Wine to Obtain and Complete Publication

Desiring to obtain and complete publication on an early day of a full and correct statement of the extent of agriculture in Crow Wing county, we ask that our subscribers and others throughout the county at their steady support, and gather and send to us all the information upon the subject available, stating the number and location of farms, the number of acres broken and the number under cultivation on each, and the number to each kind of crop, the names of the owners, estimated crop this year of every description, quality of soil, and whether cleared and not broken, and the prospect for another year, together with any other information touching the subject that may occur to them.

We trust our friends will not neglect this, but attend to it at once, for it is a matter of vast importance to the settlement to immigration and settlement of the country. Do not hesitate, fearing you cannot put this paper up to the figures, and we will put them together, giving a result that will surprise you. Each one at least send a statement of his own acreage, and the attention of his neighbor to his request. Nothing should hesitate because their showing is small. Remember that many a little will make a bushel, and send in everything. Don't forget this, now, but send it at once from Crow Wing, Fort Ripley, Lone Lake, Mills Lake, Willington and Brainer towns.

Henry Pookler has been nominated by the Democrats for Representative for Straits to walk over to Congress.

The Democratic press of this district still frantically clasp on Dr. Stewart to bolt. Why don't the doctor take up with them?

We are in receipt once more of Vol. 1, No. 1 of A. Delacy Wood's Democrat. This time the Doctor comes out as usual, as usual, new, new, new, but only one thing marring its physiognomy and that is the abbreviation "Co." in its heading. Well it is out, well it is out.

The Democrats of the First Congressional District met in Convention at Brainer on Thursday evening last, the meeting was held at the residence of Mr. D. O. Goulet, who presided, and the following resolutions were adopted:
