a respectable burial, but none of his relatives were present.

FLORA ERICKSON HAS TROUBLE GALORE

Her Hubble Appears on the Scene While She Is Entertaining Friends.

SPENT THE NIGHT IN JAIL.

Both She and Her Husband Appear Before Judge Man-

There are spots on the moon, great big round, greasy red spots at that, and the residents of the second ward heard a few echoes of domestic perturbation over on Eighth street Tuesday that would drive a devotee of a mad house to drink and would curl the bristles along the back of a wild boar.

Mrs. August Loco, better known in this city perhaps as Flora Erickson, has been the chief actress in the dramatization of a three-act comedy that would put Sapho way in the clear, the presentation of which has been the subject of daily comment among a lot of jays around town with peaked craniums, who threw out the guffaw that they have a "standin'" with the management. The final scene just before the curtain dropped on this great success was enacted last night when Flora was hiked off to the bug house in charge of Chief Nelson and officer Dwyer, the cries emanating from her jugular passage being equal, if not surpassing the mumbblings of a town crier in old colonial days.

August Loco, her hubby, was also in the march, for he had figured prominently a few minutes before as the rough-house artist, who was trying to supplant his own carcass in the place of a few members of a bog being entertained by Flora at her place of business.

Loco is the man whose affections had been dallied with by the evasive Flora several months ago and who was inveigled into desisting over his farm before she would give her hand in marriage, but who found a cool reception shortly after the wedding day. Since that time Loco has been industriously working at the shops and Flora has been equally as diligent in entertaining friends who happened that way.

Tuesday afternoon Loco happened that way and there were two friends being entertained by Flora and rightfully the former claimed a priority over the marks who were being bestowed with tender glances and seductive epigrams. Then there was a clinch and the rough-house act was on. Loco strove in a window or two, ramed a door down and was going to throw the whole cheese in the cellar but fortunately the police happened along. They had a great time persuading the twins that the battle was the place for them to spend the night but they finally landed them in jail and Flora held sway in the northwest ward during the waning hours.

Wednesday Loco is claimed to have said that he would be willing to die if someone would just hand him a bunch of explosives, and on hearing this Flora said if she had anything that would do the business she would take pleasure in handing it to him.

Wednesday both were brought before Judge Manter and Loco pled guilty to keeping a disorderly house and was fined \$20 in default of which he must serve 30 days in jail. Asked in court whether she was guilty or not guilty Flora said she was not and her hearing was set for tomorrow morning. She said she had all kinds of witnesses and it is generally conceded that she has, for she is never without company.

Just to get some idea of the instructions her attorney to bring suit against Loco for a divorce and the papers were served on him at the jail this morning.

SOME EXCELLENT RACING EVENTS

Programme for Sports on Labor Day at Driving Park Are Announced.

FINANCIAL COMMITTEE REPORTS

Three Hundred Dollars to be Turn-

over to Chairman Cohen for Parade.

There was another meeting of the Labor Day Association Tuesday and reports were heard from the different committees on the progress being made, which would indicate that the first prediction of the success of the celebration on Labor Day in Brainerd this year, has already been more than realized.

The Chairman on sports announced the events of the day and those especially interesting will be the ones pulled off at Swartz driving park in the afternoon. The program for the afternoon as announced last night will be as follows:

Free-for-all trot or pace—\$200 purse.
Green race, trot or pace—\$100 purse.
Running race, best two in three, one-half-mile dash—\$75 purse.

Free-for-all bicyclerace—\$15 purse.
Green bicyclerace—\$10 purse.
Foot race, one hundred yard dash—\$10 purse.

Quarter mile boys' bicycle race, boys under 16 years—\$5 purse.
Base ball, game, Brainerd vs. Aitkin—\$25 purse.

In the evening some other races will be pulled off down town as follows:

Pole vault, free-for-all—\$5 purse.
Horse race—\$40 purse.

Hon. A. P. Ferris has reported that the finance committee had succeeded in raising \$440 to help out in the celebration. This is very encouraging and the association feels that the celebration will outdo anything ever had in Brainerd.

The dance committee will meet on Sunday morning in the Tribune office to make further arrangements.

It was reported Tuesday that arrangements had been made with Mr. Swartz as to the general admission to be charged at the driving park.

Two paid tickets in a family will admit children under seven years of age, children between the ages of 7 and 15 years will be charged 10 cents.

The secretary of the association was authorized to notify Henry I. Roderick, chairman of the committee on parades, that \$200 would be appropriated for this feature of the day's entertainment.

The committee on music was authorized to secure the Southeast Brainerd band to furnish music for the occasion.

