BRAINERD, MINNESOTA, SATURDAY, DECEMBER 10, 1881.

WHOLE NO. 512.

F. M. CABLE & CO'S MAMMOTH ADVERTISEMENT.

ROLL CALL!

"F. M. CABLE & CO."

"PRESENT!"

SLEEPER BLOCK!

City of Brainerd.

City Government, Four to One.

A SMALL VOTE POLLED, BUT A ROUSING MAJORITY PROPORTIONATELY.

We will be a City after all, with All the Title Signifies.

By a Vote of 370 out of some 1,300 Qualified Citizens, the measure is carried—296 to 74.

Last Tuesday was election day, it having been duly advertised that on the specified date, it was to be decided whether or not Brainerd was to be a city or a mere town, as before. Considerable interest was manifested during the day, though but a light vote was polled. There are some 1,300 names on the poll list, while only 370 votes were cast. Out of these 370 votes, 296 were in favor of city government, while 74 were opposed to the measure. General satisfaction, it is thought, will be manifested by nearly all interested. On the evening previous to the election, a meeting was held, and an organization perfected, we are informed, to resist and oppose the adoption of "City Government." Yes," but not nearly as much opposition was developed, as it was quite generally supposed would be. Several hot disputes characterized the usual election day's proceedings, but no bloody noses were visible, and no disturbance manifested. It is sincerely to be hoped that all our citizens will unite in their endeavors to make the city of Brainerd a prosperous and beautiful point on the line of the Northern Pacific, which shall merit compliment.

The first election under this act will be held on the second Tuesday in January next, and the officials then installed shall be qualified to hold their respective offices until one year from the following March. It is to be presumed that the usual wire-pulling will be indulged in at the local city election, as that which characterizes our county elections, and it is already a surmise who is to be the next mayor, or who the aldermen are to be. This will soon be all settled, and ere long, we shall be gliding smoothly along under the ordinances laid down by our prospective "city dats."

SPEAKER KEIFER, Ohio man, as usual. When will the cabinet portfolio be completed?

GEN. KILPATRICK, minister to Chili, died at Santiago last Sunday.

A REDUCTION in taxation is recommended by the president in his message.

SOME new developments came out in the great race at Washington this week.

An eloquent appeal to the government for aid in behalf of the schools of the South, comes from the Mayor of Charleston, S. C.

PRESIDENT ARTHUR pays a graceful tribute to the departed president in his message to the senate and house of representatives.

GUITARD could be hired out to some circus for a jekass. His daily conduct indicates his ability to qualify in that character.

MRS. GARFIELD is continually receiving letters from all parts of the land, begging for a portion of the generous donation recently tendered her.

New York and Jersey City are tribally plagued with smallpox.

GURPAA says he would rather be convicted as a man than acquitted as a fool. Better split the difference, and hang him anyhow.

One man still 'stand in' well. Keifer was right on hand.

Trained dogs exhibit so much intelligence that it probably won't be long before there will be sausage in the market that can talk.

Oh! how bored I am," said the board to the auger. "It augers badly for you," said the implement, "and its tool-ate to say my thing now."

Pretty Good. Jno. Bacon, Leport, Ind., writes "Your 'Syring' Bliston is all you cracked. It up to My dyspepsia has all vanished; why don't you advertise it, what allowance will you make if I use a do. n. bott. no, so that I could oblige my friends with a bottle?" Price 50 cents, trial bottles 10 cents.

Any cigars on the election, or did you lose the bet.

Remarkably pleasant weather is now being enjoyed for this season of the year.

Vaccination should be general; in fact, should be enforced by the authorities.

Mrs. A. F. Farrar and daughter have returned from an extended trip in the east.

The editor of this paper is under obligations to Superintendent McHugh for personal favors.

W. A. Smith & Co. are fitting out a magnificent store, and it is an excellent place to buy goods.

No smallpox in Brainerd yet, but every person should be vaccinated as a precautionary measure.

Charley Gilman is the coming Congressman. At least, his chances are looming up propitiously.

Charley Greave, of this place, will build a brick block in Fargo next spring, says the *Republican*.

The business men of Brainerd have found out that it pays, and pays big to advertise in the *Tribune*; hence big our patronage in that direction.

The Moorhead *Daily Argonaut* is at hand, and fits a little beauty of a newspaper, sure enough. Bro. Tiede, you deserve success in your new enterprise.