The committees are all working like beavers and everything is being done in a systematic and thorough manner and the celebration this year will be equalled by none of the former efforts and will excel anything of the kind to be attempted in the northern part of the state.

SIXTY-SIX TOOK EXAMINATION.

Applicants for State Teachers Certificates Were Numerous This Year—Sept.

Wilson Completes Work.

Supr. Wilson has been busy the week concluding an examination of applicants for state teachers certificates at the Washington school building. The number applying this year far exceeds that of any previous year which is an indication of improvement in the line of educational interest in Crow Wing county.

There were sixty-six who took the examination this year.

Mr. Daniel Bantz, Otterville, Ill., says: "I have had a sore and a very bad cough for years, but could get no relief from the doctors and medicines I tried, until I took Foley's Honey and Tar. It gave immediate relief, and does me more good than all the other remedies combined." H. P. Dunn & Co. and McFadden Drug Co.

EACH RECEIVE A FORTUNE

Mrs. Dan Halliday and Mrs. F. B. Carter and Two Brothers Fall Heir To Large Sum of Money.

Word has been received in the city that a large fortune awaits two sisters and two brothers who are well known here, an aunt of their's having recently died at Iowa City, Ia.

Those who fall heir to the fortune are Mrs. Dan Halliday, who lives in East Brainerd, Mrs. F. B. Carter, also of this city and two brothers, Roderick and Gus Stedwick, who are now in Idaho.

The amount of the fortune is not known, but it is understood it is a former snip sum and the heirs above mentioned are thereby one to claim it.

Mrs. Halliday returned Wednesday from Iowa City, where she had been attending her aunt's funeral.

CROW WING FIRM INVOLVED.

Dr. E. M. Johnson, of St. Cloud interested in Sauer & Co. Milling Business Goes into Bankruptcy.

Dr. E. M. Johnson, of St. Cloud, has made an application in the United States court at Fargo, N. D., to be declared a bankrupt and in this connection a Crow Wing county firm is slightly affected as the doctor was heavily interested. The firm is Sauer & Co.

The Journal-Press has the following to say regarding the matter: Judge Theo. Brunner is attorney for Dr. Johnson, whose financial troubles are only indirectly his own fault. Dr. Johnson has been a successful practitioner in this city for a number of years and a couple of years ago was rated as worth nearly \$50,000. Less than two years ago however he became a member of the firm of Sauer & Co., manufacturers of pine lumber in Crow Wing county and his financial embarrassment dates from the deal. Neither his partner nor he were experienced men in the sawmill business and they have lost money.

The partnership was dissolved four or five months ago but Dr. Johnson has at last been forced to the issue of voluntary bankruptcy to protect all the creditors. The inventory of assets shows a nominal value of about \$8,000, while the liabilities are not more than half this amount. The principal assets consist of lumber saved one year and two years ago and its market value is therefore somewhat uncertain. The largest individual claim is held by John C. Lamson of this city who was in charge of the business for some months, but it is claimed that he has never filed any statement of the business while it was in his charge. O. L. Alvord had a claim of \$600 but this was secured some time ago. The estimate of Dr. Johnson's losses directly to be traced to the investment in the firm of Sauer & Co. is not less than \$100,000.

BETTER TELEPHONE RATE IS SECURED

The Telephone Matter Was a Feature in Proceedings of City Council.

Another Co. Wanted to Dip in Other Matters of Importance Transacted at the Regular Meeting Monday.

A regular meeting of the city council was held Monday in council chambers, with President Crowl in the chair. The following address were present: Halliday, Gardner, Purdy, Rowley, Fogelstrom, Doran and Wright.

The report of Municipal Court Clerk Low for the month of July showed 24 arrests made in city cases; 18 fines were paid in city cases; 6 prisoners were committed, without paying a fine; one sentence was suspended; amount of fines collected, \$22,130; number of civil cases commenced 29; number of state cases commenced 4; number state cases settled 3. The report was accepted and placed on file.

The report of Chief of Police Nelson and Chief of the Fire Department Bennett were received and filed.

The report of Street Commissioner Waltz was received and placed on file. The most important items was the laying of sidewalks in Walker of Joseph's addition, and the grading of the sand hill on the Pine River road.

The report of Superintendent Peterson, of the electric light plant, was received and filed.

The report of Dr. J. A. Thales showed that there were only four cases of smallpox in the city, all under control, and the cases of diphtheria. The report was, on motion, filed.

City Engineer Whiteley reported that he had received no bids for paving 7th street South. The report was on motion accepted and filed.

Engineer Whiteley also furnished estimates for the construction of a macadamized pavement of crushed rock on Sixth street south to mill track and thence to south line of Quince street. The cost of the entire work he figured would be \$2764.00, that the proportion of such estimated cost to construct the improvements in front of abutting lands will be \$2480.40, and the proportion of such estimated cost that will be required to construct such improvements across streets and alleys will be the sum of \$1284.60. The report was on motion accepted and placed on file.

Alderman Halliday asked the city attorney if the health office was certifying to the bills of the city on account of smallpox. He was informed that the letter of the law in this regard was being adhered to.

Warrant bill of Police & Missioner's uncollected bills, which came up for consideration, were also considered. Several members objected but the bill was finally allowed it being deemed perfectly proper when a family is in quarantine, if they have necessary means, to furnish goods as specified.

The bill of the Mississippi and Iron River Boom Co. for water power for a year and a half from Jan. 1, 1909, to July 1, 1910, for \$22,250 was, on motion, referred to City Attorney Crowl. It seems that the city has some contra-accounts against the company, there being some time during the above period that the water power was not used at all.

Secretary R. D. Ring of the Brainerd Cycle Path Association, made a report for the month of July and on other matters of interest. Since starting the building of permanent cycle paths, thirty blocks have been built, besides 25 cross paths. Cycle signs have been put on the corners and will be put up later; the space between the cross paths and paths have been filled with play and all weeds have been cut along the paths between the curb and the paths.

Alderman Wright moved that a committee of three be appointed with the city attorney to review the license ordinance, which motion prevailed. President Crowl appointed as members of the committee Alderman Wright, Rowley and Purdy.

On motion, the matter of compiling a new city charter was left in the hands of City Attorney Crowl and a committee of three. The chair ap-

such improvements, St. Paul's Episcopal church being on this street. The question as to whether this church property can be assessed for a sidewalk was referred to City Attorney Crowl.

The committee to which was referred the petition of property owners on Front street, asking that sidewalks be fifteen feet wide, made a recommendation that the same be granted.

A petition was received from L. Philstrom and others, residents of the Third ward, asking that sidewalks from Fourth avenue to Fourth street be cleared. On motion, petition was referred to the alderman of Third ward.

M. K. Swartz submitted a bid for the grading and paving of Seventh street from Front to Laurel, same to be completed in 60 days, for \$2,240, including two flush basins \$20.00, connecting flush basins to sewers \$80.00; and curbing and setting same \$0 cents per foot.

This seemed to be quite a difference between the estimate of Engineer Whiteley, which was \$1,450. Both Mr. Swartz and Mr. Whiteley were on hand to explain the figures.

On motion, the bid of Mr. Swartz was rejected.

Another motion prevailed that the street committee be authorized to proceed to pave the street under directions of the city engineer.

A resolution was adopted, asking the Minnesota Water Works company to put in an extension of the water works on Hills avenue in northeast Brainerd.

An ordinance regulating the width of the sidewalks on the south side of Front street same to be 12 feet instead of 12, and ordinance asking for amendment to the ordinance regulating the width of streets, was adopted as read.

This ordinance also requires that the sidewalk be of incombustible nature.

Alderman Wright as chairman of the committee appointed to investigate the telephone rates in this city stated that the committee had talked with Manager Walker and had decided that the rates be reduced.

A proposition was made that the rates be made at \$1 for resident and \$2 for business phones. Mr. Walker stated that he could not entertain the proposition, but made an offer to put in resident phones for \$1 where the customer had another in his business house at \$3 per phone, making \$4 for two phones. At the rates are now, \$1.50 is charged at residences and \$3 for business phones.

The Iron Range Telephone company has made a proposition to put in a system and charge \$1 for resident and \$2 for business house phones. The council made the proposition to Mr. Walker that if he would make a rate of \$1 for resident and \$3 for business house phones no effort would be made to secure the outside company.

City Attorney Crowl stated that he had been accused of agitating the telephone question. He said that he admitted that he had something to do with it but he also had received suggestions from county officials.

All he wanted to say was that he felt that the city of Brainerd should have as good a system as other cities, and as it cheap as rate. He wanted to go on record as being in favor of allowing a company to come in, and especially if they will give the service for \$1 and \$2, for resident and business, phones respectively.

Mr. Walker was present and stated that at the rate asked for there would be no profit and the system would be a losing proposition. He would be the service Mr. Walker made some remarks and called attention to the fact that there had been a great deal of trouble during the past months.

Mr. Walker finally made a proposition to furnish phones for \$1 and \$2, and Alderman Purdy moved that the same be accepted. The motion was unanimously carried and the city attorney was instructed to draw up a proper ordinance to this effect.