If Dan, Smith is'nt doing a slashing big grocery business, then we are nightly mistaken. Why, Dan, is such a jovial, good-natured fellow, you can't help buying something when you go in there.

Mr. John T. Frater, brother of A. W. arrived in town, yesterday, from Iberia, Ohio, and will be employed in the office of Mr. A. E. Taylor, Chief Roadmaster of the Northern Pacific railroad.

Rev. C. C. Salter, pastor of the Congregational church at Duluth, has been obliged to leave the pulpit for a period, on account of poor health. He will take a trip to Florida to recuperate.

Rumor has it that one of our engineers on the N. P. is soon to take to himself a wife. That is right. Everybody get married. It saves a vast amount of Sunday morning cussing over missing shirt buttons, etc.

Anything, but dealing with a woman, who thinks she knows all about the price of everything, when in fact she knows nothing about it, and wants what she gets for its original cost, barring express or freight charges.

Every week inquiries come from various sections of the United States, from parties desiring to emigrate to Brainerd, they having heard something of its dawning prosperity. Come on, there's room for many more. All can be accommodated.

Miss Mattie Caley, of Brainerd, must be popular with the Irish folks. Judging from the frequent flattering notices which she receives in that paper for her generosity to the printers. Literally it is a compliment trait of the family.—*A buzz*, a *Chiton*—A more popular restaurant could not be found in the country than Miss Caley, and we have to thank the lady for many favors.

A sad case of poisoning occurred at Fargo a few days since. Miss Ada Prior, daughter of a distinguished member of the Canadian parliament, took arsenic, supposing it to be powdered magnesium and died in a few hours.

It is proposed that a skating rink be put into operation here. The entire cost of fitting out such an institution would not exceed \$300 or \$300, and several have signified a willingness to contribute liberally to that behalf.

The proposed city charter of Brainerd contains a clause to the effect that a police justice in that city must be a regularly admitted practicing attorney, and that said justice shall have jurisdiction in cases where the amount claimed does not exceed \$500. This move in the proper direction, provided the plan can be carried into practice, but it is doubtful if a practicing attorney will sacrifice his legal practice and act as justice in a village police court.—*Grove City Tribune*. One correction.

Bro. Olson, a city police court, not a village, as a city charter has been granted.

What do you think of F. M. Cable & Co's new advertisement—does it not look as though they mean business? Every inhabitant of this portion of the Almighty's section of land and water should call in at the new drug store in the Sleeper block, and you will see as finely equipped store as can be found in the land. These young men, Messrs. F. M. and F. E. Cable, have come here with the intention of remaining, and they are putting in a stock which can not be excelled even in St. Paul or Minneapolis, and will merit their share of the public patronage.

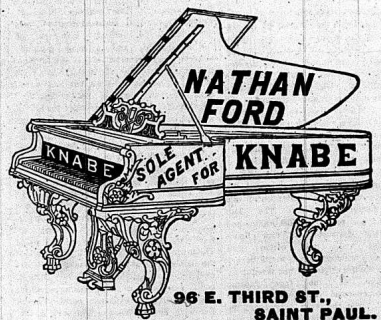

Notice has been received by Leon Houde, clerk of the district court, from the land office at St. Cloud to the effect that settlers on the railroad lands relinquished by the governor can now make final proof.

Mr. Houde has been compelled to reduce to accept proof from settlers residing on this class of lands until he received notice as above from the local land office. He has now received the necessary instructions and settlers may now prove up on all their titles.

The Executive order of the governor, who have not yet secured their titles. The Executive order of the governor on such lands will be reckoned from their date of settlement.—*Little Falls Times*.

There are a few hick-pittie papers around the neighborhood, notably subservient mouthpieces of Charley Gilman, that are ever finding fault with *The Star* because it doesn't toudy to that gentleman the same as they do. The proprietors of all these papers consider themselves competent to run his own business, and while of that opinion, will continue to give expression to his views regardless of the officious meddling of these traducers. We are not without paper to please our contemporaries.—*Elk River Star*—As to "finding fault" with the *Star*, a newspaper which would be guilty of an offense of that character, as including in his pastime. What sector the *Star* in its pertinent observations relative to the character or chances of Charley Gilman can have on the minds of the voters of this district, we are at a loss to determine. Charley will be the next Congressman from this district, and don't fall to remember that we said so. At least, he can "get there" if he o ordains.