Alderman Wright stated that such \$1,000 was delinquent in electric light rental, and suggested a means of collecting same.

Alderman Wright moved that a committee of three be appointed with the city attorney to review the license ordinance, which motion prevailed. President Crowl appointed as members of the committee Alderman Wright, Rowley and Purdy.

On motion, the matter of compiling a new city charter was left in the hands of City Attorney Crowl and a committee of three. The chair ap-

pointed as members of the committee Rowley, Wright and Gardner. A motion was made and carried that cement crosswalks be put down on Fourth street.

SUMMER SCHOOL CLOSURE
Sessions Closed Friday Afternoon and all the Teachers Returned Home Saturday.

The summer school in this city closed Friday afternoon and nearly all the teachers and the instructors left for their homes today. Prof. Nelson, who is assistant superintendent of public instruction of the state, and who had charge of the work here, left Saturday for the east. He is very much pleased with the work and states that he enjoyed the month in Brainerd. He is loud in his praises of the work performed by the teachers and says it was one of the best bodies of education, interested in training the young, that he has ever seen fitted with. The attendance throughout was very good indeed.

A fitting close to the session was the reception given last night in the Y. M. C. A. parlors by the instructors in honor of the teachers. There was a general musical and literary program which was very much enjoyed. A sextette composed of young ladies rendered several selections of music, Miss Ripard DeLaitre selected two very appropriate selections and there were short talks by Superintendent Wilson, Prof. Doran and Mrs. E. N. Cady. Prof. Nelson presided and made some timely remarks. The parlors were crowded and it was one of the most enjoyable events of the season.

Managers to Regress Road.
The results of the recent elections for divisional and district managers of the Northern Pacific Beneficial Association have been made public by a circular issued by the N. P. company.

The managers elected were: General offices, J. O. Bennett; construction, W. L. Darling; conductors, J. S. Page, Tacoma; brakemen, J. G. Germaine; Livingston station employes, F. W. Miles; Seattle engineers, L. Curry, St. Paul; firemen, C. A. Brewer, Duluth; shopmen, E. W. Kaley, Como; shopmen, F. Mayne, Missoula; bridge and building men, C. E. Palmer, Missoula.

In addition to these representatives elected by the members, General Manager Pearce has appointed the following additional managers representing the railway company upon the new board:

Thomas Cooper, assistant to president; M. C. Kimberly, general superintendent; M. P. Martin, auditor; C. A. Clark, treasurer; L. T. Chamberlain, assistant general counsel; J. B. Baird, assistant general freight agent; W. S. Hay, superintendent Northern Pacific Express company, Eastern division; W. H. Gennel, general manager Minnesota & International railway.

The annual meeting of the board of managers will be held in St. Paul on Wednesday, Sept. 18.

A SWELL SOCIAL FUNCTION.
Prominent Society, Ladies of the City Give Coffee Saturday Afternoon to their Lady Friends.

One of the swellest social events chronicled in the city for some time occurred on Saturday afternoon at the home of Mrs. Joseph Slipp when also, Mrs. Milton McFadden, Mrs. Joseph Hove, Mrs. Chas. Thompson, and Mrs. Hollenbeck gave a coffee.

The hours were from 3 to 6 o'clock and about 170 ladies called. All the refreshment table the ladies were assisted by the Misses Lucy Stearns, Mary Hollenbeck, Jennette Loug, Ella McFadden and Mrs. Fred Slipp.

The rooms were tastefully decorated with osarturians, geraniums and palms and it was a delightfully pleasant and beautiful scene. The charming hostesses proved themselves abundantly able to undertake such an elaborate function.

Wm. Finn, of Lima, O. obtained excellent results from the use of Foley's Kidney cure. "It relieved my backache and severe pain over the hips. It toned my system and gave me new vim and energy. It is an honest and reliable cure for all kidney diseases." H. P. Dunn & Co. and McFadden Drug Co.

INITIAL EXAMINATION

Applicants for Postoffice Clerk and Carriers for Brainerd Will Be Held September 7th.

The United States Civil Service Commission announces that the postoffice department, having advised that free delivery will be established at the above-named city on Nov. 1, 1907, and requested that proper steps be taken to secure an eligible register in order that the Postmaster General may select carriers and substitute carriers from it in due time for them to receive their uniforms and become familiar with their duties before the establishment of free delivery, a special examination will be held in the city and on the date named above, commencing at 9 o'clock a. m., for the positions of clerk and carriers.

The examination will consist of penmanship, arithmetic, letter-writing, spelling, copying from plain copy, geography of the United States, and reading address. The arithmetic will consist of tests in the fundamental principles, extending as far as common and decimal fractions and engaging problems.

The age limitations for this examination are as follows: Clerk, not less than 18 years.

Applicants for male clerk and carrier must have the medical certificate in Form 101 enclosed. Applicants for carrier must be at least 5 feet 4 inches in height, and weigh not less than 125 pounds. Female applicants are not required to have this certificate executed.

No application will be accepted for this examination unless filed in complete form with the board of applicants for the city named above, before the hour of closing business on Sept. 2, 1907.

Applications should be filed promptly in order that time may remain for correction if necessary.

This examination is open to all citizens of the United States who wish to desire to enter the service, and who comply with the requirements. All such persons are invited to apply, and applicants will be examined impartially, and wholly without regard to any considerations save their ability as shown by the grade they attain in the examination, but from those certified the department usually selects for appointment eligibles who are residents of the district in which the vacancies exist.

For application blank (Form 101), full instructions, specimen examination questions, and information relating to the duties and salaries of the different positions, and the location of the examination room, apply to the secretary of the board of examiners at the postoffice in the city of Brainerd.

CHANGE IN PROMINENT FIRM.
P. J. Walters Retires and L. S. Budd Becomes New Member of the Firm.

A change has been made in one of the largest firms in the city, although the inventory of the stock has not been completed and the final transfer made.

P. J. Walters, the junior member of the firm of Fisher & Walters, has sold his large interest in the coal-wood, lime, cement and brick business in this city to L. S. Budd, of Neboch, N. J.

Mr. Budd has already arrived in the city and is now a full fledged resident. The gentlemen have not decided upon the style name of the firm but it will probably be the Fisher-Budd company.

A. T. Fisher, the senior member of the firm has been a resident of the city for years and is a young man whose business integrity is unquestioned. He and his partner have built up a fine business in their line.

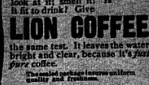

Mr. Walters has also been a resident of the city for years and he has been from this business with the best wishes of a large circle of friends who he has always found him to be upright.

Mr. Budd the new member of the firm is well known in Brainerd, and the new firm has the best wishes of the DISPATCH.

Would You Cost Him His Life? Oscar Bowman, Lebanon, Ky., writes: "I have been using Foley's Kidney Cure and take great pleasure in stating it gave me permanent relief from kidney disease which, say fairly would have cost me my life." Take none but Foley's. H. P. Dunn & Co., and McFadden Drug Co.

The citizens of Duluth will meet to discuss the possibilities of opening the new normal school.

At Redwood Falls the water tower of the city water system, capacity 90,000 gallons, erected in 1892 at a cost of \$2,500, fell Thursday, when about one-third full.

The general store and stock of Andrew Larson, of Mora, was totally destroyed by fire about 5 o'clock Thursday morning. Loss on stock and building, \$4,000.

A man by the name of Alex Gustaverson, while at work Wednesday in the Anderson & Co's wagon shop, Little Falls, had the misfortune to have three of his fingers cut entirely off.

M. L. Mackay our "only first class" carpenter, stone mason, block-maker, wood shop, plasterer and lather, has secured a "job" in Brainerd.—wealthy correspondence in Atkin Age.

Olaf Olson, of Rochester, while scaling a ride, was thrown from the top of a freight train, by a brakeman at Kasson. The wheels severed his right leg at the ankle and his life is despaired of.

The postoffice and store at Manyaska, a new town on the North-Western road, was entered by burglars. A large amount of machinery and \$50 worth of postage stamps were stolen.

There is likely to be a fight at Duluth over the matter of a school tax levy. It is said the school board wants about a 10-mill levy, and the county auditor's office cannot see more than half that is necessary.

The Minnetonka Record, a four-page weekly newspaper, made its initial appearance. It will be edited and published by W. W. Woodbeck and W. W. Cheatum, the latter of St. Paul. The paper will be all home print.

Wednesday afternoon Fred Vest, a farmer of Sherburne, recently had to the grand jury for bastardy on account of his housekeeper, Eliza Runkle, shot their two-month old child killing it, probably fatally wounding the woman and then suicided.

J. W. Allen, who fills the position of factory inspector for the northern two-thirds of the state with headquarters at Duluth, has spent the past two days in Crookston visiting the mills, factories, printing offices and other places where machinery is used.

Yesterday a class of over five hundred was confirmed in St. Stanislaus' church, Wisconsin. Bishop Crooke, of St. Cloud, had charge of this ceremony, in the absence of Bishop Oster, who is now on a tour of the lakes for the benefit of his health. This is the largest class that has ever been confirmed in Wisconsin.

The Mississippi River Boom company's waggons, which were towed from Sank Rapids, reached Little Falls yesterday, and a drive was started from that place today. The company has decided not to make another drive from Brainerd at present.—St. Cloud Times.

The undertakers of North Dakota will hold a meeting to form a state organization. There has been a disposition to ignore the state law regarding the issuance of licenses to embalmers. The measure was gotten up in the interests of the railroad workers, who have to handle corpses and do not want to get mixed up with those who have died from contagious diseases.

Mr. Allen's duties lie in the line of safeguarding the operatives against the danger of getting in to machinery that is unprotected, to see that the female employes are supplied with plugs to sit while not actively engaged, to enforce the law against the employment of child labor during the school year, and to look after sanitary conditions where a violation of law would work harm to public health.—Crookston Journal.

S. B. Foot has commenced suit against the Red Wing, Duluth & Sioux City Construction company for \$40,844.00, says the Red Wing Republican.—The papers have been served of the defendants but notified with the clerk of the district court. The complaint alleges that by an agreement Mr. Foot performed sundry services for the defendant, to wit: to make defendant loans of money, and to negotiate and procure, upon his individual financial credit and security.—Albert Lea Tribune.

SIEGFRIED ON AMERICA.

Interesting Impressions of a French Political Economist.

OUR PROGRESS MOST WONDERFUL.

Former French Minister of Commerce Says That We Play an Important Part in Human Destiny.

M. Jules Siegfried, at one time French minister of commerce and a political economist of some repute, has addressed to Melville E. Stone an open letter expressing the impressions of the United States which he formed during his recent extended tour of the United States, says the New York Herald.

After touching his thanks to all who showed him their kind attention: M. Siegfried writes in part:

"I return home with the impression of having seen a wonderful country. It was my very great privilege to visit America twice—at an interval of 40 years—and I dare say those 40 years have been the period of the most wonderful progress the world has ever seen. You were 30,000,000 in 1851; to-day you are 75,000,000, and we will not have to wait more than a quarter of a century to see you 100,000,000 of people.

"No doubt you owe this extraordinary growth to the natural wealth of your immense country, but I think you owe it still more to the energy and as a result of your people as well as to the freedom of your republican constitution.

"Of course your agricultural resources remain one of the greatest factors of your prosperity. But I have been really startled by the recent and amazing growth of your industries.

"If you keep on going at that speed, I think the time is not far distant when you will produce more than you can consume, and as your marvelous railroad transportation and your inventive spirit allow you to produce cheap despite high wages you will certainly be able to compete in the foreign market and eventually to control some of them. As a consequence of this your interest is now to get new markets, and you will do it only by adopting a policy of reciprocal treaties.

"That will be also the best way of raising good wages to your working people, who certainly deserve them. What I have seen of them has led me to think that if they are the paid artisans in the world they are also among the most deserving.

"The Village of Felton was all torn up this week over matters growing out of the disappearance of Martin Nelson, of the hardware firm of Nelson & Mogen. It appears that Louis Gilbert, who had been a clerk for the firm, had stepped into the breach and acted as the man who had been left unpaid.

Mr. John Leary seeks information of the whereabouts of her daughter, Miss Frances, 18 years of age. She went to Melrose Monday and has not since been seen. She has short dark hair, had on a dark skirt, blue jacket and white hat.—St. Cloud Journal Press.

Andrew Tanner was stabbed several times by Eric Makeo, an 18-year-old boy, at Sandstone. The parties were drunk and with five others, had been loading up with Sandstone booze. Tanner was taken to St. Paul, where he died Tuesday. Makeo was arrested at the depot by Marshal Gunn and will be held to the grand jury.—Hinekey Enterprise.

There are at present fourteen patients in the pest house, but not one of them is seriously ill and some are to be released in a few days. According to law a small-pox patient must remain in quarantine 30 days. There have been no new cases in the city for two weeks or more and the danger of further contagion is now very slight. The quarantine is relaxed from the Grand Central hotel on Saturday.—Atkin Age.

The monthly business meeting of the People's church held last night, developed that during the month of July, five members were added to the church. The average attendance at the Sunday school was 104, a new Sunday school library of 100 volumes was purchased and \$100 was paid on the church debt. The pastor, Rev. Clark, went north today on a vacation of ten days. His pulpit will be supplied next Sunday.

Burglars attempted to crack the safe of A. P. Mellquist's general store at Carver Thursday night. They succeeded in the breaking of the safe and put in a charge of powder and drilled a hole on top of the safe and filled it with powder and left the job at that. Some parties passed the store between 12 and 1 o'clock, and the burglars must have got frightened at them. They ransacked the store, but all that is missing is an old gold watch and some watch chains.

The St. Paul Center Avalanche gives its readers some timely advice regarding patronizing home industries and home institutions and it is a subject that should be discussed in every locality, and there is no place in the state where a reform in that line is needed more than in our own city.

Some people have an idea that if they buy a suit of clothes, a consignment of groceries, a new buggy or anything they may need in the city they are getting better value than they would at home even though the price asked is the same while in many instances the grade of the article is inferior to that which you would get for trial orders and no inducement. It pays to support home institutions.

Nothing to Do With It. Chairman Leavitt, of the state board of control, was shown a clipping from The St. Cloud Journal Press today, criticizing the board for the removal of Fred Jones from a job at the fish hatchery. The St. Paul paper, mentioning the fact that Jones was from St. Cloud, asserting that this dismissal was carrying the policy of an expulsion to far, as Jones was only a brother-in-law of Sam Fullerton.

Mr. Leavitt pointed out that the board of control had nothing whatever to do with the fish hatchery, and that the game and fish commission was entitled to the blame or credit.—St. Paul Dispatch.

OLD JOE TIF IS DEAD. An Old Resident and Well-known Character Around Town Died Tuesday at the Home of His Son-in-law.

Old Joe Tif is no more. He breathed his last at the home of his son-in-law, Sam Nash, who lives north of the city a few miles. The old gentleman had been ailing for some time and his death was the result of a complication of diseases coupled with old age.

He has three sons and three daughters living in the city. They are John, William and Charles Tif and Mrs. William Crommett, Mrs. Sam Nash and Mrs. Tom Nash.

The remains of the old man were brought to the E. M. Clark undertaking establishment and prepared for burial by Undertaker Dougherty Wednesday.

The funeral services will be held this morning at 10 o'clock at St. Paul's Episcopal church. Deceased was a veteran of the war and had a great many friends in the city. The sympathy of the community is extended to the bereaved sons and daughters.

WILL MAKE ARRANGEMENTS.

Meeting of the Bks Held Tuesday to Make Preparations for an Anniversary Celebration.

There was a meeting Tuesday of Brainerd Lodge, B. P. O. E., which was called for the purpose of making arrangements for the celebration this year of the lodge in the city, August 28.

Several members of the lodge have been making suggestions that it would be a good move to get up a base ball team from the local organization and they extend an invitation to the St. Cloud lodge to do the same thing, the two teams to play a game in this city on the afternoon of the anniversary day, all other conditions being favorable. The matter was thoroughly discussed last evening and the members seemed in one accord on the question, it being further agreed that in order to make the event more grotesque and unique, that the players get up as comical as possible. In the event of course there could be a session arranged for that would be a warm thing and while giving a pleasant jaunt for the St. Cloud members, the order, who are very friendly with local members, it would further serve as a very interesting medium by which an anniversary could be properly celebrated.

Finally the following committee was appointed to make all the arrangements: P. C. Murphy, Robert G. Georgeson, Dr. O. T. Batcher, A. F. Ferris, Al. Mattos and H. P. Dunn.

DEFENDANTS EXONERATED.

Timothy Madge and Emma Madge Discharged in Judge Martor's Court and Released From Bond.

It will be remembered that C. W. Tibbets, the logging contractor, sometime ago had Mr. Timothy Madge and Mrs. Emma Madge arrested and brought to this city from the Little Pine river region charging them with intending to do bodily harm, the complaint alleging that they tried to hold a drive up with rifles near their place. They were brought to the city and the hearing of the matter was set for this morning.

Their cases were dismissed both defendants appearing in court ready for trial and having no appearance on the part of the prosecution. It seems that there was really no ground for making the allegations against Mr. and Mrs. Madge and it is thought that it was only a scheme on the part of Tibbets to get them out of the way so he could get a drive through their place. They claim that no guns were used but they did go out and demand that they be reimbursed for damages caused to their meadow lands by removal of the drive.

It is understood that both parties have instructed their attorney P. J. Murphy, to commence suit against Tibbets for damages charging false imprisonment.

HORRIBLY MANGLED AND CRUSHED.

August Goder Employed at Billing's Mill Is a Victim of a Terrible Accident.

HE CANNOT SURVIVE THE DAY His Chest Shattered and Nearly Every Rib in His Body Broken.

One of the most heartrending accidents chronicled for some time occurred Thursday morning at 8 o'clock at the Billing mill north of the city and as a result of the injuries received August Goder will probably die before the day is done.

Goder was working about the mill and this morning gave something to do near the large dog chain. Somehow or another he got caught in the chain and it pulled him up the gang way and before he was discovered he had been horribly mangled and crushed. He was at once moved to St. Joseph's hospital. One arm was broken and he was called to attend him. It was found that the bones in his chest were shattered and nearly every rib in his body broken. One arm was broken in two places, and besides these injuries he was horribly bruised about the face and the body.

The hospital and Dr. Camp and Thabes were called to attend him. It was found that the bones in his chest were shattered and nearly every rib in his body broken. One arm was broken in two places, and besides these injuries he was horribly bruised about the face and the body.

PAINE-HANT. Two Well-known Young People in Brainerd are Married in St. Paul Today. Groom Formerly Lived Here. Mrs. A. Paine and her daughter Miss Lily Paine, went to St. Paul last night to be present today at a nuptial event which is of interest to Brainerdians.

Miss Lily Paine, who was formerly a resident of the city, and Miss Minnie Hant, also well known in the city, having spent several summer months were married in the St. Paul city. Both young people have a large circle of friends in the city who extend congratulations.

QUITE A BIG BREAK. The Large Gang at the Brainerd Lumber Company Mill Incorporated For a Short Time. Work at the mill of the Brainerd Lumber Company was suspended for a short time until today on account of a rather bad break. A pin in the shaft of the big gang broke and it took some time to repair the same.

A crew of experts worked on the break for a day or two but this morning the work was resumed as usual.

G. O. Buck, Barnes, Ark. says: I was troubled with constipation until I bought Dr. Williams' Pink Pills. Since then I have been entirely cured of my old complaint. I recommend them. H. P. Dunn & Co.

Don't be satisfied with temporary relief from indigestion. Koldo Dyspepsia Cure permanently and completely removes this complaint. It relieves permanently constipation, flatulence, the tired stomach, perfect rest. Dissolve what's in the stomach. Nature removes the surplus from the food we eat. The sensible way to help the stomach is to use Koldo's Dyspepsia Cure. It's the only cure you get and can't help but do you good. H. P. Dunn & Co.

Kodol Dyspepsia Cure

Digests what you eat. This preparation contains all of the ingredients and digests all kinds of food. It gives instant relief and cures indigestion. It allows you to eat all the food you want. The most sensitive stomachs can take it. It is used by thousands of dyspeptics who have been cured after everything else failed. It is unequalled for all stomach troubles.

It can't help but do you good. Prepared only by E. C. Fry, Chicago, Ill. The home compound, times three, made.

ESSEX ETCHINGS.
Harvesting and haying are in full blast.

Carl Wilson was an Esdon visitor Sunday.
Mrs. Petrie is home from Garrison where she has been since July 1st.

Miss Mary Hammett is expected home next week from Marshall, Minn.
Mrs. Wolf has returned from Ferguson Falls where she has been spending the summer.

During a heavy rain storm recently lightning struck the bell tower of the school house and ran down both corners of the entry damaging the building to the extent of \$50 or more.
J. F. Winkley, a brother of Mrs. M. L. Hammett, and his two brothers-in-law, Nick and Joe Bickard, were here from Fairbault looking for land.

Mr. Winkley was pleased with the country and will here there this fall.
DAVE BURNOR,
KATHINE.
The oats are nearly all harvested. The crop of wild hay is the best for several years.

Several of our people left Monday for the west to harvest.
Rev. Carver and wife attended services at Bay Lake Sunday.
The raspberries are about all marketed. The price has been good.

Mr. and Mrs. Archibald have arranged boarders stopping there at present.
Wm. Chord, of Esdon, has been transporting several loads of shingle bolts by flat boat from Kaitane to Miller's mill.

Mr. L. D. Car has been ordered to report to U. S. examining board at St. Cloud. Anything to keep the old fellows on the run, seems to be the pension policy.

Wednesday, the 14th, the Bay Lake Sunday school will have a picnic at Lookout Point, and Edward Wasserman will bring the children down on his yacht. Let's make it a happy day for the children.

We met N. Newgard out settling up with his berry pickers and talked fruit and the fair with him. He reports his fruit prospects good and hopes to get some out to look after his farm at fair time, so he can take in the fair. Bay Lake can furnish the evidence of what he does in many parts of our county in the line of fruit, and Newgard has experience that is worth something to those desiring to try fruit, and who can get information by asking for it.

Notice.
Orders 141, 73, 88 and 77, of the town of Oak Lawn are due and payable, and holder will please present the same for payment at once, as interest will cease from date of this notice.
